HOME MATTERS.

RIVER NEWS.—The river is falling rapidly, and several boats are aground above this city, and will probably not be gotten off until there is a rise. The THOS. SWANN lies just above Coulum's Riffle, the Virginia, Keystone State, and Buckeye State are between here and Pittsburgh, and the Falls City is resting in a disabled condition at the foot of Blannerhasset's Island. A sudden squall visited her between one and two o'clock on Friday afternoon, and maidens perfect wreck of her from the wheel-house to her extreme stern; the hurricane roof and the entire ladies' cabin are completely shattered. Those who were on board at the time estimate that it will cost to repair and put her in as good condition as she was before, from $5,000 to $8,000. —*Wheeling Intelligencer.*

NEW BOAT.—Capt. Brown, of the Gen. Lafayette, has contracted at New Albany, we are informed, for a new boat for the New Orleans trade. She is to be 280 feet in length, with 36 feet beam, and engines with 28 inch cylinders, and will be calculated for a fast boat.

The Gen. Lafayette has been laid up, and will be taken to pieces. During her career she has made 80 trips to New Orleans from this port.—*Lou. Courier.*

STEAMER VERMONT SOLD.—Capt. Hazlett has sold the Vermont to Capt. Barber for the sum of $4,000. She is a very light draught boat, and a good Summer packet. Capt. Barber will keep her in the Madison trade.—*Ibid.*

THE RIVER continues to recede slowly at all points, with but about 4 feet water in the canal yesterday, and the Moro Castle, Tweed, Susquehanna, Wm. Noble and others detained in the canal, by over burthens, and heavy draught.—The weather continues uncomfortably warm and dry, and the whole country perfectly parched with the drought.

The New Albany and Portland bar is pretty bad at present, and a good many boats rub there, including the Chancellor, which lodged on the bar Saturday evening, and did not get off until near midnight.

The Pike that arrived from St. Louis yesterday, reports the Mississippi river rising at all points, the Ohio and tributaries falling, with about 7 feet water at Flint Island, and New Albany bars. The Shotwell, that had been aground near Shawneetown, was off, and going on down the river.

The river between this city and Cincinnati is getting quite shallow, but about 5½ feet water is still to be found on the Upper Ohio in the wretched condition for navigation, and the lighted boats find it difficult to navigate. Alexander Parrhels, who arrived yesterday from Pittsburgh had to embark on four different boats to get through. He left the Falls City aground at Blennerhassett's about 100 miles below Wheeling. It was thought she would be got off. The Virginia was hard aground in the middle of the river at Captina. The Aletis had taken summer quarters on the bar at Buffington's Island. —*Ibid*

HORSE STEALING.—Charles Lee had a final examination before Mayor Park, yesterday, on a charge of horse stealing. Lee was arrested on Wednesday week. He was attempting to sell the stolen horse, (a saluable one) on Chestnut street, for fifty dollars, and his strange conduct excited the suspicions of officer Long, who chanced to be passing. He informed the officer he would be apt to sell the horse at Floyd's Livery stable. Lee told the officer that he got the horse in New York State. Mr. Floyd made a bargain for the horse at fifty dollars, which he was to pay him the next day. Lee then told Floyd that he got the horse in Virginia. As soon as the discrepancy in the stories was discovered pursuit was given, and he was arrested on Federal street, and taken to the Mayor's office. In conversation with Mayor Park he confessed that he had stolen the horse, in company with another person, from James Mannel, who lived about nine miles below Wheeling. Information was sent to Mr. Mannel, who arrived yesterday, and identified the horse. The prisoner was surrendered to him, with whom he started to Wheeling yesterday evening, where Lee will be tried.

THE NOVA SCOTIA GIANT BOY, who was recently by our citizens *Fen mane*," last year at Masonic Hall has returned here, on his route from the Island of Cuba, to attend the World's Fair at New York, accompanied by the celebrated McFARLAND THOMPS, and upon hearing of the unfortunate death of late and lamented Mr. Ferguson, while discharging its duty, has very untimely offered to give a benefit at Masonic Hall, on this, Friday evening, for the exclusive use of the surviving widow, who the Giant has understood, has a large family depending on her for support.

The Giant was personally acquainted with the deceased, from the fact that he (Mr. Ferguson) attended to the door of the Hall on the occasion of his former visit to this city, and consequently feels a deep sympathy with the afflicted family. Such rare marks of generosity from a stranger, will be responded to by every citizen who can attend this evening at Masonic Hall.

Mr. Fox, one of our indefatigable police, will receive and pay over to the widow the receipts of said performance. For the notice of which, see advertisement in another column.

CONTEMPT OF COURT.—An injunction was issued some time ago, on application of the Evangelical Church, Allegheny, by the Court of Common Pleas, to restrain Lewis Mul from using a ten pin alley built next to the Church. The counsel for the Church appeared in Court yesterday, and stated that the balls were rolled as much as ever, notwithstanding the issue of the injunction. A warrant for the arrest of Mul was immediately issued.

LOTTERIES.—We gave the names of fourteen lottery dealers, against whom true bills were found by the Grand Jury, and who were arrested, in yesterday's paper. The following are the remainder, for whom warrants have been issued: James Kenney, Thomas Sunderland, Arthur Toner, John Quinn, John M'Clelland, Jacob Matton, and John Matthews, making eleven in all.

A true bill was also returned against Jno. Moffit for stealing a package of lottery tickets from Arthur Toner.

DUSTY STREETS.—The city fathers of Allegheny, seem indifferent as to how much dust cover their streets, and consequently have made no appropriation to have it removed. The streets are very dusty at present, much to the annoyance of pedestrians. We learn that motions to make such an appropriation has been passed four or five times in the Common Council, but they have uniformly been voted down in the Select.

ASSAULT AND BATTERY.—John Keyhoe, James Keyhoe, and John Guthris were arrested and taken before Alderman Buckmaster, for an assault and battery with intent to kill, on oath of Absalom Altman. The defendants were arrested at Green Spring, on the Monongahela. They were held to bail.

TRUE BILL.—The Grand Jury have returned a true bill against James L. Brindle, G. F. Francisous, and J. Edgar Thompson, for maintaining a nuisance in not removing the warehouse of the Pennsylvania Railroad, erected on the wharf.—The object is to test the right of the city to cede the use of the WHARF to any corporation.

INSULTING FEMALES.—William Myers was arrested by officer Bostwick, for insulting females on the street, while intoxicated. In default of $20 dollars fine, he was committed for twenty days.

There were two cases of vagrancy at the Allegheny Mayor's Office, yesterday. Both were committed.

WASHINGTON CITY, June 16.

This afternoon Andrew J. Morrison shot his wife and a dry goods clerk, named William H. Hester, under peculiar circumstances. There are various and conflicting accounts; the most reliable are, that Morrison had married about six months ago a very young and handsome wife, whom he has since suspected of improper familiarity with Hester. He told her that he was about to be absent, she informing Hester of his supposed absence.

Hester then called on her at her lodgings on Pennsylvania Avenue; meanwhile Morrison having watched their movements, sprang upon them suddenly, and finding them in his chamber *en dishabille*, instantly drew a revolver and fired three or four shots. One of them took effect upon Hester, the ball passing through his body and endangering his life. Another passed through the arm and side of his wife, wounding her seriously, but not dangerously. Morrison immediately gave himself up to the authorities, and was committed.

Hester on being informed by a physician that he could not survive many minutes, made a statement to Capt. Goddard that he had no criminal intentions, yet falling fully to account for being caught in such a predicament.

His examination is fixed for next Wednesday, the 23d inst. Dyson is in prison. If the offence is proved, the penalty will be very severe, probably death.
