<text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text> blow for the freedom of his Fatherland. Mazzi-In will grasp at the golden opportunity to make one more effort for the redemption of Italy, and a blow for that purpose would soon be struck were it not for the presence of French soldiers in Rome. Ok, shame, that France should be the tor of Despotism at a time like this ! The London papers, by the provious arrival, foreshadowed the successes which have been an-nounced by the Atlantic. The London News of the 10th, in summing up the news from the seat of bliss forever, and consign him over to Satan, of war to that date, says that Omer Pasha has displayed most consummate skill in the disposal of his forces, and shows that he possesses the rare gift of skillful and comprehensive combina-

R

It appears, then, that in every affair between its Durks and Bussians in Wallachia, the latter have been worsted. The Turkish force advan-sing from Wildlin is forcing the Bussian detach-ments in the western part of the province, back upon Bocharest, with a fair prospect of beating If it can eatch them, or, at all events, of outting thim off from the main body in front of that diy. Again, the advance of the main Turkish army has made good its footing on the Wallachian side of the Danube, and holds both banks of the Ar-gish, which lays the approach to Bocharest open to it. To all human sppearance, therefore, it will be comparatively easy for Omar Pache, by pushing on his main force towards Bucharest, to form s junction with the Turkish troops advan-ing from Relafast; to break the line (as they do is maval warfare) of the enemy; isolato the body of Russians in front of Bucharest from that which is retrenting upon it from the west, and beat bith in detail, if that have not already been done to his hain of the case of the latter ourps. The London Times, which has slways predict-

The London Times, which has slways predic ed the defeat of the Turks, appears completely stonished at their remarkship successes. as the

following comments on the military operations in Wallachia will show, which, the reader should bear in mind, were written before the account of the pitched battle, brought by the Atlantic, was received in London. The following is from the Times of the 10th :

"We observed yesterday, that no accounts is the place of danger, as the Union avers, do butterness of the Bassian main body, which at the first pass-age of the Bassian main body, which at the first pass-rage of the Bassian main body, which at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Bassian main body at the first pass-age of the Ba

Secondly, the Hard faction just now is pressing follow the body after death, and deny it the rites

closely upon him on the ground of an alleged of Christian sepulture. Such is the condition to which the Catholic church of Buffalo is reduced. proclivity towards Free Soilism. It is therefore which the Castablic oburch of Baffalo is reduced Let not the Protestant reader smile at the wain threatenings of the Bishop. From him is world all protocomposed the product of the world ouly call forth contampt and derain. To the image of the Bishop. From him is world and to this ear other on the status and the protective features of the product of the world and to this ear other on the status and the protective features of the product at the set of all which he threaters. He believes that the blads the keys of hasers, and can shat it haves d all which he threaters. He believes that body the keys of hasers, and can shat it haves d all which he threaters. He believes that be holds the keys of hasers, and can shat it haves d all which he threaters. He believes that be holds the keys of hasers, and can shat it haves d all which he threaters. He believes that be holds the keys of hasers, and can shat it haves d all which he from and sime of an escape thread his failt has the from and Bishops in effect be-prominent recommendation of the meases is failt has for part is cannot the south of the source which are com-mited and maxion if the statif, will the same of the ong which are com-mited take an inter and turn to the searer of the program which are com-mited take and maxion if the same prominent recommendation of the meases, and an it family to battle for the right. He was d and that so many take refuge from such grinding the wasted to see the prove that all manity pririt or runking opporesion in the could regions of indicity the same help the congregation of St. Loning and that so many take refuge from such friduing poppresion in the could regions of indicity the same help the congregation of St. Loning and that so many take refuge from such friduity the same help the congregation of St. Loning and that so many take refuge from the friduity the same help the congregation of St. Loning and the fails down and the same same due to write the same trong has on the sattle so the same trong has and such satting the loubly accessary to "show the rogues they lie," Let not the Protestant reader smile at the vain threatenings of the Bishop. From him it would by the most emphatic denunciation of Free Soil-

cars, and in front of the passenger cars, has slottre efforts upon his part to conciliate them ben universally adopted. Why the Ohio and Pennaylvania Railroad should be singled out as most extreme of their political principles, and rennayivania nainvas shoma de singieu out as most extreme of their pointoal principles, and an object of animadvareion on this account, the Union can best explain. Whether the front car But, vindicitive as usual, they had nothing while is the place of danger, as the Union avers, de the state of the other enemics. The

ruiss of military ostonistions, would construct a our name and nistory is wiped away. We have and ministry. The next steamer will probably farful list of essentiations from the unit given in never doubted, for our part, that the resolutions bring some important advices upon this subject. In the affair at Olevaltas, for in-stance, though no superior officer was report was reported by the Whig Convention at Baltimore, and only six wounded, the total number of these placed. Area de combed seems to have ex-of these placed. Area de combed seems to have ex-tents of Nevertheles, this that the method of the section whether it will become gen-

two, to the effott that 'the right wing of the sus-sian army, under General Danneberg,'-which was no other than this very force, bad experi-enced a obsck, and, as wo yesterday remarked, the inaccuracies of our inf: install on from Bacha-rest and Vienna are not likely to tell often in fa-vor of the Tarka... Wo must need infer, there-fore, that may exaggration of numbers applies rather to the Ottoman forces than the Rarsian intermediate the installed condering a rises that

to encounter them at Kalafat. It is now asserted that this force, which was under the command of General Dannaberg, numbered between 80, 000 and 40,000 men, and that it was in position between Krajory and Blattas, so as to intercept the route from Kalafat to Bacharest. The Turks, we were also told by the latest despitohes, with contry about Kalafat—with 12,000 men; but as this was evidently the chief point at which that Danube was to, be crossed, it is probable that the force referred to had received constant ang-mentations from the other bank of the stream. Indeed, it was expressly mentioned that large

much difficulty, when the passage of the river had been nonce secured. New, whether the Bassians solvanced to at-teat the Tarks, or the Tarks in marching up the county cancel the Bassians, we are not fully informed; but it is batter the static reported must sparsed to ar-fully informed; but it is batter to the state in the static we are, it is troe, merely told that 'the Bassi instimutions, if correct, convey volumes of intol-ligence. If fources and how many sees must have abared, in all probability, the same to the Stimore Ming fato? And how many of all ranks must have been wounded ? Those acquainted 'with the state the dashing to first the basic form the unit given in the despicie. In the failt of Clossins, form the unit given in the despicie. In the failt of Clossins, form the unit given in the despicie. In the failt of Clossins, form the unit given in the despicie. In the failt of Clossins were strictly wild construct a fato? And how many sees mouth the failt of consulties from the unit given in a fast? And how many sees form the unit given in a fast? And how many sees mouth the failt of clossing the failt of consulties from the unit given in a fast? And how many sees mouth the failt of clossing the failt of consulties from the unit given in a fast? And how many sees reported in the failt of clossing to fine the in provinces in the failt of clossing to fine the failt of clossing to fine of the failter of clossing to fine the failt of the failter of clossing to fine of the failter of close we reported in the total with the state the failter of closel we are ported to the failter of closely we reported we fine opposition to the sontiments of mere form the close of the opposition to the sontiments of mine-stanes, thrugh to 'superior clines' we reported in the opposition to the sontiments of mine-stanes with a fail at close with the close in provision to the sontiments of mine-stanes with a fail of close we rep

 And which the langeting of the status of the sinced, and only six wounced, the totat number of those placed hore ds consist seems to have ex-coeded 700. Nevertheless, this battle must have ex-been fought and won, if we are to accept the present accounts strictly, by some 12,000 Turks are described as remaining 'masters of the field,' and the Russians are reitring by what, under sach dreamstances, would be their natural is entimes which have always been in op-of reitrest, 'apon. Bacharest.' Bamore, more-ore, had been in 'aircrulation for the last day op-site an army, under Granzi Danneberg,'---which was no obser that the very force.--bad entimes the set of the reits and the Russian army, under Granzi Danneberg,'---which was no obser that the very force.--bad entimes the set of the reits and the rest are always been in op-titution, provided they can do so with the con-sitan army, under Granzi Danneberg,'---which was no other that the very force.--bad entimes and time the op-set of the reits arms of the field, sind the first work we are cannot do be that the right wing of the Russian sing army, under Granzi Danneberg,'---which was no other that the very force.--bad entimes and time, how reits and the rest are and time to the rest.'

son's only reply to any map in the set of the business of that body will be to support or to solid own the administration. The converse for the next four or five months. The business of that body will be to support or to solid down the administration. The converse for Danube was to be crossed, it is probable that the force referred to had received constant any matations from the other bank of the stream Indeed, it was expressly mentioned that isrge and those who perform the least work abould enjoy the cabin, and that those who bodies do get a large and those who perform the least work abould re-still these could of course be brought over without the lightest wages. This would be carry-ing on this positions to the lightest wages. This would be carry-still these could of course be brought over without the lightest wages. This would be carry-ing on this positions to the legitimate result, and would be something to excite a sitention. It is inference, its candidate will be defeated, be attributed that the bast is barge and unagrouped by a strike they are confident of securing a nomination to ing on this positions to the legitimate result, ing on this positions to the legitimate result, is hardly worth while to confine its philanthrop-is that the basties nearching up the country encountered the Bussians sdvanoed to at-miss that the battle reported must sparantly that it ported diastrous to the Bussian, troops while Movement is Cawwoan Courty.—We while Movement is Cawwoan Courty.—We
