PITTSBURGH GAZETTE.

MONDAY MORNING, MAY 2, 1853.

TWO GREAT DISCOVERIES.—We are told, says the Boston Transcript, that two important discoveries have recently been made in the manufacture of oil and the production of light. Although probably known to quite a number of persons, the details have not yet been spread before the public. If we are correctly informed the oil is obtained with a singular economy and abundance by an improved process in the distillation of coal; with a like degree of economy and abundance, benzole, which is also one of the products in the distillation of coal, is, by an improved apparatus, converted into gas for illumination.

THE WORLD OF GOD BOUND.—The war against the Bible at Rome becomes more violent. A pious Englishman, obliged to quit Rome on the account of his faith, was deprived of everything which the Pope disliked including his English Bible. He remonstrated against this, saying as his Bible was in a foreign tongue, it could do no great harm in Italy; but received the reply, that "the government of the holy father has resolved to destroy the Bible everywhere, and by every possible means." A new list of books interdicted as containing "depraved and damnable doctrines," has recently been issued at Rome, in which versions of the Bible not authorized by the Romish Church are included.

MISCELLANEOUS.

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.

—Dr. JACOB ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, was a student of the celebrated instrument for inhaling the Sulphur, in which he was employed in the investigation of disease, and the application of remedies thereto.

Through the use of his inhaling tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an immense world fame in curing those dreadful and fatal maladies: Tubercular Consumption, Chancery and Inflammation, Asthma, Fever and Ague, Severest all kinds, Chronic Coughs, Diphtheria, Bronchitis and diseases peculiar to females. Indeed, every form of disease treated successfully by the use of his remedies, which, simply is but—not by the use of one compound only, for that is incompatible with Physiological Science, but by the use of his remedies, adapted to, and prescribed for each peculiar form of disease.

Dr. Rose's Vegetable Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill. Inasmuch as they leave the bowels perfectly free from costiveness; as also his Golden Pills are so united, by the combination of vegetable properties, as to be a female diseases, but being so mild and harmless as to be entirely safe to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and peruse some (gratis) one of the Doctor's pamphlets, giving a detail of, and cases of each remedy, and its application.

TESTIMONY FROM TENNESSEE IN favor of S. A. FAHNESTOCK'S VERMIFUGE.—The Nashville Whig will find the attention of our readers to the ingredients of Mr. John Bernard, in favor of Fahnestock's Vermifuge. The gentleman is well known in this section, and anything he says can be relied on.

NASHVILLE, TENN., March 8, 1853.

Messrs. S. A. FAHNESTOCK & Co.—Gentlemen, For the benefit of others, I take pleasure in calling on you for the valuable qualities of your Vermifuge. About ten years ago my little daughter, Mary Jo, a fine child, an officer in one of the Banks in Nashville, in whose estimation it was then a standard article, have it under his care. He was with very satisfactory results. By his advice I took a vial some from Messrs. Jackson Brothers, and had until then been very feeble and subject to frequent sickness. In a few days expelled a great number of Worms, and the child immediately improved in health and flesh, and has continued it regularly in my family for most of the ailments of children, and generally with good effect.

One remarkable case, in the family of a near relation, I will mention, particularly. A child that was about four years of age, and always been puny; eaten voraciously, never grown in size, and at this age mentioned, nearly lost the use of its limbs. Upon the recommendation of a friend, I gave your Vermifuge in the case, and left the half of a vial which I had purchased from Messrs. Jackson Brothers for its use. I learned afterwards that the child passed an enormous bulk of worms. Worms—the child recovered, and is now, in a short time, by the use of the Vermifuge, the strongest, and in health the healthiest child in the neighborhood.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an immense world fame in curing those dreadful and fatal maladies: Tubercular Consumption, Chancery and Inflammation, Asthma, Fever and Ague, Severest all kinds, Chronic Coughs, Diphtheria, Bronchitis and diseases peculiar to females. Indeed, every form of disease treated successfully by the use of his remedies, which, simply is but—not by the use of one compound only, for that is incompatible with Physiological Science, but by the use of his remedies, adapted to, and prescribed for each peculiar form of disease.

SELLERS' FAMILY MEDICINES.

GRAHAM'S STATION, OHIO, May 22, 1849.

Mr. R. E. SELLERS—Sir: I write for the benefit of others, to state some facts in relation to your excellent Family Medicines. I have used your Vermifuge largely in my own family and community, and never found an equal for expelling large quantities (say 100 to 200) of Worms in a two or three days' time. I have used your Pills and Wind Cough Syrup in my family, and they have, in every instance, given entire satisfaction. I am engaged in merchandising, I am able to state that I have yet to meet with a purchaser who has taken your Medicines but was pleased. In my section of the country, a counterfeit, I understand, has been put up in Wheeling, and I am informed by a gentleman from that place, that it is for sale in Pittsburgh. I would state that they are the Medicines of the day, and are deserved to be very popular. Yours respectfully,

W. H. POWELL.

To the Readers of the Pittsburgh Gazette

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times:

PETROLEUM OR ROCK OIL: it is not more than one year since this great remedy was brought before the public, for the relief and cure of disease. Its great powers to heal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money but, one, which we conceive, will continue to be used when many of the "Quack Nostrums" have been forgotten. It is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine that we write the truth—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease
