FITTSBURGH:

TUESDAY. MORNING, PERRILLARY 7, 1862.

THE Set is Degree of the set of the Public Works, made and the Property of the Set of the Public Works, made and the Property of the Set of the Public Works, made and the Property of the Set of the Public Works, made and the Property of the Set of the Public Works, made and the Property of the Set of the Public Works, made and the Property of the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Works, made and the Public Address after the Set of the Public Works, made and the Public Address after the Public Works, made and the Public Address after the Public Works, made and the Public Works, made and the Public Works and Public and the Public Address after the Public Works, made and the Public Works and Public and the Public Address after the Public Works, made and the Public Works and Public and the Public Works and Public and the Public Address after the Public Works and Public and the Public Address after the Public Works and Public Works and Public Address after the Public Works and Public Address after the Public Works and Public Works and Public Address after the Public Works and Pub

The resonance of the control of the

at Pittsburgh, of what is, well known in Renn-sylvanis; as cold abort from; and were large enough, had they been of good material; but when broken, showed large crystalizations at the points of fracture and cross-grain. The contract prices was \$26,500, and it will cost some 20,000 or 30,000 more to re-build it. The

ter the seculent Trankly stated the facts, which are just the reverse of those given above. The jron bars which broke at the Newport end of the bridge were not made at Pittaburgh; while those at the other side were, and they did not break, of the mreaent one will include a much larger not even with the extraordinary strain upon them of the falling bridge. The Cincinnati papers do not say, where the defective iron was made, which caused the accident; but it is cer-

made a stronger argument for himself than any of his friends made for him. His argument may hold water, but his claim certainly will not.— Mr. Pholps went over to the slavery faction just four years ago this month, with Mr Webster, and brought about, with the aid of other Northsome 20,000 or 30,000 more to re-build it. The work is commonced. Singularly emough, at one and of the bridge was, the Worrell, and at the other the lideking from Works, and one might have stood in the centre of the bridge and seen the glare of both.

We liave seen in two or three papers an attempt to maintact what is here directly stated,

It is believed that Collecting to this seat without difficulty.

tempt to insinuate what is here directly stated, that the iron reds, the breaking of which caused rejected by the Cabinet. A sensible decision reds. that the iron rods, the breaking of which caused the fall of the Licking bridge, were made in Pittsburgh. Nothing could be further from the trait. The Cincimnati Gazette, a day or two after the socident, Trankly stated the facts, which decided that the strip of land already contract. of the present one will include a much larger

The condition of the Stomach is of vial importance. No man, woman, or child can be healthy niess the work of digestion is regularly, thoroughly and layrously performed. With three-fourths of civilized ac-icty, this is not the case. And yet the remedy is within icly, this is not the case. And yet the remedy is within the reach of all. Hoofann's terman litterer, prepared by r. C. M. Jackson, 'Philadelphits, will as surely create a egular and healthy action of the stomach as oil will leave us the friction of machinery. Let the victim of dysperia for indignation in any of its forms, try it, and we guarates a good appetite, physical visor, firm increes, sound appetite, physical visor, firm increes, sound only by night, and increased cheerfulness by day, jamiche top by night, and increased cheerfulness by day, jamiches
