# HOME MATTERS.

COUNCILS.—The Councils met last evening for the purpose of hearing the report of the special committee appointed some time ago, to devise ways and means to liquidate the city debt.

The committee consisted of Messrs. Howard and Murdock of the Select, and Messrs. McAuley, Moorhead and Day from the Common Councils.

The committee commenced the report as follows:

We find the "Funded Debt" of the city as follows:

Am't bearing int'st at 6 per cent. $971,707,70
" " " 5 " 174,000,00

Total, - - - - $1,145,707,70

This indebtedness arises out of the loans authorized by the city Councils through a period of twenty years, for the purpose of paying former loans, water works, extension of water works, water pipes, grading and paving, outstanding warrants, interests, &c., and becomes due in various sums, at different periods, from 1854 to 1874.

They then recite an act to limit the indebtedness of the city, and to provide for the gradual extinguishment of the debt of the city of Pittsburgh, and an ordinance for the creation of a sinking fund.

The Committee recommend the passage of the following act by the Legislature:

*Be it enacted, &c.*

Sec. I. That the Councils of Pittsburgh be and they are hereby authorized and empowered by ordinances to cause to be *graded, paved* or *macadamized*, any public street, lane, alley, or sidewalk, or parts thereof, which are now or may hereafter be laid out and opened in the said city, and have the same set with curb stone: And the said Councils are hereby authorized and empowered by Ordinance, to provide for the levy and collection of the cost and expense of the same, from the owners of the property bounding and abutting thereon, by an equal assessment on the feet front, bounding or abutting, as aforesaid.

Sec. II, *That the said Councils be, and they are hereby authorized and empowered by Ordinance*, to provide for the appointment by ballot, in joint meeting, to be held within thirty days after the passage of this Act, of three competent citizens, as "City Appraisers," whose duty it shall be, after being been duly sworn, to value and appraise the paving, macadamizing, and preparing for paving aforesaid, lanes or alleys in said city, the cost of which has been paid or assumed by said city; which said paving or macadamizing shall be valued according to its actual condition at the time of said valuation and appraisement, and which preparation for paving shall in no case be valued at more than fifty cents per superficial yard. And the City Appraisers shall, within - months after their appointment, file in the office of the City Regulator, a properly authenticated statement of the valuation of such paving, and preparation for paving, distinguishing the value of every square on the said streets, lanes, or alleys. The further duties of said City Appraisers, and their compensation, to be prescribed for by the said Councils, by Ordinance; and the appraisement and valuation shall be final, and without appeal. And the said Councils are hereby empowered and directed to provide by Ordinance for the assessment, levy and collection of the total amount of such appraisement from the owners of the property situate on said streets, lanes or alleys, or squares thereof, and bounding or abutting thereon, in proportion to the distance, in feet, which said property may bound, or abut, as aforesaid. *Provided*, That said assessment shall be payable in four equal annual instalments.

Sec. III. That the money arising from and collected under the 2d Section of this Act, shall be applied to the "Sinking Fund" heretofore established by the Act of Assembly of 6th May, 1850, entitled an Act to limit the indebtedness, &c. of said city, and shall be applied to the same purpose, and held under the same restrictions as the said "Sinking Fund" is by said Act required.

Sec. IV. That the term owner or owners, used in this Act, is hereby declared to mean any person or persons, or bodies corporate, who may own or claim the property to be affected by such improvements and assessments mentioned or intended in the 1st and 2d Sections of this Act, for any estate, not less than twenty years from the date hereof; and all taxes and assessments levied by virtue of this Act, may be collected as City Taxes are now by law collected, and shall be a lien upon the property upon which they may be levied and assessed, which lien shall be filed by the City Solicitor, in the Prothonotary's Office of Allegheny County, in a book kept for that purpose, within such time as Councils may by Ordinance direct; and in default of the payment of any tax or assessment levied under the provisions of this Act, for a period of three months after notice and demand made therefor, the same may be recovered, together with all costs and expenses of suit, by writ of "*Scire Facias*," in the name of the Commonwealth for use of the Mayor, Alderman, and Citizens of Pittsburgh, as debts secured by mortgage are now by law recoverable.

Sec. V. That so much of the 5th Section of the Act of Assembly of 6th May, 1850, entitled "An Act to limit the indebtedness, and to provide for the gradual and certain extinguishment of the debt of the city of Pittsburgh," as authorize an improvement tax to be levied, and so much of any other Act or Acts of Assembly as is hereby altered or supplied, be, and the same are hereby repealed."

The committee state in regard to the 1st sections, that the present system is one subject to great abuse. The system proposed is followed by Allegheny, and is the cause of great prosperity to that city.

Under the present system the cost of grading and paving the streets, petitioned for in 1852, is $70,000; estimated net receipts for Improvement tax, $25,212,62; warrants issued for contracts, $25,474,81; amount paid, $14,677,64, leaving outstanding improvement warrants for 1852, $10,796,98.

The "outstanding improvement warrants," or, warrants unpaid for want of funds, in 1850, were $17,353,64; ditto in 1851, $3,078,64; ditto in 1852, $10,796,77. These excesses may be traced to improvident legislation, repairs, and inefficiency of the laws in relation to collecting taxes, or of the collectors themselves; and are expected to be met and paid out of the uncollected improvement tax of one year collected in the succeeding year. To overcome these excesses of "improvement warrants" it would be necessary to cease for a year, at least, to order the expenditure of a single dollar for further improvements.

A minority of the committee reported a section in lieu of the second section, which we will publish on Monday.

The report is too lengthy to give in full. It enters very fully and completely into the subject, and is a considerable production.

On motion the report was accepted.

It was then moved that the recommendation of the committee relative to the act be adopted.

On motion of Mr. Howard the proposed act and the minority report were ordered to be published in the city papers, and Thursday night set apart for their consideration in Council Concurred in by C. C.

The propriety of taxing church and other property now exempt from taxation, (as suggested in a supplementary report offered by Mr. Howard,) was considered.

A very spirited discussion arose on the subject.

Mr. Lorens moved to lay that portion of the report on the table. Lost.

Mr. Cordell moved to refer back, with instruction to report on the amount of church property held in this city. Carried.

The President of the Select read a communication from the Mayor, informing him that by an act of Assembly the Mayor was authorized to vote the stock of the city in the Connellsville Railroad. Letter filed.

In the Common Council the report was read and accepted.

The supplementary report relative to taxing church property was read by Mr. McAuley.

The committee was authorized to draw up an ordinance for passage by Councils.

Several resolutions of minor importance were taken up and acted on, which we have not space or time to report.

On motion adjourned.

RESISTING AN OFFICER.—Sarah Robinson, a colored woman was fined by Mayor Park yesterday, for resisting the serving of a warrant for the arrest of a colored boy charged with disorderly conduct. She lives in White Oak alley, Allegheny city. The officer made a narrow escape as he was assailed with bricks, poker and shovel. The boy was not arrested.

ACCIDENT.—While walking yesterday afternoon, a little girl, daughter of Mr. Thomas Hays, who resides at the corner of Liberty and Locust streets, Allegheny, was severely cut on the forehead by a stone thrown by some malicious boys. Dr. Reed dressed the injury, and she is now doing well.

A MEETING will be held by the Whigs of the First Ward, Allegheny, in the Public School House, this evening, for the purpose of recommending suitable candidates to be supported at the primary meetings.

THE *Union* of yesterday contains the following item:

NEW HOTEL.—We have been informed that Lyon, Shorb & Co. have purchased the ground and intend erecting a splendid new Hotel. It is to front on Fifth street, filling the entire space between the Custom House and Masonic Hall, and running round the Custom House to Smithfield street.

The editor of the *Chronicle* heads its local column "Partly original, and chiefly stolen."

DELAYED.—The express train of the O. & P. R. R. was detained about an hour on Thursday night at Allianee, by the breaking of the coupling of the baggage car.

## COURT NEWS.

DISTRICT COURT.—Judges Shannon and Williams on the Bench

In the case of Long vs Long, the jury found a verdict for plaintiff

C. A. Taman vs G. F. Dibm and John Weigley. Trespass for taking and selling goods of plaintiff, on an execution against another person.

Burke and Howard for plaintiff; Seldon for defence.

Objection being made to deposition offered by plaintiff, and instructed by the Court, a juror was withdrawn and the trial postponed.

B. Sansberry vs Adam Orr. Action for slander. Marshall for plaintiff; Mellon for defendant.

Defendant had in a drunken spree lost some six or seven hundred dollars, which was some time afterwards found on the Steubenville road, but in the meantime he had told several persons that Sansberry, at whose tavern on the Washington road defendant stopped, had stolen it

Verdict for plaintiff for $1100.

Same vs Same. Action for debt for the amount of two promissory notes. Marshall for plaintiff; Mellon for defence. No defence—verdict for plaintiff $166 90.

Same vs Same. Assumpsit for boarding bills, due bills, &c. Plaintiff claims $118. Marshall for plaintiff; J. Mellon for defendant. Defendant admits having received some of the items charged in the bill. Verdict for plaintiff for $117 60

Friend vs Jessup. Action of ejectment for a lot in the 8th Ward. J. Mellon for plaintiff; J. P. Hamilton for defendant. No verdict.

Mary Lyons, deceased, vs David Wright; action of ejectment for lots in Birmingham. Marshall & Brown for plaintiff, M'Calmont and F. B. Hampton for defendant.

The plaintiff's father owned the property, and after his death, defendant married his widow, four of her children being then living, all of whom except plaintiff have since died.

William, one of the children before his death, devised his interest (one-half,) in the property to his mother, who died soon after the death of William. Defendant claims a life estate in this moiety, as tenant by the courtesy.

Defendant paid off a mortgage on the premises, and claims that he should be reimbursed by a conditional verdict.

Plaintiff alleges that William Lyons was a minor at the time of making his will, and consequently the will is invalid. On trial

Committee—Messrs. McKnight, Way, and Young.

On motion, adjourned to the last Wednesday in December.

JOHN MURDOCK, Jr., Ch'm.

JAS. S. NEGLEY, Sec'y.

THE NEW ORGAN IN TRINITY CHURCH.—We had the pleasure of being present on Wednesday evening, at the opening exhibition of the new organ in Trinity Church; and enjoyed, in company with a very large audience, the rich and elevating tones of a most noble instrument. The choir of the Philharmonic Society were in attendance and did good service; they sang the two celebrated choruses, "The heavens are telling," from Haydn's Creation, and the grand "Hallelujah chorus," from Handel's Messiah, with as good effect as could be expected in a church so noted among musical people as "the worst place to sing in is town." The new Organ shows well, and adds much to the appearance of the interior of the building. The case is in Gothic style symmetrical with the church edifice, and is richly and boldly carved.

The instrument was built by Mr. Geo. Jardine, of New York, and is in every way worthy of his great reputation as an organ builder.

The compass of the manuals (keyboards) extends from C C. to F, four and a half octaves; the pedals from C. C. C. to G, one and a half octaves.

The Organ contains 26 stops, as follows:

| | |
|---|---|
| GREAT ORGAN. | SWELL ORGAN. |
| Grand open Diapason, | Bourdon, or double Diapason, having the 16 feet tone, |
| Second open Diapason, | |
| Stop'd Diapason—Bass, | |
| " " Treble, | |
| Clarians, | Open Diapason, |
| Flute, | Stop'd Diapason, |
| Principal, | Dulciana, |
| Twelfth, | Principal, |
| Fifteenth, | Fifteenth, |
| Trumpet. | Comet—3 ranks, |
| | Oboe. |
| COUPLINGS. | CHOIR BASE. |
| Gr. Organ and Swell in unisons. | Bourdon—16 feet, |
| | Stop'd Diapason, |
| Gr. Organ and Swell in octaves | Violino. |
| | PEDAL. |
| Gr. Organ and Pedal, | Double Diap.—16 feet. |
| Pedal and Choir. | |

The SWELL is of unusual compass, extending to Tenor C; and having the Bourdon of 16 feet tone, makes the actual compass from double C.

The Clarinet in the Great Organ is a new stop recently introduced by Mr. Jardine, and is of singular and exquisite beauty, imitating very closely the tone of the Violin. A very important improvement is introduced, in adding the 16 feet tone upon the manuals, which produces an extraordinary grandeur of tone. We understand the organ cost about $2500.

Mr. Jardine is building a new organ of the same size for St. Peter's Church of this city.

COMPLETED.—The new building on Fourth street, adjoining the Mayor's office, is at length completed, much to the convenience of pedestrians on that street For the last two or three weeks, persons passing were obliged to take the centre of the street, the sidewalk having been dug away in making the vault, and the gutter and part of the street, taken up with lumber. In the east, we understand, a certain number of days are allowed for the excavation of vaults, during which time the street in front is kept vacant. In this city, however, their own time is taken by builders without much regard for the comfort or convenience of passers by. The building, however, is an ornament to the city, being a fine four story brick building. It will be occupied as a cabinet warehouse.

On the subject of obstructions on the street, we may add, that great complaints have been made as to the indifference and negligence of builders, in Allegheny. The evil is greater there, as the streets are much dirtier.

THE FIRST PRESBYTERIAN CHURCH.—The roofing is about being placed on this beautiful edifice, now building on Wood street. The slate for the roof has been received and the work will probably soon commence. We noticed yesterday, cast iron troughs, to be placed around the roof of this building, a plan not before used in this city, we understand. The trough is composed of short pieces, which overlap each other, and which are intended to be cemented together.

THE OPERA.—*Don Giovanni* was listened to with intense interest by a large audience last evening. The beautiful music, and the elegant manner in which it was rendered by the troupe, will be impressed forever on the minds of every one present. The company leave to-day for Baltimore.

The success of the company is owing in a great measure to the indefatigable exertion of Signor Postiani, the agent. The responsibility resting upon the manager of so extensive a concern, is very great, and the infinite number of details, all of which are almost absolutely necessary to the success of the company, require in the agent energy, shrewd business tact and acquaintance with the world; all of which qualities Signor Postiani has showed himself to be the possessor.

Such of our readers as covet good books, will not need to be reminded of the continued sale of English books, by catalogue, this evening, at Davis Auction Rooms.

ST ANDREW'S CHURCH.—To-morrow being the first Sunday in the month, there will be no service in this church in the afternoon. Sermon to young men in the evening. Service to commence at 7 o'clock. Young men are specially invited.

SENT OVER.—Duff, convicted of manslaughter, was lodged in the Penitentiary yesterday.

THE CUSTOM HOUSE.—The flag stone pavement on Fifth and Smithfield streets, around the Custom House is nearly laid. The Post Office will not be moved in, we learn, before the first of April.

There will be a great demand for boxes in the new building, by merchants, a number of whom, to make certain, have engaged them already.

THE JAIL.—There were only three commitments to jail yesterday.

ASSAULT AND BATTERY.—George Stromb made oath and information against Leppard Young, before Mayor Park yesterday, for an assault and battery with intent to kill. The parties reside in Duquesne Borough. The defendant was held in $500 bail to appear at Court and answer the charge.

KILLED.—A man named John R Richey was killed in Kittanning, on Monday last, by being run over with a team of horses and wagon. The wagon passed over his breast and killed him almost instantly. He was a resident of that borough.

## BY TELEGRAPH.

BALTIMORE, Dec. 1.—New Orleans papers to Saturday are received, containing Vera Cruz dates to the 22d ult, and city of Mexico to the 17th.

The Mexican papers are filled with details of horrible outrages committed by the Indians on the frontier. The Diario (official) in correcting a notice of the privileges guaranteed by the government to Messrs. Bellknap and Richards for the construction of a railroad from Vera Cruz to the Pacific, says that the grant applies only to the contractor from Vera Cruz to the city of Mexico. Le Trait D'Union notices the arrival in the city of Mexico, of Mr. Ward, who comes to represent the interests of the first company claiming under the Garay grant, to whom was granted the right of way over the Isthmus to Tehuantepec.

SAVED FROM DEATH!!

Testimony of Mr. Nathan Wadsworth, a highly respectable and wealthy citizen of Hartford, Conn.

MR. HALSEY:—I believe your Forest Wine and Pills have saved my life. When I left Harper Pillars and Hartford, my physicians had given me over as past cure, and my family and friends despaired of my recovery while in this dreadful situation, your Forest Wine and Pills were recommended to me, and before I had finished the first bottle of the Wine and box of Pills I felt perfectly easy, and from that time on I gained in strength every day, and finally, after using about three bottles of the Wine and two boxes of Pills, I found myself entirely well, and capable of attending to my business. I therefore feel it my duty to make this statement, that others may be induced to make use of your medicine for a disease which, if neglected, is sure to end in death. Yours, &c.

GREAT ENGLISH REMEDY.

THE MOST VALUABLE

Spring & Summer Medicine in the World!!

DR. HALSEY'S

FOREST WINE.

*Surpassed by the Medicinal and Natural Products of England, and esteemed the Extraordinary Medicine in the World.*

Medicines containing Molasses or Liquorice, like the boasted Sar sparilla, are worse than useless. The FOREST WINE is entirely free from these impurities. It contains the pure and powerful principle of the vegetable plants of which it is composed. The *Forest Wine* cures the following diseases:

WILD CHERRY, DANDELION, YELLOW DOCK, AND SARSAPARILLA!

with other valuable blood purifying properties are still more effective.

Its high concentration renders it one of the most efficient medicines now in use. Two tablespoonfuls of the Wine, taken before meals, is the lingering patient from weak nerves, debility and disease, to strong and vigorous health. Every dose shows its good effects on the system, and improves the tone of the stomach. Use no other after the *Forest Wine* is recommended to its strongest terms. For sale by all druggists.

Liver, Kidneys, Nervous Disorders, Indigestion, Dyspepsia, Impurities, Loss of appetite, Jaundice, Sick Headache, Female Complaints, and all Disorders arising from BAD BLOOD or an impure habit of the system.

SAVED FROM DEATH!!

Testimony of Mr. Nathan Wadsworth, a highly respectable and wealthy citizen of Hartford, Conn.

MR. HALSEY:—I believe your Forest Wine and Pills have saved my life. When I left Harper Pillars and Hartford, my physicians had given me over as past cure, and my family and friends despaired of my recovery while in this dreadful situation, your Forest Wine and Pills were recommended to me, and before I had finished the first bottle of the Wine and box of Pills I felt perfectly easy, and from that time on I gained in strength every day, and finally, after using about three bottles of the Wine and two boxes of Pills, I found myself entirely well, and capable of attending to my business. I therefore feel it my duty to make this statement, that others may be induced to make use of your medicine for a disease which, if neglected, is sure to end in death. Yours, &c.

NATHAN WADSWORTH.

Hartford, Conn., Dec. 1, 1852.

Sold by all druggists, or sent to any address, by addressing DR. HALSEY, Forest Wine and Pill Depot, 120 Fulton street, New York.

Price of Wine $1 per bottle, or six bottles for $5. Pills 25 cents per box.

For sale in Pittsburgh by R. E. Sellers, Wilson & Co., Fleming Bros., and J. Schoonmaker & Co.

NOW READY.

The New Methodist Singing Book!

THE UTE OF ZION—By I. B. Woodbury, assisted by the Rev. Thomas Hattinson, Pastor of the John Street Methodist Church. It contains the choicest Hymns and Pieces of the choicest Music including almost every old tune and piece of any merit ever published; it presents also some two hundred of the finest compositions the world ever saw, and contains nearly every variety of metre in use, with a pious lesson to every part. The LUTE is therefore filled with truth to be sung, forever exhaustless mine of the richest Sacred Musical Treasures ever presented to the public. Every piece is set to music, combining Heart and Voice with animation and burning zeal of the communion for which it is designed, the tunes are peculiarly adapted to the Hymn Books of all denominations of Christian practice, but more especially of the Methodist. OVER ONE HUNDRED AND FIFTY THOUSAND COPIES have been issued since its appearance three years ago, and still the demand is in the increase. There is not any further evidence of the admiration in which he is held, and as a Composer to be desired.

From the oaths men with which the
