HOME MATTERS.

RIVER ITEMS.—The stage of water last evening was 8 feet, and falling slowly.

The only arrival during the day, beside the regular packets, was the Sam. Snowden, from Cincinnati.

The Regular Wheeling packet for this morning is the Exchange, Capt. Rhodes.

The *Magnolia*, Capt. Moore's new boat, intended to run during low water in lieu of the Winchester, will be ready to take her place in a short time. She is a very handsome and well-arranged boat.

Another new low water boat, called the "Young America," was at the wharf yesterday. There is a new boat at the landing, now, almost every day.

We learn from the Wheeling Gazette that the "Falls City" was injured in a storm, while lying at Blannerhassett's Island, on Friday night Her chimnies were blown down, and her hurricane deck forward of the pilot house taken off. Mr. M'Donald, the pilot was slightly injured.—No other damage.

THE COUNCILS.—The Councils convened at the request of the Special Committee to whom was referred the Ordinance for the collecting of the Revenue of the city of Pittsburgh.

The Councils then proceeded to take into consideration the ordinance relative to the Diamond Markets, which had been read twice, and laid over on last meeting.

On motion of Mr. Murdock, the said ordinance remains in force until the new Market on the east side is completed and occupied.

Mr. Kincaid moved the third reading and final passage, which was adopted.

Mr. Oyer presented the resignation of Lewis Cook as Tax Collector of the Seventh Ward. Read and accepted.

Mr. McCloury presented a resolution instructing the Water Committee to lay lead pipe on Grant's street from Duncan to Enock street, Seventh Ward, and erect a hydrant thereon. Read and adopted.

Mr. McCurdy presented a resolution relative to going into an election to fill the vacancy of Tax Collector of 7th Ward, at 9½ o'clock, P. M. Read three times and adopted.

The Council then proceeded to the business from Common Council.

Report of the Committees to whom was referred the Ordinance to provide for the more speedy collection of the revenues of the city of Pittsburgh, which was read and accepted. Also, the Ordinance relative to the same, allowing the collectors a bonus of 4 per cent. for paying their taxes on or before Oct. 1st, of each and every year. Which was read three times and passed. Action concurred in by S. C.

The Clerk of C. C. then communicated that the C. C. was ready to go into an election to fill the vacancy occasioned by the resignation of Lewis Cook, late collector of 7th Ward.

The Select Councils then proceeded to the C. C. Chamber,

When Mr. Henry Little was duly elected tax collector.

Hon. John H. Ewing being present, was called upon to address the joint meeting of Councils in relation to the subscription to the Charters Valley Railroad, which was done with great ability.

The S. C. then proceeded to their Chamber, when the business from C. C. was resumed.

The communication from the Charters Valley Rail Road Company was presented, which in C. C. was read and referred to Committee on ordinances.

Also an ordinance authorising the subscription by the Mayor of 8000 shares to the Charters Valley Railroad Company, which in C. C. was read and referred to the Committee on Ordinances. In all of which action by C. C. Select Council concurred.

The petition for lead pay water pips on Arthurs street, from Central Avenue to Webster street, was read. In C. C. read and referred to the Water Committee. Action concurred in.

A petition for the paving of Duquesne Way, which, in C. C., was referred to Committee on Streets, was read and action concurred in.

COURT OF QUARTER SESSIONS.—Before Judge McClure, President, and Associates Boggs and Adams.

In the case of the Commonwealth vs. Solomon Jones, indicted for assault and battery, the jury returned a verdict of guilty, and he was sentenced to pay a fine of $5 and the costs of prosecution.

Com. vs. Jacob Meigle, indictment keeping a tippling house. The defendant's counsel contended that, as he had been fined $20 this present term, on a similar indictment, it was a case for the present Judge to sum up and charge differently, and not try and find him guilty. He was sentenced to pay a fine of $50 and costs.

Com. vs. Adam Zeller, indictment keeping a disorderly lager beer house. The charge was not sustained, and the jury acquitted him.

Com. vs. William and Mary Atkinson, information surety of the Peace, on oath of William Henry. This suit was the result of a dog fight, on the property of the defendants, during which some tomato plants were trampled down. The defendants then made threats of vengeance. The charge was sustained, and the defendants sentenced to pay the costs and enter into securities to keep the peace.

PRESERVATION OF SIGHT.—Few diseases suffer more from improper treatment than affections of the sight; and probably few organs of the human system have become more generally impaired than the eye. In our great grandfathers' days but few persons even, in extreme old age, needed the aid of spectacles. Now a large proportion of persons under thirty years of age, are unable to read, write or sew without their use. It is not surprising, that the indiscriminate use of glasses without any adaptation to the defect or disease of the eye, has much increased the evil they are designed to remove. Mr. G. Solomons, professional optician from 105 Bond street, London, is now on a professional visit to this city, and offers his services to such as are suffering from the eye or the ear. The testimonials in his advertisement from the medical profession in Pittsburgh, will convince the reader of the value of those services; and such as need help in his department will do well to give him a call.

BIRMINGHAM BRIDGE.—A meeting of the Commissioners of the Birmingham Bridge was held at the house of D. Shawhan. It was found, upon examining the books, that sufficient stock had been subscribed to secure the charter.

C. Ihmsen, Thomas Blackmore and S. McKee were appointed a committee to forward the certificates to the Governor. The following committees were appointed to secure further subscriptions:

Birmingham—Thomas Blackmore and Thos. McKee.

Pittsburgh—C. Ihmsen and S. McKee.

Eighth Ward—Thomas Daft, Esq., and Wm. Eichbaum.

THE NEW CATHOLIC CATHEDRAL.—We are indebted to Mr. Bartberger, the Architect of the new Catholic Cathedral, for the following interesting items concerning the building. The tower which is now in course of erection, has reached the height of thirty-feet above the roof. There will be sixty feet of brick work, and about one hundred and five feet of frame work, and the entire distance from the level of Grant street will be about two hundred and fifty feet. The two towers overlooking on Grant street will not be commenced before next summer.

FINE CONCERT ROOM.—We learn, with pleasure, that a gentleman with ample means has purchased two lots, on the corner of Locust and Federal streets, Allegheny, from the Messrs. Holmes, on which it is his intention to erect two very fine houses, the upper stories of which will be used for a concert room and City Hall.

FOURTH OF JULY.—We are informed by Mr. Mecklimes, the ticket agent of the Pennsylvania Railroad, that special trains will be started every hour for Turtle Creek, on the Fourth of July, for the accommodation of the public. All parties numbering fifty can procure special trains at all hours of the day and night for $7,50.

COURT CEILING.—The decorations for the roof of the new Cathedral will cost $22,000.—The roof and the part of the building fronting on Grant street will be finished and ready for use by the first of February, 1853.

TEA PARTY.—The ladies of the Lawrenceville Presbyterian Church intend giving a tea party in Mrs. Denny's Grove, on Thursday afternoon, the 16th instant, the proceeds of which are to be applied towards the completion of the new Church on Wood street. Tickets fifty cents, to be had at the various music and book stores in the city.

CRAPE BOYS.—Margaret O'Rourke instituted a cross suit of assault and battery and surety of the peace against Mary Conlin and her husband, before Alderman Rhinehart. They were both held to bail.

FOUND COMMITTED.—John M'Closkey whose arrest on Monday night for robbing an eating house of eighty dollars, we noticed in yesterday's paper, had a hearing before the acting Mayor yesterday, and was fully committed to stand trial on the charge.

PASSING COUNTERFEIT MONEY.—James Moran was arrested on Monday night charged on oath of William Spiese, with passing counterfeit money. The charge was not sustained in his examination yesterday, and he was consequently honorably discharged.

THE CEMETERY.—By an official act of the Board of Managers of the Allegheny Cemetery, no person will be admitted hereafter, except those owning lots, or bearing a permit from one of the Board.

ANOTHER CONCERT.—At the urgent solicitation of a number of our citizens, another concert will be given by Madame Steffanone and troupe, at Masonic Hall, on Thursday night.

The large Hall was filled last evening by a very fashionable and discriminating audience.—The celebrated duetto, from Norma, was received with rapturous applause. The Carnival of Venice and Fantasie de Concert, by the youthful Paul Julien, were exquisitely given, and fully sustained the reputation he has already acquired. Home, Sweet Home, was sung in beautiful style by Madame Strakosch, and the Nightingale, by Maurice Strakosch, was exceedingly pretty.—These who were not present last night, missed one of the richest feasts, and should by all means endeavor to be present at the positively last concert on Thursday night.

THE AUCTION SALE.—Do not forget the great inducements offered by L. N. Frazier, Federal street, near the Diamond, Allegheny. The sales will commence this morning at nine o'clock, and this afternoon at two o'clock. The goods are of the finest quality, and will be sold at very low prices.

TAKEN OVER.—Miller, convicted of stealing two girandoles, was taken over to the Penitentiary yesterday, by Jailor Crawford.

COMMERCIAL.

☞ NOTE.—The quotations given in the following Review, we hold here for country readers to understand are the Wholesale prices, except when otherwise noticed, and that in all cases in the listing of small orders to the city, or at the country trade, buyers must expect to pay from three to five per cent above these quotations. We would further remark, that there are many articles which is exceedingly difficult to quote any further than the above price. But when we give the correct store price, we think the experienced country dealer will find but little difficulty in distinguishing from the regular store price, as to what should be the first hand market price for his produce.]

REVIEW OF THE PITTSBURGH MARKET.

For the week ending June 14, 1853.

The week has been a very quiet one, but we note considerable activity in the jobbing way, the means of wending freight off being nearly as good now as at any other season.

The panic with regard to a prospective failure of the wheat crop, owing to reports of the devastation of the Hessian Fly, when we remember is not at the present time, last week, has measurably subsided, it being ascertained that the ravages of the Fly are confined to a small extent of territory, and are not likely to be as destructive as was first reported, and that the crop will be as far as present indications go, will be an average one in most sections, and an increased one in others; and the amount of old wheat and flour on hand is large. Prices of breadstuffs consequently, will rule for the present according to foreign rates; and has it not been that for the two last arrivals the prices of wheat and flour have been quoted as advancing rates on this side of the water we should have hardly deemed it necessary to allude to the stimulus of the foreign news, are firm, but without a perceptible tendency to advance. In this, as in most other western markets, the demand is confined altogether to the wants of the home trade. We quote as the ruling rates here $3,87@$4,00—which precludes all demand for shipping.

Garnitures are low, and receding at the rate of one inch per day; the stage of water is now about 8 feet, full. We quote it as warm and clear, offering no indications of rain. There is an abundance of low-water boats running, which carry freight at a very slight advance on previous rates. The amount of freight engaged for the coast and inland is pretty large, sufficient to load about two boats per day. We quote to Cincinnati 15 cents per bag Rio at auction at 8½. Sugar: sales 250 boxes Muscovado at 4½@5; Orleans 4¾, firm. Molasses: sales 200 bbls Muscovado at 24, quiet. Whiskey: sales 750 bbls Ohio at 23, firm. Provisions: sales 700 bbls Pork, mess, at $16,87@$16; prime $13@$13,25; sales 250 bbls Mess Beef at $12,75, firm. Lard: sales 200 bbls at 10½; bags 11½, firm. Butter easier at 12½@16. Tallow: sales 12,000 lbs at 9@9¼.

PHILADELPHIA, June 14.—Cotton: very dull; prices unchanged. Flour: increased inquiry for for export; sales 2000 bbls, mostly straight brands, Penna and Western at $4,50; a small lot of extra at $4,75; a fair demand for city consumption at former rates. Rye flour and corn meal, nothing doing. Grain: wheat; sales 600 bushel at $1,17@1,18 for prime Penna white, and $1,09 for Southern red. Rye steady, at 85. Corn in fair demand, further sales yellow at 60.

CINCINNATI, June 14.—The river has fallen five inches; weather very warm. Flour quiet at $3,90@$4. Whiskey 18. Nothing doing in Provisions. Sugar: sales 70 hhds at 4¾ for good fair, and 5¼ for prime. Molasses have declined, with sales at 23½@24. No change to other articles.

NEW YORK, June 14.

PHILADELPHIA, June 14.

Sales 1000 Beeves at 7@9¼. Hogs 1200 offered, 300 unsold at 6¼@7. Cows, 100 sold at $10@$40. Sheep $2@$5; Lambs $1,50@$3.

COMMERCIAL.

☞ NOTE.—The quotations given in the following Review, we hold here for country readers to understand are the Wholesale prices, except when otherwise noticed, and that in all cases in the listing of small orders to the city, or at the country trade, buyers must expect to pay from three to five per cent above these quotations. We would further remark, that there are many articles which is exceedingly difficult to quote any further than the above price. But when we give the correct store price, we think the experienced country dealer will find but little difficulty in distinguishing from the regular store price, as to what should be the first hand market price for his produce.]

REVIEW OF THE PITTSBURGH MARKET.

For the week ending June 14, 1853.

The week has been a very quiet one, but we note considerable activity in the jobbing way, the means of wending freight off being nearly as good now as at any other season.

The panic with regard to a prospective failure of the wheat crop, owing to reports of the devastation of the Hessian Fly, when we remember is not at the present time, last week, has measurably subsided, it being ascertained that the ravages of the Fly are confined to a small extent of territory, and are not likely to be as destructive as was first reported, and that the crop will be as far as present indications go, will be an average one in most sections, and an increased one in others; and the amount of old wheat and flour on hand is large. Prices of breadstuffs consequently, will rule for the present according to foreign rates; and has it not been that for the two last arrivals the prices of wheat and flour have been quoted as advancing rates on this side of the water we should have hardly deemed it necessary to allude to the stimulus of the foreign news, are firm, but without a perceptible tendency to advance. In this, as in most other western markets, the demand is confined altogether to the wants of the home trade. We quote as the ruling rates here $3,87@$4,00—which precludes all demand for shipping.

Garnitures are low, and receding at the rate of one inch per day; the stage of water is now about 8 feet, full. We quote it as warm and clear, offering no indications of rain. There is an abundance of low-water boats running, which carry freight at a very slight advance on previous rates. The amount of freight engaged for the coast and inland is pretty large, sufficient to load about two boats per day. We quote to Cincinnati 15 cents per bag Rio at auction at 8½. Sugar: sales 250 boxes Muscovado at 4½@5; Orleans 4¾, firm. Molasses: sales 200 bbls Muscovado at 24, quiet. Whiskey: sales 750 bbls Ohio at 23, firm. Provisions: sales 700 bbls Pork, mess, at $16,87@$16; prime $13@$13,25; sales 250 bbls Mess Beef at $12,75, firm. Lard: sales 200 bbls at 10½; bags 11½, firm. Butter easier at 12½@16. Tallow: sales 12,000 lbs at 9@9¼.

PHILADELPHIA, June 14.—Cotton: very dull; prices unchanged. Flour: increased inquiry for for export; sales 2000 bbls, mostly straight brands, Penna and Western at $4,50; a small lot of extra at $4,75; a fair demand for city consumption at former rates. Rye flour and corn meal, nothing doing. Grain: wheat; sales 600 bushel at $1,17@1,18 for prime Penna white, and $1,09 for Southern red. Rye steady, at 85. Corn in fair demand, further sales yellow at 60.

CINCINNATI, June 14.—The river has fallen five inches; weather very warm. Flour quiet at $3,90@$4. Whiskey 18. Nothing doing in Provisions. Sugar: sales 70 hhds at 4¾ for good fair, and 5¼ for prime. Molasses have declined, with sales at 23½@24. No change to other articles.

NEW YORK, June 14.

PHILADELPHIA, June 14.
