ERROR DREADS DISCUSSION-ROMANISM AN SLAVERY .- The lectures of Pather Gavazzi and the almost simultaneous appearance of the "Key to Uncle Tom's Cabin," have deeply excited the fears of those who dread the effects likely to resalt from a full and faithful exposition of the errors and tyranny of Catholicism, and the inhumanity of Slavery. The New York Tribune leads off in deprecation of the crusade proclaimed by Gavazzi against Romanism, although it is the Gavarri against nomanism, annuega arrive and rough enough in its attacks upon Slavery: and it is followed by the stald, conservative, heavy, lumbering, progress hating Courier and Enqui-rer, which cohoes the language of the Tribune towards Gavazzi, but goes further, and lugs in Mrs. Harriet Beecher Stowe into the same call gory. Gavarri and Stowe-these are the two sgitators dreaded by the Courier and Enquirer. who are "turning the world upside down," and making it uncomfortable for an agitation-hater

ESF WORMS! WORMS!!-A great many ESP WORMS! WORMS!!—A great many learned treatises have been written, explaining the origin of, and cleasifying, the Worms generated in the human system. Ecarcely any topic of Middiel science has elicitated more acute observation and profound research, and yet physicians are very much divided in opinion on the subspace. It must be samitted, however, that after all, a mode of expelling these Worms, and parifying the body from their pressure, is of more value than the wirset disquisitions as to the crigin. The explaining sport has attending to the much sought after specific, and has already superceived attentive worm Medicines, its efficacy being university acknowledged by medical practitioners.
