ASSOCIATE SYNOD—NINTH DAY.

EIGHT SESSION.

Friday, May 27.

ADJOURNMENT.

The Synod was opened with prayer by the Moderator, Mr. Dixon.

The minutes were read and approved.

The subject of the Mission to Hindostan was resumed. On motion, a number of persons were named as suitable persons for the Mission, and the Committee appointed in the afternoon, were instructed to obtain the views of the various Presbyteries as to their choice, and to report at the next session of the Synod.

Resolutions of thanks to the congregation of Pittsburgh for the use of their Church edifice, to the Members of the Seceder Churches of the two Cities for their hospitality, and to the Editor and Reporter of the Pittsburgh Gazette, were adopted.

After an impressive prayer, the Synod finally adjourned to meet in Albany, on the fourth Wednesday of May, 1854.

ACCIDENT.—An accident occurred, as the Accommodation train of the Ohio and Pennsylvania Railroad, was making her first trip down, on Saturday, as follows: Mr. John McLaughlin, of Sewickly, was driving a one-horse wagon up the Beaver road, and, just commenced to ascend the hill, on this side of Backhouse's, as the train came round the curve. On hearing the whistle, he jumped off, and took the horse by the head, when it commenced to back the wagon over the steep bank on to the Railroad. The Locomotive and baggage car had passed, when the wagon came in contact with the passenger car, and was dashed to pieces, and by some means Mr M'Laughlin became entangled with the wreck.

As soon as the accident was discovered, the train was stopped, and backed to the place, when Mr. M'Laughlin was found to be severely injured, his right leg being broken, above the ankle, his left shoulder dislocated, and his face and head bow bruised. He was carefully placed in the baggage car, and taken to Sewickly, and his wounds were dressed by Drs. Woods and Worthington. The horse was not injured, and but a slight jar was felt by the train.

It is absolutely necessary, for the safety of travellers, both on the road, and in the cars, that the Beaver road, where it runs along the track, should be fenced off. This ought to be done without delay. A terrible accident may be prevented if this is attended to.

KIDNAPPING—GREAT EXCITEMENT.—About 7 o'clock on Saturday evening, our anti-slavery citizens were thrown into great excitement by the reception of the following telegraphic dispatch:

PHILADELPHIA, May 28.

In the ten o'clock Pittsburgh train, went a man said to be Thomas J. Adams, of Nashville, Tenn., having with him a free colored boy, brought from the Island of Jamaica, by the name of Alexander Henderson. It is said that the boy is not aware of his destination; they having left this place before we were informed of the circumstances, we request you to have the matter investigated, and we will pay all necessary expenses. Please advise us of the result to

JAMES KLINEDIST,
50, Cherry street,
Of the acting Com. of the Pennsylvania
Abolition Society.

A writ was immediately sued out before Judge Williams, and when the cars arrived, the boy was taken in charge by officer Fox, and lodged at the St. Charles.

The boy represents that he was induced to leave Jamaica with this man, by the representation that after a short residence in Tennessee, he would be taken to California by the overland route. He expressed great willingness to go with him.

Adams said that he found the boy nearly naked, and through charity clothed him, and intended to bring him up.

Officer Hagus arrested Adams at the St. Charles Hotel, but on his consenting to give up the boy he was released, amidst much murmuring among the bystanders. The boy was given into the custody of Dr. Delaney. He was much affected in parting with his master.

LARCENY.—On Wednesday, a boy named Lyndon Tyler was arrested and committed to jail for further hearing on Saturday, by Mayor Park, of Allegheny, on a charge of breaking open two trunks that had been left all night in a buggy in the stable of Sweeny's Hotel, on Federal street, Allegheny. The trunks belonged to the Rev. Mr. Logue, a member of the Associate Synod. On Saturday, the boy was brought before his Honor for further hearing, when he confessed that he had hidden a gold chain, locket, pencil, pen, pen-monnais, head purse, three or four dollars in change, &c., in his mother's house, on Sebeca street, but obstinately refused to tell where the clothes were concealed. A search warrant was placed in the hands of officer Montgomery, who, in company with officer Trent, visited the house, and recovered the articles, which were handed over to the owner. The boy was finally committed for trial.

U. S. CIRCUIT COURT.—Before Judges Grier and Irwin.

Judge Irwin, on Saturday morning, read an elaborate opinion, sustaining the case of U. S. vs. Joseph Randolph, indictment uttering false naturalization papers. The opinion was made on a motion to quash the indictment, for want of a sufficient jurisdiction.

Judge Shaler brought into Court Jas. Hutchinson and John McClurg, the defaulting witnesses in the above cases, and had them bound over in heavy recognizances, to appear at the next term of the District Court.

U. S. CIRCUIT COURT.—Before Judges Grier and Irwin.

In the case of Chadwick vs. Merrett; action on an article of agreement, the jury returned a verdict for $2,756 66 for plaintiff.

In the case of Henry Speedy vs. Merrett, on the same action, the jury found for plaintiff $4783.

ARRESTED.—The Fakir of Siva commences the second week of his Wonderful Entertainments at Masonic Hall this evening. He has already attracted audiences which any night he has appeared. Madame Rosalie Durand, the distinguished vocalist, and Sig. Novalli will give one of their brilliant Concerts in connection, with the usual performances. Messrs. Lehr and Brown will also appear.

HEAVY DAMAGES.—In the case of Redpath et ux vs. the Mayor, Aldermen and citizens of Allegheny city, action for damages—the Jury returned a verdict for $4,500 damages for plaintiff. The case was on trial three days.

A meeting of the Executive Committee of the Allegheny Agricultural Society will be held in Burke's Buildings, on Wednesday, June 1st—Several prizes are offered. See advertisement.

RIOT.—A number of rowdies assembled riotously and assaulted a tavern on Chestnut st., Allegheny, on Sunday night week. On Saturday, officer Trent arrested one, whose name we forbid, and brought him before his Honor, Mayor Park, who fined him ten dollars and costs. The fine was paid, and he discharged.

THE crowded state of our columns prevents us publishing the trial list of the District Court for this week, as we usually do. We will publish it to-morrow.

Four persons were committed to Jail, on Saturday, for disorderly conduct and drunkenness. At present eighty persons are imprisoned in the Jail at present.

MISS CAROLINE LEHMANN is announced to give a Grand Concert on Wednesday evening next.

It always gives us pleasure to notice any articles that confers a real benefit on the community, and it is with confidence we heartily commend Ayer's Cherry Pectoral to our readers as possessing extraordinary virtues for the cure of diseases incident to the Throat and Lungs. PITTSBURGH MARKET.

OFFICE PITTSBURGH GAZETTE,
Monday Morning, May 30, 1853.

Business on Saturday was rather dull, although during the week there was considerable activity in the jobbing way.

FLOUR—the offerings were confined to three lots, amounting in all to about 100 bbls., at $4.74@$4 80 for superfine, and $3 90 for extra; sales of about 100 bbls. from store at $3.90@$4.00; the demand is not active, and a large amount, thrown on the market would depress prices.

BACON—sales of 10 bbls. Shoulders, city cut and smoked, at 6¾, four months; 1000 pieces country smoked Hams at 9@9¼, cash; 500 pieces Shoulders at 6¾, cash; 121 pieces Hams at 9¾, cash, 2000 lbs. Hams at 9¾; 2000 lbs. Shoulders at 6¼; 1,000 lbs. sides at 7¾; and several one and two thousand pound lots at 6¾ for Shoulders and 9¾ for Hams; one sales gives a fair idea of the ruling rates of the market.

BULK MEAT—a sale was made of 30 tierces Bulk Hams, sugar-cured at 8¾, cash.

SUGAR CURED HAMS—holders have submitted to a decline, and sales of 5 tierces at 11.

DRIED BEEF—prices of Dried Beef have also receded, and we note sales of 5 tierces at 9.

GRAIN—none on the wharf; Oats would command 37½. Corn 80 and Rye 60; Wheat 75@85; a sale of 90 bus. Oats from store at 42.

SODA ASH—sales of 8 casks domestic at 3¼, on time.

GLASS—sales from store of 150 bxs. country, at $2,25 for 9×10, and 23 cts. additional for each succeeding size.

FISH—sales are steady to the city and country trade; we note sales of 2 bbls. Halifax Herring, No. 2, at $5,75, and 10 bbls. do. No. 1, at $6,00@$6 25; 10 bbls. CHEESE—we notice sales of 100 bxs. Western Reserve, new, at 8@8½.

COFFEE—sales of 25 bags to city trade at 10¼ on time.

SUGAR—sales by the hhd. at 6@6½, and by the bbl. at 6¾@8¾; demand not active.

MOLASSES—sales by the bbl. to a very limited extent at 32@31.

HAY—sales at scales of 10 loads at $8 to $11 ₱ ton.

FIRE BRICK—sales of 20,000 Copley's Fire Brick, at $25 per common and $40 for extra, and 2500 Bollvar common at $25.

WOOL—is arriving very slowly; a few lots have been bought at prices ranging from 40 to 50, for common to full blood, but some dealers prefer not buying at these figures; as the market is not fairly opened, yet, it is impossible to tell how prices are going to rate.

MONETARY AND COMMERCIAL.

The intelligence from California gives the strongest assurance that the gold miners are far from being exhaust ed. Further and extensive discoveries continue to be made, more valuable than any heretofore found in the hitherto worked. The late shipment will add to our gold the sum of $2,120,000; and that on the 14th by the Illinois, $2,255,000, making $4,413,000 in the short space of ten days.

ALBANY, May 28.—THE CANAL TOLLS.—The weekly statement of the canal tolls shows a decrease of ten thousand dollars, compared with last year's receipts for the same week. Total amount collected, so far, this year, $456,295; last year collected during same period, $466,411.

The Steamship Cambria left Boston on Wednesday for Liverpool, with $276,000 in gold ingots. The exports of gold to Europe will be mostly in this shape hereafter, without disturbing the coin now in the vaults of the Banks.

The telegraph from Halifax gives intelligence from London to the 14th inst. The London market is easy, with a better demand for money; the lowest quotations for loans is 1½ per cent. Investments are found, as the result of increasing channels of investment throughout Great Britain, and the demand for capital abroad, will advance the rates for money 6 or 8 per cent.

FREIGHTS TABLE.—Between the 7th and 21st inclusive, of the present month, the unprecedented amount of 4,649,863 lbs. of pork, lard, hams, and bacon were received at Albany by the New York canals. The items were:

Pork,	2,202,000 lbs.
Hams and Bacon,	1,503,216 "
Lard,	1,217,016 "
Total,	4,649,863 "

The private letters from London speak of a moderate business in American securities. There were too many new purchases pressed upon the market to admit of advance, and one letter from a leading banking house states distinctly that any person coming to London from America with a new railroad loan for negotiation would meet with disappointment.

TEAS—A lot of 100 bbls new No. 3 Mackarel were received on Saturday last, the first of the season, and were sold at the rate of $5,50 ₱ bbl by our store keepers. Fish are scarce and firm at our highest figures.—Boston Ship. List.

NEW ORLEANS, May 26.—Sales of 2000 bbls Ohio Flour at $3,90. Corn is scarce at 51@53. Mess Pork, unimproved. Receipts from 1st@25th inst., 3,154 bbls flour, 3,115 sacks do pressed, with sales at 19@7¾. Shoulders range from 5¾ to 6¾. Sugar, 1,000 hhds at 3¾@4¾. Molasses, 1,000 bbls at 23@24. Sales of 1,000 bbls Mess Pork at 15@15½. Bacon, 1,000 hhds at 6¾@7¾. Exchange on New York, ¼ premium. Freights dull at 2½. Cotton receipts, 20,000 bales. Sales the publication of the news per Europa. Middling not nor ranges from 10 to 10¼.

The market is abundantly supplied with money at low rates. Little is loaned below 6, and little above 7. Prime Commercial paper sells at 8@10 per cent. There is a strong demand among the leading trading houses. The Banks have the principal business; but seven their loans less moderately.

The great amount of specie coming to this city has induced extensive speculations in exchange, and the attendant risks in the remote. The market swarms with all kind of operators, and the effect is to depress the rates for bankers' and commercial bills. A direct result of this depression is the encouragement of shipments of specie. The banks are full, and the vaults of the Custom House are loaded with gold. Notwithstanding these facts, the banks are not disposed to make any concessions, but on the contrary, they are preparing for heavy specie shipments. Many banks now refuse to receive deposits, on the ground that they cannot employ the money profitably.
