PITTSBURGH GAZETTE.

PUBLISHED BY WHITE & CO.

PITTSBURGH:

SATURDAY MORNING, MARCH 18, 1854.

FOR GOVERNOR,

JAMES POLLOCK;

OF NORTHUMBERLAND COUNTY.

FOR CANAL COMMISSIONER,

GEORGE DARSIE;

OF ALLEGHENY COUNTY.

FOR JUDGE OF SUPREME COURT,

DANIEL M. SMYSER;

OF MONTGOMERY COUNTY.

☞ *Pittsburgh Weekly Gazette.*—The extensive circulation of our *Weekly Gazette* offers to our businessmen most desirable medium of making their business known circulation is between four and five thousand, reaching almost every merchant, manufacturer and shop-keeper in Western Pennsylvania, and Eastern Ohio.

☞ *To Advertisers.*—Neither the Editorial Rooms nor Printing Establishment of the *Daily Gazette*, are opened on Sunday. Advertisers who desire their notices to appear in the paper on Monday morning, will please hand them in before 5 o'clock, on Saturday.

☞ *Reading Matter on each page of this paper.*

☞ An Explanation.—Our paper made its appearance, yesterday morning without its usual amount and variety of reading matter. The cause of it was this. Just as the forms were being sent to the press, the third page, containing the telegraph, Commercial intelligence, and home matters, was accidentally thrown into pi, and consequently we were compelled to go to press without it. So disagreeable and vexatious an accident has not occurred before since we have been connected with the paper. Some of our advertisers will please indulge us for a day or two, when we will have all right again.

☞ The State Convention.—Our Harrisburg correspondent gives us to-day a full account of the proceedings of the Whig State Convention. His letter should have reached us in time for yesterday's paper, but was, unfortunately, not mailed in season. We refer our readers to it for full particulars.

The gentlemen who went from this city to attend the Convention have laid the press under no obligations whatever for attentions received. No dispatches containing intelligence of the proceedings were sent, although they knew the anxiety prevailing here to know the result, and when they returned home they left us as utterly in the dark as before. Until we received the Philadelphia papers, yesterday morning, we did not know who were the nominees for Canal Commissioner and Supreme Judge, nor of the vote given to the several candidates for Governor. The Philadelphia press seems to have been more fortunate in the attentions of its friends.

☞ The distinguished Councilman from the 1st Ward, Allegheny, Mr. Atwell, makes his appearance before the public again in the "Enterprise." We have but few words to spare to him. In our last notice we left him impaled on a question of misrepresentation of his own raising, and he is wriggling there yet. Sentiments of compassion will not permit us to go much further. Feeling the misery of his position, he endeavors now to obtain relief by saying that in his former article he erred in charging misrepresentation on the reporter instead of the editor. To show that this is an after-thought and a subterfuge, it is only necessary to refer to his own language, which was:

"The *Gazette* took the liberty of falsifying the action of Councils, by publishing the resolution *without the amendment*."

As the editor, in his remarks, did not quote the resolution, but simply referred to the report given of the proceedings by the reporter, it is plain that Mr. Atwell could not have used the language quoted above of the editor, as it would not be applicable, or make any sense. Besides, the statement itself is wholly false, as the *Gazette* did publish the amendment as well as the resolution. The remarks of the editor were wholly founded upon the report of the proceedings, as given by our own reporter, which Mr. Atwell now acknowledges to be correct. When we made our comments nothing was further from our thoughts than to misrepresent or to give offence. We considered the previous action of the Councils hasty and unwise, and we think so still, and this opinion, we verily believe, will be adopted by members of Councils themselves, before all is over. When we saw, from the report of the proceedings, that Councils had agreed to appoint a Committee to discuss questions which they had already prejudged, we naturally inferred that the remarks of Gen. Robinson had made an impression, and said so, and this it seems, from Mr. Atwell's present acknowledgement, was the gravamen of our offence, which has been considered worthy of consideration in Councils. We never before heard that an editor was restricted in the utterance of his editorial opinions of the proceedings of a public body, or that he was censurable for giving his views of the impression made by a speech, or of its probable effects. Editors are in the habit daily of commenting upon the acts of Congress and the Legislatures of the country, and of predicting results, and we never heard before that such a course was worthy of rebuke. It remained for the Councils of Allegheny, under the leadership of that profound and sagacious member from the First Ward, to establish a censorship, and to arraign the press for the utterance of opinion. Mr. Atwell, in his pitiful attempt to wriggle out of the charge fastened upon him of wilful misrepresentation, has only placed himself in a still worse predicament—that of impeaching the right of opinion and free discussion in regard to the doings of the Allegheny Councils, for this his complaint amounts to, as narrowed down, and nothing more.

One word more. Mr. Atwell, in the following sentence, tries to drag in the Councils of Allegheny to relieve him from his unenviable position.

"The malignant charge of the *Gazette*, that the Councils of Allegheny are composed of *unthinking* and *ignorant* men, is unworthy of notice."

The Gazette made no such charge. It is an invention of Mr. Atwell. What we did say was the following:

"Gen. Robinson's argument was intended for thinking, impartial, and intelligent men, and on such it did and will have weight. We believe there are such in the Councils, but Mr. Atwell will please understand that we do not include him in the category of such."

So far from maligning Councils, it is Mr. Atwell who does so by placing them in a category in which we placed none but himself. The fact is, the Councils have been led astray in this whole matter by the hasty, violence, and incapacity of Mr. Atwell. But for him they never would have placed themselves in the predicament of passing resolutions reflecting upon the Gazette, which was nothing to justify, and which are a gross invasion of the rights of the press. In fact we do not hold the Councils as responsible. They were deceived into a belief that their proceedings had been misrepresented, and they can feel nothing but contempt for the man who has thus betrayed them into such an indiscretion.

Mr. Darsie.—The nomination of Mr. Darsie, for Canal Commissioner, gives general satisfaction. Mr. Darsie is known all over the State, as a shrewd, energetic, faithful and honest public officer. We need such a person in the Canal Board at this time. The *Chronicle* of yesterday afternoon pays him the following Compliment.

Hon. George Darsie.

Although the Whigs of this county lost their favorite for Governor, they should be delighted with the nomination of George Darsie for the office of Canal Commissioner. There is a particular fitness in this selection, deserving more than ordinary attention. Mr. Darsie's long experience in public affairs is by no means his only qualification. His great sagacity, sound judgment, and unswerving integrity, combine to recommend him to an office, which of all others in this State, more particularly requires them.

The people of this State, surely, have had enough of fly blown, huckstering, dishonest politicians in the Board of Canal Commissioners. There never should have been a Canal Board composed of mere politicians, innocent of all knowledge of their duties, who couldn't tell the difference between a tow line and a tow path.—The public works, could have been profitably managed by one man, an experienced engineer, with a compensating salary, whose position should be permanent, from merit, and not his particular views on politics. But as our public improvements themselves are much more likely to be changed than the system by which they are controlled, we have but to look for the best man to perform the work as at present governed.—Therefore we believe George Darsie, by all odds, the best man named by either party for many years, for this post.

☞ To-day we publish the report of the Committee of the Councils of Allegheny, appointed to confer with the President and Directors of the Ohio and Pennsylvania Railroad Company, on the subject of the extension of the road. Nothing is recommended but to wait for propositions from the Railroad Company. The report is characterized with mildness, and shows a disposition to look at the subject dispassionately, and to do what is right and fair.

There was one subject, however, which we expected would have been noticed in the report, which was omitted. It will be recollected that much censure was cast upon the Company for attempting to procure Legislation before applying to Councils. We understand that the Chief Engineer of the Company S. W. Roberts, Esq., made a very lucid and satisfactory statement of the reasons which governed the Company, to the Committee, and we think it due to the Company that it should be known. Mr. Roberts stated, that in a suit brought against the Company by the Commoners, it had been decided by Judge Shannon, that the Councils of Allegheny had no authority to grant the right of way over the Commons, and that authority to appropriate them must be derived from the Legislature. They must be taken up and appropriated the same as other property. There was then no necessity or fitness in the Company applying to the Councils, until it was ascertained whether the Legislature would grant powers which were necessary to make any grant of the Councils effective. When these powers were obtained it was the intention of the Company to apply to the Councils for the sanction of the proposed route. This elucidation removes a good deal of alleged ground of complaint against the Company, and we expected it would have been noticed in the report.

Upon the whole we feel encouraged to hope that when Councils have considered the alternative set before them in the report of the Committee, they will consent to the extension of the road on such terms as will be satisfactory to all concerned.

Beautiful Ceiling.—Stepping into the Wall paper Warehouse of Mr. Thomas Palmer, on Market street a few days ago, we were quite surprised at the beauty of the ceiling, which has lately been repapered. For the beauty and variety of the paper used, it excells any thing of the kind we have ever seen, and the whole effect is attractive and, pleasing. Walls and ceilings can be very beautifully and cheaply ornamented, and richly and chastely adorned with paper, and the price is such as to bring it within the range of all so fortunate as to own a house. Persons desirous of ornamenting their ceiling should call, and see the effect produced in Mr. Palmer's store.

Some of the papers are parading a biographical sketch of Stephen A. Douglas, the Senator from Illinois. The middle "A" in his name stands for *Arnold*, it seems—Stephen *Arnold* Douglas. In the present temper of the American people, he could easily obtain their consent to change the Stephen to Benedict.

The people of Rockcastle county, Kentucky, have held a large meeting in opposition to Douglass' Nebraska bill.

FROM HARRISBURG.

Correspondence of the Daily Pittsburgh Gazette.

Whig State Convention.

Harrisburg, March 16, 1854.

The Whig State Convention assembled this morning at 10 o'clock, in the Hall of the House of Representatives, and was temporarily organized by calling Henry D. Maxwell, Esq., of Northampton County to the Chair; and appointing David D. Bruce, of Allegheny, and Jno. S. Jackson, of Philadelphia, Secretaries.

The list of Delegates was then read over, the Delegates responding as their names were called. The Convention was almost entirely full, every County, except Erie, being represented; and being composed of as fine a body of men as I have ever seen assembled here on any similar occasion.

On motion of H. Jones Brooke, of Delaware, a committee of nine was appointed on contested seats, their being contests of this kind in Huntingdon, Union and Mifflin counties.

Mr. J. Spearing moved for a committee of one from each Senatorial district, for the purpose of reporting officers for the permanent organization of the Convention. Adopted.

On motion, the Convention proceeded to nominate candidates for the several offices.

The Convention then adjourned till 2½ o'clock this afternoon.

2½ o'clock, P. M.—Convention met.

Mr. Taggert, from the committee on permanent officers, made the following report, which was adopted unanimously:

President—Gov. WM. F. JOHNSTON.

Vice Presidents—Jos. R. Flannigan, Wm. Morgan, Ephraim Conrad, Henry Butler, Jacob Knabb, Albert Philips, Jno. C. Walter, Stephen Miller, O. H. Wheeler, Tho. Barr, Wm. McMillan, Wm. S. Roland, M. Donaldson, Geo. Buchanan, A. M. White, F. Steward, Wm. J. Dobbin, H. F. Swope, P. D. Kinnear, John C. Hays, Jno. T. McJunkin, Jas. Verner, Jas. H. Wells, Wm. B. Ede, Wm. M. M. Stewart, J. D. Sharon, J. B. Markle, Jno. Kay Clement.

Secretaries—Thos. M. Marshall, A. H. McClure, Samuel Hunsicker, Malden Vardlay, Paul Cornwyn.

The President was conducted to the Chair by Mr. Flannigan and Mr. Ede, and addressed the Convention in a speech of some length, replete with patriotic sentiments and good advice; which was received with marked satisfaction, and repeated bursts of applause.

Mr. Brooke, from the committee on contested seats, reported to admit both contestants in each case, with power, however, to cast but one vote for each district. Adopted.

Mr. Hoffman, of Berks, moved that a committee of thirteen, on resolutions, be appointed. Agreed to.

The President appointed the following gentlemen to compose the committee:

Jacob Hoffman, Berks, Chairman; Cornelius Darragh, Allegheny; Caleb Taylor, Bucks, G. A. Coffee, Jefferson; Chas. Thompson Jones, Philadelphia; Wm. Sargent, do; Wm. C. Mercur, Bradford; Kyd Blanchard, Centre; David Targart, Northumberland; R. Lyle White, Crawford; John Covode, Westmoreland; John Fenlon, Cambria; H. G. Shell, Chester.

On motion, the Convention then proceeded to vote *viva voce* for a candidate for Governor.

Three votes were had. On the third vote Hon. James Pollock, of Northumberland, received 92 votes, and was declared duly nominated. The announcement was received with a burst of applause, and on motion, was confirmed *unanimously*.

The several votes stood as follows:

	First ballot.	Second.	Third.
Wm. Larimer,	28	32	37
H. M. Fuller,	10	22	...
Jas. Pollock,	23	41	92
A. G. Curtin,	12	12	11
Jno. H. Ewing,	4	2	...
Jno. H. Tyson,	22	...	...
Henry S. Evans,	11	14	...
W. H. Irwin,	4	1	...
W. H. Keim,	5	...	...
Wm. F. Johnston,	12	2	...

After the first vote, the names of Job R. Tyson, Gen. W. H. Keim, Gov. Johnston were withdrawn, and on the third vote all were withdrawn but Larimer, Pollock and Curtin.

Canal Commissioner.

The Convention then proceeded to vote for a candidate for Canal Commissioners, with the following result:

H. M. Fuller,	23
Jas. M. Sellers,	10
Archibald Robertson,	10
David Miller,	17
Cyrus P. Markle,	4
Geo. Darsie,	50
Paul S. Preston,	8
John Rice,	3

After the first vote, no candidate having a majority, on motion, Geo. Darsie, of Allegheny, was nominated by *acclamation*.

Supreme Judge.

Hon. Daniel M. Smyser, of Montgomery, was nominated on the first ballot, as follows:

Daniel M. Smyser,	74
John G. Alliez,	9
C. K. Cornyn,	9
Alfred Patterson,	9
Ed. Cowan,	5
Fred'k Watts,	3
Jas. S. Myers,	14

A motion that the President appoint a State Committee was made and was pending when the Convention adjourned till 7½ o'clock this evening.

Convention met at 7½ o'clock, agreeably to adjournment.

A series of excellent resolutions was reported by the committee, and unanimously adopted. The resolutions avow and reiterate the doctrines of the Whigs, embracing one in favor of the sale of the Public Works, and one condemnatory of the provisions of the Nebraska bill that repeals the Missouri Compromise.

A resolution, was also adopted, directing the President to appoint a State Committee, to consist of thirteen members.

The Convention then adjourned *sine die* with three cheers for the nominees.

After the adjournment, the members resolved themselves into a mass meeting. Col. J. B. Edie, on motion of H. M. Somerset, was called to the chair, and several Vice Presidents and Secretaries. Considerable enthusiasm prevailed. Mr. Coffee, Blair county, has made a speech.

During the session, the following dispatch was received from Gen. Larimer:

"Pittsburgh, March 15.

Say to my friends 'Hurrah for Pollock.' I will do all I can for him. I leave to-night for Baltimore, Philadelphia and New York.

[Signed,] Wm. Larimer, Jr."

Mr. Benedict, of Huntingdon, made a short speech; also Mr. Casey, of Union, is now speaking as I close this letter in order to be in time for the mail.

The following is the Nebraska resolution:

Resolved, That the provision in the Kansas and Nebraska bill, now before Congress, which affects and repeals the Missouri Compromise, is a deliberate breach of plighted faith and public compact, a high-handed attempt to force slavery into a vast territory now free from it by law, a reckless renewing of a quieted agitation, and therefore meets the stern, indignant, and unanimous disapproval of the Whig party of the Commonwealth of Pennsylvania.

From the Philadelphia North American.

The Whig Convention.—This body assembled yesterday at Harrisburg, and, as will be seen by our telegraphic despatches, nominated for Governor, James Pollock, of Northumberland; for Canal Commissioner, George Darsie, of Allegheny, and for supreme Judge, Daniel M. Smyser, of Montgomery. These are all excellent nominations. Mr. Pollock is a gentleman of high character and ability. During the period of his service in Congress, he was distinguished for his practical sense, his sound views on all public questions, and his constant and diligent attention to his duties. He is deservedly very popular in all parts of the State. Mr. Darsie is the present able Senator from Allegheny. He has eminent qualities for the post for which he has been named. Thoroughly familiar with our whole system of public improvements, proverbially watchful over the public treasury, with the disciplined mind of a statesman, and habits of close scrutiny and unfaltering application, his election to the Canal Board would be a great public blessing. Judge Smyser is a lawyer of superior attainments, who has been proved, highly acceptable since his elevation to the Bench, and who will command the respect and confidence of the entire commonwealth.

The Convention also passed resolutions unanimously denouncing Mr. Douglass' Bill, thus avoiding the equivocal policy of the Democratic Convention, which shirked this question. The Convention, moreover, did itself honor in selecting Gov. Johnston to preside over its deliberations, and the applause which followed the announcement of that gentleman's name in connection with the office of Governor, was a type of the feeling entertained for him by all true Whigs—we may go further, and say by all unprejudiced Pennsylvanians.

Mexico.—Santa Anna seems to be getting him self into trouble again. The revolt at Acapulco comes at an unfortunate period for him, for Walker's fillibustering invasion is still unsuppressed, and Trias, the Governor of Chihuahua, has also issued a pronunciamento, in which he declares his determination to anticipate Santa Anna's sale of the Northern provinces to raise money, by getting them to propose annexation on their own account. The troops in the State of Chihuahua are said to be in sympathy with the revolt in consequence of the failure of their usual payments, and a correspondence of Count Raousset Boulbon's, proposing the separation of Sonora, Sinaloa, and Durango from the Mexican Union, has been intercepted. Its publication has caused a profound sensation in Mexico. The evil which seems to be at the bottom of all the dissatisfaction of the Mexicans, is the excessive expenditures of the government, and the consequent heavy taxation. They are very desirous of having all the pomp and imposing ceremonial of a strong government, but are unwilling to pay for it. The position of Walker and his men is described as unenviable, but it must be evident that they have little or nothing to fear from the Mexicans. Still there can be no doubt that the invader is fast approaching the end of his tether from other causes. He was expending upon the Sarguir Artes to carry him and his men from Ensenada to Sonora, but she has been sold for other purposes in California. Besides, the United States sloop-of-war Portsmouth is cruising too near for any vessel to risk such a hazardous job; and as a part of his force has already deserted, and his reinforcements have been cut off by the United States authorities, as well as by the decline of the Filibuster fever in California, and his provisions are dreadfully short, he cannot possibly hope to get back to San Diego.—*North American.*

Horrible Tragedy in Shasta County.—*Two White men and Thirteen Chinamen Murdered by the Indians.*—We find the following account of a horrible tragedy committed by the Indians, in the Sacramento Journal: Two white men, one named Guild, the other Ingalls, while on a prospecting tour, in company with nineteen Chinamen, were murdered on McCloud's river, twenty miles east of Pittsburgh, Shasta county, by the Indians. They were camped and fifteen Indians came into the camp. The white men's guns were out of the reach of them. The Indians appeared friendly at first, but at a word from the chief they seized the guns and ran with them. Ingalls seized a club and struck the hindmost Indian, and knocked him down. The Indians immediately commenced firing on Guild and Ingalls, and also at the Chinamen. A party started out immediately, and found the body of Ingalls; one arm cut off at the elbow, and his head smashed horribly with stones. They also found the bodies of thirteen Chinamen; three had their arms cut off, and all their heads had been smashed in with stones. The body of Guild could not be found. They saw tracks which they supposed to be his, leading down to the river, also blood trailing along. They also saw marks of an axe, which they supposed he fought with, and they supposed he jumped into the river.—From appearances, some of the Chinamen had fought like tigers, the ground around them being completely trodden down.

The beard movement in England is one of the most rapid on record, even in these fast times. Whole towns and classes go into it at once. The Daily *News* strongly recommends the clergy to abandon smooth shaving, and return to the manly and majestic beard as worn by the glorious Reformers of the 16th century. It says nothing would be a surer preventive of clergymen's sore throat than for nature's covering to supersede cravats. The Rev. Peter Barlow, incumbent of Cockfield, has acted on the advice. Some of his people were so highly offended at this resemblance to Cranmer and Latimer, that they left the Church. The great body of the congregation, however, were sensible enough to remain.—*Church Journal.*

The State for Presidents.—A correspondent of the Charleston *Courier* gives the following views respecting the proper men for Presidents. Such ideas account for the nomination of Pierce.

"A great man cannot be President. Party wants a puppet, not a leader. That puppet must have strength at home—and whoever has not strength in his section, (if he be pliant,) will be bid highest for by either party."

The Fire of the Flint.—At a recent Whig Convention in New Havan county, Conn., the following resolution was adopted:

Resolved, That if the South seeks agitation, the South shall have it—and that freedom shall go South before slavery shall come North.

SPECIAL NOTICES.

Worms! Worms!—Various theories have been started relative to the origin of intestinal worms, and yet the question is still a vexed one among medical authorities. Of one fact, however all are informed, and in which all agree the fatal nature of the influence they have on children. At this season of the year, the attacks of worms are most frequent as well as most dangerous. We take great pleasure in directing the attention of parents to the Vermifuge of Dr. McLane. It is one of the most extraordinary medicines ever introduced to the public, and has never failed of success when tried.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE," and take none else. All other Vermifuges, in comparison, are worthless. Dr. M'Lane's Vermifuge, also his celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States and from the sole proprietors,

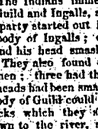
DE GUINON'S

Improved Non-Explosive Camphene Lamp



Having purchased the right for the above LAMP in the counties of ALLEGHENY, BEAVER, WASHINGTON, FAYETTE and GREENE, we are prepared to furnish Lamps or sell Rights for a reasonable price. These Lamps are so constructed as to render explosion impossible, and the public may rest satisfied that they may be used with entire safety. They also give a more brilliant light and thumsetorials used being cheaper than the 'Long Tallow,' or oils of any kind, they must come into general use. We also have LANTERNS and CANS on the nonexplosive principle.

☞ Testimonials.

This certifies that we have seen, examined and tried, De Guinon's improved Non-Exploding Camphene Lamp, patented Jan. 6th, 1852, and are fully satisfied that it is a very valuable improvement, and will be found far preferable to any other Lamp in use. We believe further it is perfectly reliable, and therefore deem it richly deserving the attention of all such as have occasion to use Lamps of any kind.

Dr. Morse's Invigorating Elixir or CORDIAL—If it is inquired how this great restorative is accomplishing such extraordinary cures, we can only reply that in the Arabian herb that forms its cardinal ingredient have been blended by the Omnipotent Physician, a large amount and greater varieties of curative properties than had heretofore been supposed to exist in a hundred different articles of the pharmacopœia. A whole medicine chest of remedies, so to speak, seems to have been combined in this herb; and in the ELIXIR or CORDIAL we have their concentrated essence. It is the effect, however, not the cause with which we have to deal in the practical application of the medicine. The victims of dyspepsia are cured, the nervous are relieved, the half paralyzed resume their activity, the sufferers from head-ache are tormented no more, the weak become vigorous, the tint of jaundice leaves the complexion of the billous, the depressed in spirits become buoyant, the sick in almost in every condition of disease derive immediate benefit from the use of Dr. Morse's Invigorating Elixir or Cordial. These facts, supported by irrefragable proof, are presented to the attention of Invalids, who can verify them by a single bottle of the medicine. The Cordial is put up highly concentrated, in pint bottles. Price—One dollars per bottle, or six dollars the dozen, six for twelve dollars.

Indigestion and Liver Complaint Cured

BY KIER'S PETROLEUM.—Read the following letter from Rev. D. Dickerson, a Missionary in Oregon:

Mr. S. M. Kier—Dear Sir:—Myself and wife having been greatly benefitted by the use of your Petroleum, I wish to have you send me a box of two or three dozen bottles. I am the Congregational Minister in this place, and several of my people are afflicted with indigestion and an inaction of the liver, the same of myself and wife, before taking your PETROLEUM, OR ROCK OIL. We found several bilious attacks—about a year and a half ago, and we have never enjoyed so good health for years as we have since. Mrs. Dickerson had been taken a single bottle before that fullness of the stomach which so distresses the dyspeptic was removed, and a healthy appetite in its place. My wife was also relieved from a chronic disease of the liver, which had been of several years standing, by the use of the Petroleum.

I have not the least doubt that were it in the States and fairly tried for a few months, it would become a household article. There was not a single case reported, and further, I would say that I never knew it doing business, to lose no time, but bear a fair to keep their papers, &c.—and get one that is good. I cheerfully recommend your Salve to any one.

Yours, Truly, JOHN CLARKE.

☞ For sale by S. M. KIER, Canal Basin, Penn st. Pittsburgh, 140 Wood st., and by principal Druggists and Dealers everywhere. [Papers advertising Petroleum copy.] oc20

Breast Pumps.—The best apparatus for drawing the breast ever invented is Dr. Needham's Breast Pump. It acts without pain, is simple in its construction and must give satisfaction to the user. Sold, wholesale and retail, at KEYSER'S, 140 Wood st. a23

Consumption and Spitting Blood.—See the certificate of Mr. Turner H. Ramsey, for many years proprietor of the Farmers' Hotel, Fredericksburg, Va., and late of the City Hotel, Richmond, Va.

Dr. John Mudge, of the city of Richmond, though a regular physician, was of course opposed to what he called quack medicines, was obliged to say that its good effects in the case of Mr. Ramsey, were wonderful indeed.

He had been given up by several physicians; had tried some of the much vaunted remedies, in large of despair, as well as the gratis, when he tried Carter's Spanish Mixture. We refer the public to his full and lengthy certificate around the bottle, stating his cure.

☞ See advertisement. mh16-1m

NELSON'S FIRST PREMIUM DAGUERREOTYPES.

FIRST OFFICE BUILDING, THIRD STREET.

CITIZENS AND STRANGERS who wish to obtain an accurate, artistic and life-like likeness at a very reasonable price, will find it to their interest to call at this well known establishment where entire satisfaction is guaranteed, or no charge made. Having one of the largest and best arranged Side and Sky Lights ever constructed, I am fully prepared with instruments of the most powerful kind, and having adopted the system of Daguerreotyping, as now practiced by the celebrated Root, of Philadelphia and New York, Mr. T. flatters himself to be able to offer to the patrons of the Art, a style of Daguerreotypes, whether simple or in groups, which has never been surpassed.

Rooms open and operating in all weathers, from 6 o'clock A. M. to 6 o'clock, P. M. mar3-dawly

BURKE & BARNES' SAFES.—Here is the kind of testimony as to the value of our SAFES, upon which we can confidently rest the reputation of our work. We have already published several certificates, proving that Safes made for our regular and ordinary sales, and sold abroad, have been subjected to the SEVEREST TESTS IN ACTUAL CONFLAGRATIONS, and preserved their contents totally free from damage. The following is another proof of the same incontestible character:—

$10,000 WORTH OF BOOKS AND PAPERS SAVED WITH A $10 SAFE!

ALMOND, Erie Co., Pa.,
Henry Burke & Barnes—Dear Sirs—Your two letters were duly received. I was absent at the time. I would say, in reply to your query, I consider it entirely FIRE PROOF. I tested the one I bought of you last fall, on the morning of the 10th of June last—my store building being three story building. It was built of wood and brick—a large fire broke out in the night, and when I arrived in the morning, Pine Oil and Fluid, always for sale at the lowest prices.

☞ The attention of Steamboatmen and Railroads is respectfully invited to the new patent Lantern and Camphene Lamp for use in operation at Dr. LEVERETT'S Drug Store, 140 Wood st., where they are kept for sale.
