THE LITTLE ONE IS DEAD.

Smooth the hair, and close the eyelids,
Let the window curtains fall;
With a smile upon her features,
She hath answered to the call.
Let the children kiss her gently,
As she lies upon the bed,
God hath called her to his bosom,
And the little one is dead.

Everybody knows that Barnum advertises.—He always did—and attributes his success in life mainly to that important fact. The following may be an advertisement, or it may be intended as a burlesque. It will pass for either.:

The "Bearded Lady," with her whiskers dark,
Is seen each day at Barnum's, near the park;
Barnum exhibits, with his usual taste,
His only humbug that is not barefaced.

DR. JONES told Dobbs, when he was sick, that if he wished to get well he must not indulge in anything exciting—among which he placed drinking ardent spirits, eating, high flavored meats, and looking at handsome girls with low-necked frocks on. From this it would appear, that even calico is blessed with medicinal qualities.

"Semper Paratus" is the motto of an eating house in New York. "Semper paratus!" was the variation of this same bit of latin when used by an Irish scholar in reduced circumstances, as he sat down to a meal of watery potatoes.—"Semper paratus!"—and then he added with a sigh, "if they were melior they would be better!"

IMPORTANT TO HOUSEKEEPERS.

SOMETHING better and more economical than Soda, Cream Tartar, or any other preparation for RAISING DOUGH.—DURKEE'S CHEMICAL YEAST, or BAKING POWDER, for raising Bread, Biscuit, Fried Cakes and Jonny Cakes, Puddings, Pot-pies, Corn Bread, Muffins, Apple Dumplings, Pastry, &c. &c. This article is one that every family, (not, Boarding House keeper excepted,) should have in their pantry. We call and buy no "cheap and nasty" stuff, but a careful trial, is to be the very thing needed every day in their existence.

Its most important advantages over the old system, are: 1. The saving of loss of sugar and shortening in sweet bread, and the trouble what the absence of pearlash would occasion. 2. That it can be used in the dough to rise before baking; consequently bread may be made in a few minutes. 3. It is free from the injurious properties having a light, even tender and palatable bread and biscuit, whether the flour be of the poorest or finest kind.

4. Bread made by the process is much more nutritious, richer in gluten, than that raised in a warm atmosphere, sweeter, whiter and lighter, than when made with saleratus. 5. Bread made with it will not turn sour readily, and consequently not so liable to get moldy. 6. It is a uniform article, and does not alter from season to season, as the saleratus does, which is owing to the fact that the latter is subject to the influence of the weather, and absorbs moisture from the air, and thereby becomes unfit for use. 7. The cheapness of it is a part of its recommendation, as it is but one cent per pound, and will go as far as two pounds of saleratus. 8. Prescribed by Physicians.

PHYSICIANS everywhere prescribe B. A. FAHNESTOCK'S VERMIFUGE, for the reason that they can place implicit confidence in it. Read the following statement, from a gentleman whom we have known for years:

RUSSVILLE, Ind., Sept. 21, 1852.

Messrs. B. A. Fahnestock:—Gentlemen:—It gives me pleasure to state that I have been selling your Vermifuge for some ten or twelve years, and during that time have sold over twelve gross and presume I have not sold I can conscientiously say that none has universally given as much satisfaction as it have and it, and was generally used and prescribed by practising physicians in the town of this place, and the surrounding country. Your obedient servant, JOHN BUTLER.

Sold by WM. BOOTH, Druggist.

Messrs. B. A. Fahnestock—Gentlemen: I have had a great sale for your Vermifuge. Besides what you sent me, I bought, with Dr. Reid, a lot of drugs, over a year ago, and sold the most of which I sold. It does great credit to the name of which it is sold. It does great credit to the name of which it is sold. Dr. Reid further his sale (nine years old) three bottles of your Vermifuge is a part of lead owned by the late Stephen Wiley, deceased, and for country or suburban residence, is not excelled by any in that section. It commands a delightful view of the "Allegheny Valley" and surrounding country, and can now be bought either as a whole, or in lots for purchasers. A liberal credit will be given on part of the purchase money. Apply to

Magnificent Country Seat.

THE subscriber offers for sale that beautiful tract of land, (formerly owned by Robert Finney, Esq., and adjoining the residence of A. Kirk Lewis, Esq. It contains twenty acres, part of which is under good cultivation, having on it a fine young Orchard, and is also ornamented with forest trees, shrubs, plants, &c.

This location commands one of the most extensive and beautiful views in Western Pennsylvania, and being within twenty minutes walk from the city, presents advantages and attractions unsurpassed by any similar tract of land in the market.

If not sold either before the first of June, it will then be divided into lots and offered at auction.

TESTIMONY FROM TENNESSEE IN favor of B. A. FAHNESTOCK'S VERMIFUGE.—The Nashville Union says: "We call the attention of our readers to the certificate of Mr. John Hartline, in favor of B. A. Fahnestock's Vermifuge. The gentleman is well known in this community, and anything he says can be relied on."

Messrs. B. A. Fahnestock & Co.—Gentlemen: For the benefit of others, I take pleasure in testifying to the efficacy of your Vermifuge. About ten years ago my attention was first called to it by a friend, then one of the Judges in Nashville, in whose estimation it was then a standard article. Induced by him to try it, I found very satisfactory results! By Mrs. advice I took a wine glass for one of my children, who had until then been very feeble and subject to frequent sickness. The Vermifuge operated a great number of times. The child afterwards gradually recovered good health. I have since used it regularly in my family for most of the ailments of children, and generally with good effect.

The remarkable case, in the family of a near relation, I will mention in particular. The child was about four years of age, had always been puny; often attacked with severe pains and, at the age mentioned, nearly lost the use of its limbs from convulsions. I recommended the use of which I was taking home, with directions for its use. The child afterwards threw off from the bowels a great bulk of large Worms—the number not remembered—and in a short time, by the use of the Vermifuge, more than recovered health began to improve. When I next saw the child she was walking and playing about as healthy! This relative, from the very jaws of death, the friends attribute to the use of your Vermifuge.

PROFESSOR ALEX. C. BARRY'S TRICOPHEROUS, or Medical Compound, for beautifying, nurturing and preserving the hair, curing diseases of the scalp, dandruff, humors, and all irritations of the skin. A preparation, the sale of which amounts to one million of bottles annually, would seem to need no advertisement; but as the thousands who purchase have and approve of it having probably no idea of the enormous extent of the public demand, Professor Barry has given herewith a plain statement of the facts derived from his books, and with them the reader has earnest and hearty thanks to his innumerable patrons.

Professor Barry's second dollar for the year 1852, how that during that year about 940,000 bottles of his TRICOPHEROUS were sold, and that the cash product of this immense sale was about $150,000.

This plain, unvarnishe tale is a better commentary on the value of the article than anything the Professor could say. If it were not positive in its effect upon the hair, it were not invaluable as a honsehold remedy for sores, bruise, burns, skin diseases, &c.—it would not, of course, go so universally in demand. The wonder is that the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents), at wholesale and retail, at the manufactory and depot, No. 347 Broadway, New York, and by the principal Merchants and Druggists throughout the United States, Canada, the West Indies, Great Britain, France, &c., and by

MISCELLANEOUS.

SAVE YOUR ICE

Barrett's Patent Water Cooler.

WE are now prepared to offer our friends and customers a superior article of WATER COOLER of entire new design and at greatly reduced prices. This article is the result of the application of scientific principles to the purpose intended; viz: to keep water as cool as possible, as long as possible, and such the least possible quantity of ice.

The proprietor has long devoted his attention to this particular branch of domestic economy, and passing from one improvement to another, has, at length, arrived at what he considers the perfection of the article. A proof of this is found in the extensive demand for those Coolers in all parts of the country. A reference to the statements of facts in regard to these Coolers, will satisfy every one as far as latitude.

The accommodation Train will leave every afternoon, at 3.15 o'clock, stopping at all regular stations, and running only as far as Latrobe.

Fare to Philadelphia $9 50. Fare to Baltimore $9 00.

RETURNING TRAINS.

The Fast Express Train, leaving Philadelphia at 12M P. M. will arrive in Pittsburgh at 7 A. M. The Mail Train leaving Philadelphia at 7 o'clock A. M. will arrive in Pittsburgh the next morning at 3.30 o'clock A. M.

Accommodation Train will leave Latrobe at 8½ A. M. and arrive in Pittsburgh at 8 A. M.

Baggage checked to any Station on the Pennsylvania Railroad, and to Baltimore.

Passengers will procure their Tickets at the Railroad Office at the Depot in Liberty street.

Being manufactured in the most workmanlike style, and handsomely finished in every respect, they make a beautiful ornament for a parlor, office, or counting room.

An important improvement has lately been added to the Cooler, viz: a small can (capable of holding from six to eight pounds of butter) secured in the centre of the cover. This quantity of butter can be kept perfectly hard all day, with but additional ice, a very important addition to the economy and comfort of a family.

If desired, the Cooler can also be furnished at a small expense with a FILTERING APPARATUS, which serves the additional purpose of removing all impurities from the water, rendering it perfectly clear and wholesome.

Ice Cream and Silver may be preserved in admirable order in the Cooler, and although exposed to the warmest weather, will be found perfectly free from coldness, as also the dishes fills are so constructed, by the inventor, as to prevent the transmission of heat to the ice chamber.

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES

Dr. Jas. Rose, the discoverer and sole proprietor of these most popular and beneficial medicines, was the inventor of the celebrated Instrument for inhaling the Vapor of Medicine, which has proved so successful in the cure of Consumption; set up in superior style, and fully equal to that of that eminent physician, Doctor Physic, and is conducted on the same principles. Numerous certificates have been engaged in the investigation of diseases, and the success attending my practice.

Through the use of his inhaling tube, in connection with his Compound Extract of Sarsaparilla, he has succeeded in unparalleled eminence in curing those dreadful and fatal maladies, Pulmonary Consumption, Tubercular Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers, all kinds of Liver Complaint, and all those diseases which are peculiar to females; indeed, every form of disease arising from impurity of the blood, or debility in the system. The Sarsaparilla is the best remedy for the above diseases, as it is half-met by the use of one compound only, for that is incompatible with the Sarsaparilla, but by the use of my remedies, adapted and prescribed for, such peculiar forms of disease.

Dr. Rose's Uncle Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill. Inasmuch as they leave the bowels perfectly free from costiveness, as also his golden Pills are so, and for the cure of piles, they are unsurpassed. Rose's Pills are also peculiarly adapted to female disease, and being carefully prepared, are satisfactory in all cases where a cure is required. Rose's Pills are also a great remedy for worms, and in the removal of the most dangerous.

The afflicted are invited to call upon the agent, and if they care (certain) one of the Doctor's pamphlets, giving a detail and account of each remedy, and its application.

For sale by the following agents, as well as by most druggists throughout the country.

J. Schoenacker & Co., 24 Wood st., Pittsburgh.
