COUNTRY HOMES.

 constants Rogers
Bo may mistake have been made to the cheat have been experiment of chains of the special in the consumption of the special in the special in the consumption of the special in the consumption of the special in the special So many mistakes have been made in the choice of a country home, that the whole sub-

which spring from a sympathy of the soul with the beautiful and picturesque in nature. Mingle pleasure and comfort with business-

injoy life as you pass through it-the present stages. The war between truth and error, be-buly is ours. Money is only useful as it ministers to our good. Botter have less money and Hell, is perpetual. It may have its exacerbations, more enjoyment, than to fail in the enjoyment when the Arch for gathers all his hosts to the

and the residence-or rather to, time between the two. A man may be as long walking to his residence or rather to, time between the two. A man may be as long walking to his residence at the cut-skirth of the dity, as riding ty, cites the Bible of science or palliase indigations. Every other that the maximum of the professes to business purposes, a residence to miles distant or a Bailroad, may be as near as a residence in a city a mile or more from his place of business. As citles in not country, and for all userd i a by a mile or more from his place of business. As citles in the country is and the orginal form the science in the private residences, and the places of business the private residences, and the places of business the private residences, and the places of business the private residences, and the question of laying down rulk in Broadway is now oxciting most of was Christ own and a condenn such wrongs and crists at are invored in the perpetuation of Biarry, as are invored in the perpetuation of Biarry, as are invorted in the centre of business are invorted in the perpetuation of Biarry, as are invorted in the perpetuation of Biarry, that in the transmission of the same to be are compelied to live a mile and the critice are and condenn such the rouge and who professed are involved in the perpetuation of Biarry, as are involved in the perpetuation of Biarry, that in business much here are compelied to live a mile and condenn such wrongs and crists as are involved in the perpetuation of Biarry, that in the state of what Christ commaded. We never take and and it extended to here are inder and the critical and to comma such are are compelied to business. The amile and a half from the centre of business, and it extending the ereal o

FROM WASHINGTON. County Poon House .-- The Commissioners ap pointed for the purpose, have purchased of Mr Dunlavy, the Woodville Farm, situated on the ience of the Pittsburgh Daily Gaz-tis Pittsburgh and Washington turnpike, about 74 miles from the city, containing 205 acres, on which to creat the County Poor House. The WASHINGTON, May 8, 1863. I do not regard the mero personal strife for offic

as of the least carthly importance, and therefore I price paid is \$17,550-about \$85,46 per acre. have taken no pains to get at the details of the re are about 160 acres of coal on the place, and 40 acres of fine wood land. The land is said Pennsylvania appointments, all of which not previously acted on, are said to have been disposed of. The contest over the Harrisburg Postoffice to be excellent, lying in the rich valley of Char-tier's Creck, and about one hundred, scree be-ing bottom and second bottom land, and the ing bottom and second bottom land, and the had bren exceedingly animated. I don't know if not, then war, whole abounding in springs of water, and lying how it was decided; The Pittsburgh offices were. "We are author

It is doubtless true, as the Boston Pilot dis-

tis-est man if found. I hope General-Pierco will employ the most deserving mea be can find among his frinds, id and I rather think he will. As to the Toms, or by their next friends for offices, it matters not a ginch of souri which of thum are taken or which ieft. closes, that the strife is only in its incipient

MORE ADDELATION -The Alta Colifornian gives the following account of the expedition fitting cut in California to attack the Mexican province of Sonora. Although the California province of Sonora. Although the California paper pretends that the objects of the expedition are wholly peaceable and benevolent, that is all concense. Twelve hundred armed men invading as almost helpless territory are such peace-inakters as power coufers. They will ekforce paper at the noist of the havonet. If the Nar action of the President and Cabinet, respecting as almost helpless territory are such peace-

pesce at the point of the bayonet. If the Mex-ican government submits, there will be peace.

a terr & Greck, and about one hundred, area be ing bottom and second bottom land, and the had been exceedingly animated. I don't know whole abounding in springs of water, and lying how it was decided. The Pittaburghoffices were, whole abounding in springs of water, and lying how it was decided. The Pittaburghoffices were, whole abounding in springs of water, and lying access to it now is by means of the Washington turnpice and a plank read. The fittaburghoffices were, in the fisted deer not depend upon any of these access to it now is by means of the Washington turnpice and a plank read. The fittaburghoffices were, in the fisted deer not depend upon any of these appointments. To be candid, it is urgless to trailor any opposition to the present addinis-in the fisted deer not depend upon any of these appointments. To be candid, it is urgless to trail of any opposition to the present addinis-trailing a finance annual payments. The buildings proposed one bundred and fir probably exceed \$40,000. Water in shundance can be carried through the buildings form using springs on the place. Altogether, with the light before us now, we consider the Commissioners have made a very the ers will be found in the appropriate column. b.
