HOME MATTERS.

RIVER NEWS.—The stage of water last night was 8 feet ascer, and falling. The weather was warm, and the wind blew almost a hurricane.

The arrivals yesterday were the Jane Franklin, from Cincinnati, with 1000 bbls. flour, 350 bbls. molasses and sundry other freight, the Castle Garden, Capt. Devinney, from Nashville, with peanuts, bulk pork and hog products generally, and Chevoit, from Zanesville, with produce.

The Castle Garden, will take a return trip to Nashville, and has her sign up for Monday next.

The Cincinnati packet for to-day is the imperial Pennsylvania, Capt. Klinefelter. She leaves at 2 o'clock, P. M., after the arrival of the cars. Accommodations superb.

The packet to-morrow is the fleet and splendid steamer Buckeye State, Capt. Beltzhoover.

The Steubenville packet for this morning is the steamer Forest City; leaves at 10.

The Winchester, Capt. Moore, is the Wheeling packet, leaving at the same hour.

By a dispatch received from Brownsville last night we learn that the river had risen 8 inches there and was still rising.

The Cincinnati papers of yesterday contain a dispatch stating that *fifty persons were drowned* by the sinking of the J. L. Avery on the 9th inst., below Natchez.—*Awful!*

Owing to the loss of the third form of our paper, yesterday morning, we were deprived of about half a column of river news. We subjoin such portions of the news as may be thought of importance.

We are indebted to Mr. James Barbour, of Memphis, Tenn., for a copy of an extra containing the heart-rending details of the burning of the Caroline. The Caroline was a Memphis and White River packet, and her destruction, along with that of the Mary Agnes, another Memphis boat, happening in the same week, falls heavily on Memphis. We gave yesterday the full details sent us by Mr. Barbour.—Capt. Trice, the pilot, who died at the helm, Mr. B. informs us, had been married but two months, and leaves a young wife to deplore his untimely end; but the most harrowing of the sad events connected with this affair, was the burning of a widow lady and her 13 children, who were on board. We can well credit the statement of our correspondent that the news of the distressing casualty caused intense excitement at Memphis.

The Caroline, if we are not misinformed, was built here last summer by Capt. Calhoun, and sold shortly after she was finished to go into the Illinois river trade. She was afterwards transferred to the White river trade. The "Captain James Creighton," mentioned in the list as having been lost, is by some supposed to be a Pittsburgher.

Fresh upon the heels of this disaster comes the intelligence of the explosion of the Reindeer, at Cannelton, Ind., on Wednesday, killing 40 or 50 persons, an account of which will be found in our telegraphic column. The Reindeer was sold on the Saturday previous to the Chicago & Mississippi Railroad Co. for $30,000, and was on her way to St. Louis to be delivered up.

BOAT SOLD.—We shall soon be without any boats in the St. Louis trade. The *Editor* was sold yesterday to Capt. Smith, of St. Louis, for $13,000. She is getting a little old, now, but is still a substantial boat. The Paul Anderson is here loading for her last trip, preparatory to being delivered up to her St. Louis purchasers; the U. S. Mail has been sold to Capt. Gleim, and Capt. Hezlep takes command of the Keystone State; and the York State has been sold to ply as a packet in the Illinois river.

ANOTHER STEAMBOAT SUNK.—One of four superior Cincinnati and New Orleans steamers, the Jas. L. Avery, sunk in the lower Mississippi, below Natchez, bound up, a few days since, as we learn from a private dispatch, dated Vicksburgh, the 11th inst.

The tow boat James Gutlrie arrived at Louisville on Sunday, from this place, with 70,000 bushels coal.

The N. W. Thomas has been chartered to bring a load of pork from Madison to this city.

PROGRESS OF THE FLOOD IN THE OHIO.—The river in front of the city now presents a most formidable appearance, having attained an unusual height, and steadily rising up to last evening, when it was, but about six inches below the stolen freshet of 1832, and 7½ feet short of the disastrous flood of 1847. The wharf was entirely submerged on Saturday morning, and yesterday morning, the water was from 6 to 8 feet deep in all the houses along Water street, and all the bridges over Beargrass were completely submerged.—*Lou. Courier, Monday.*

SINGULAR SCE.—A German named Herman Bowers appeared before Alderman Parkinson yesterday, and made a deposition to the following effect, viz:

That he became acquainted with a woman in the city, who represented herself to be single. They agreed to, marry, and he accordingly gave her a lot of money in gold, bought her silk dresses, and articles for household purposes.—But a few days previously to the marriage day her husband came, and she went off with him. Her name is Wilmina Jageman.

Wilmina appeared before Alderman Parkinson and made oath that she had never been married, and that she was now single. Herman Bower withdrew his suit, upon condition they should be immediately joined in matrimony, to which she consented. Alderman Parkinson thereupon united them, and the suit was cancelled.

COUNTERFEITERS.—High Constable McVicker, of the Allegheny Police, yesterday arrested two men, strangers in the city, on suspicion of being makers and utterers of counterfeit money.—Their names are C. R. Hill and J. Branden. Suspicion was first cast upon them by letters received by Mayor Adams, particularly describing them. Upon examination of their banks, an iron machine was found, supposed to be used in the business. They were committed for further hearing until Monday.

INQUEST.—A German named Joseph Hahn, a laborer on the A. V. R. was killed on Thursday, at Walker's section, about twelve miles from the city, in the following manner: He, with a number of others, was working on a foot path on the brow of a quarry, when the portion of the path on which he was standing gave way, and precipitated him some sixty feet to the bottom, which was covered with pieces of rock. He was killed ins antaneously.

Coroner Lowry held an inquest upon the body yesterday.

CHARGE OF LARCENY.—A colored woman named Mrs. Greeman, was arrested and taken before Mayor Adams yesterday, on a charge of the larceny of a silk velvet mantilla and a dress from a Mrs. Nicholson. Her house was searched, but as the stolen property was not found, and no other testimony produced, she was discharged.

ASSAULT AND BATTERY.—Francis Wolff was held to bail yesterday, by Mayor Adams, for assault and battery, upon oath of Samuel Giessinger. The difficulty arose in the tavern of defendant, about the payment of a liquor bill, when Wolff and some others assailed Geissenger, and beat him severely.

TOWDISM.—A number of rowdies in Allegheny city, on Thursday night, in want of other amusement, broke the glasses on twenty-five or thirty lamp-posts. We sincerely hope the perpetrators of this scandalous piece of business may be arrested and punished as they deserve.

ASSAULT AND BATTERY.—A man named Good, was held to bail yesterday, by Mayor Adams, for assault and battery, upon oath of Michael Flanegen. It appears, some difficulty arose between the parties about some lumber, when Good struck Flanegen with a lump of coal on the head.

PASSING COUNTERFEIT MONEY.—Mayor Adams had before him, yesterday, a man named John Rodgers, charged by Simon Kile, with passing counterfeit money upon him. Upon redeeming the money and paying the costs, the plaintiff withdrew the suit.

ASSAULT AND BATTERY.—Andrew Darg appeared before Alderman Parkinson yesterday, and entered suit against Peter Shaster, for assault and battery. The assault occurred about an unsettled account. Shaster gave bail.

PRESENTATION.—Mrs. Kate Sage will, on Wednesday next, present a handsome vase of artificial flowers to the Augerona Lodge I. O. O. F.

CANE PRESENTATION.—J. W. RIDDELL, Esq., will to-day formally present a handsome cane to Sheriff Magill, on behalf of the late Erie prisoners.

HORSE STOLEN.—A horse was stolen from the stable of Mr. Heaney, in Beaver County, on Wednesday night. Information was sent to Hague, who is now on the alert.

DEAD.—Mrs. Cooper, who cut her throat, some weeks ago in Masonic Hall. Coroner Lowry held an inquest last evening upon the body.

TELEGRAPH OFFICE.—Mr. Robert Glass succeeds his brother, Mr. J. P. Glass in the National Telegraph Office. He enters upon the duties of the office on Monday.

REPORT OF THE RAIL ROAD COMMITTEE.—The Committee appointed by Councils to confer with the Board of Management of the Ohio and Pennsylvania Rail Road, in relation to the extension of the road into Pittsburgh, made the following report to Councils at their meeting on Thursday evening, which was accepted and adopted by both branches of Council:

Your Committee to whom was referred several Rail Road resolutions, and who were appointed a committee to confer with the officers of the Ohio and Pennsylvania Rail Road Company, in relation to a connection between that road and the Pennsylvania Central Road, beg leave to offer the following report:

1st, In regard to the resolution passed at a special meeting on February 10th, appointing a committee to take the necessary steps to prevent the Ohio and Pennsylvania Rail Road Company from obtaining any special legislation authorizing them to take any part of the Common Ground or streets, without the authority and consent of the legal representatives of the City of Allegheny, your Committee forwarded a memorial and resolution to the Legislature stating our case and asking our Senators and Representatives to use their influence for the purpose of preventing special legislation, stating to them that the Councils of the City of Allegheny were not opposed to a desirable connexion of the two roads, but were only opposed to the Ohio and Pennsylvania Rail Road crossing, unnecessarily, our public streets, and taking, unnecessarily, more of our common.

2d. In regard to the resolution passed at the last regular meeting of the Councils, we forwarded a copy of those resolutions to a number of our Senators and Representatives as an exponent of the views of the city officers of Allegheny, in relation to granting any extra privileges to the Ohio and Pennsylvania Rail Road Company in the City of Allegheny.

3rd. In relation to a conference held with the officers of the Ohio and Pennsylvania Railroad Company they report that they met with the President, Chief Engineer and several Directors of said road, and at this conference the Chief Engineer of the Ohio and Pennsylvania Railroad stated that there were several practicable routs by which the two roads might be connected, the first of which is the route surveyed by the Pennsylvania Railroad Company, running along the North Common and reaching the river at Allegheny street, in Duquesne Borough; another running in a line with the present road up through the South Commons, and across the river at the west side of the Aqueduct. In relation to this route, which is the one adopted by the company, they say that they can go up through private property between the South Common and Canal as far as Anderson street, then cross over to the east side of the Canal and go through property comparatively valueless, to the Aqueduct; another route is Federal street and across the west side of the St. Clair street bridge; another running from the Outer Depot along Allegheny Avenue to the river; another starting from Wood's Run, below Manchester, and along the level ground east of Sandusky Hill, to Fremont street, and crossing the river at Fremont street.

All these routes they state to be practicable, and the lower one crossing at the Point, to be a good one, nearly level; the objection urged to the lower, by the Company, was that a bridge built at the Point would prevent steamboats from coming up the Allegheny river to the wharf, as they could not build a bridge sufficiently high on that it should not obstruct navigation. Further, they state that if they should be compelled to cross at the Point, they will be compelled to abandon the present depot, and consequently injure the city of Allegheny in regard to the comparative expense of these various routes, the engineer asserts the cost of the upper and lower routes to be about $300,000, each of the others about $200,000.

We might also observe that the Company have narrowed their routes to two, naisely, that crossing at the Aqueduct, and that at the Point, and if driven from one they will choose the other.—You will, therefore, in your action, keep this matter before you. The Company state the Aqueduct route to be worth $100,000 more to them than the Point route, while the Point route will cost $100,000 more than the former one.—Your committee did not, under the circumstances, agree to recommend any particular route for your favorable action, desiring to hear the views of all the Councilmen of this city in regard to the various routes proposed by the Company.—all of which is respectfully submitted.

ROBERT ASHWORTH, } Committee.
JACOB SILKOS, } Committee.
JAMES MILLER, } Committee.

The following items were prepared for yesterday's edition:

ANTI-NEBRASKA CLERGY MEETING.—The Clergymen of Pittsburgh, Allegheny and vicinity, met yesterday afternoon in the lecture rooms of the 1st Presbyterian Church, on 6th st.

The Rev. Dr. HARRON presided, and the Rev. J. G. BROWN, of the Second Associate Reformed Church, acted as Secretary.

Some discussion arose upon the point whether the meeting was an original one, or a continuation of one held on Monday, at which time, a memorial on the subject of the Nebraska bill was drawn up.

A motion was made that the memorial be taken up at that meeting be read, which was, however, laid on the table, on motion of Dr. PRESSLY, in order that the new report of the committee might be read.

Dr. RIDDLE, of the committee, appointed for the purpose, then read the following protest:

"The undersigned, Ministers of the Gospel, in the cities of Pittsburgh, Allegheny and vicinity, in the name of God and religion, in the name of humanity and liberty, for the honor of our country and its influence over the world, respectfully and earnestly PROTEST and REMONSTRATE against the passage of the bill for the organization of new territories, now before Congress, commonly known as the Nebraska bill."

Dr. RIDDLE supported the report by remarking that the clergymen present, differed among themselves, upon various points, though all opposed the bill on the whole. He moved its acceptance.

Dr. PRESSLY seconded the motion, and spoke in favor of its passage. Dr. Elliot and other gentlemen favored the report, for the reason that they were not taking debateable ground which would have the effect of decreasing their influence.

Some time was spent in discussion, and anumber of amendments were read, which however were lost.

The protest as above was then adopted.

The Clergymen present, of whom there were a large number, then signed the protest, and Drs. Campbell and Nevin, were appointed to procure the signatures of those who were absent.

The meeting then adjourned.

THE following is a description of a very dangerous altered bill which has just been put into circulation. Officer HAGUE, of the Independent Police, through his untiring vigilance, has succeeded in arresting one of the principal fellows concerned in passing them.

COMMERCIAL BANK OF GLENN'S FALLS, } New York State.

20s altered from 1s—vignette, a shield supported by two females, and eagles on the top; a mermaid riding on a dolphin on left end. No. The right end of the genuine note is cut off and replaced by another, (which is a little wider than the rest of the note,) on which is "Twenty" once and 20 twice. The "*ald*," in the President's signature, is forged, and written in a bolder hand and with darker ink—the lettering of denomination line is slightly imperfect.—*Kenedys Bank Note review.*

POST MORTEM EXAMINATION.—The body of Mrs. Margaret Singer, the circumstances of whose death has excited so much sensation, was exhumed yesterday, and a number of profession al gentlemen, of all sects, entered into an elab orate post mortem examination.

The deceased is interred in the German burial ground, Seventh Ward.

At the solicitation of Coroner Lowry, Drs. Gallaher, McCandless, Simpson, Brooks, Tindle, Murdoch, King, Williams, Cote, M'Cracken, Berger, Lang, R. B. Arthurs, Hartmeier, D. M. and J. P. Dake, conducted the examination.

Drs. Taudte, Hoffman, Hazlett, Gross and Son and Kern, were also present, without, however, taking part in the proceedings.

No opinion was given, the examination having been made with a view to giving testimony on the trial.

HONORABLE MENTION.—Mr. Conductor MCCHESNEY, who has so long had charge of the Accommodation train on the Ohio and Pennsylvania Railroad, has been transferred to Philadelphia, to be employed there in the service of the Company. The persons accustomed to travel on that train, will hear of this change with regret on their own account, for a more obliging man never had charge of a train. He was universally popular on the route, and his various acts and courtesies will long be remembered with pleasure. We wish him equal success in his new sphere of usefulness.

GOOD RUNNING.—On Wednesday morning, the Mail train on the Ohio and Pennsylvania Railroad, left with seven passenger cars, containing 470 passengers, and two heavy baggage cars, and made Alliance seven minutes ahead of schedule time, and Crestline on time. From New Brighton to the Darlington summit, 84 miles, over 45 to 60 feet up grades the whole way, the time was 91 minutes. The train was in charge of Mr. Conductor Cornelius, a most faithful and gentlemanly officer, and the engine was the "Philadelphia," made by Norris & Co., and was in charge of ZACK. DAVIS, a man who understands his business, and possesses the true *esprit du corps* of the profession. Such running deserves this record.

WARRANTS ISSUED.—Alderman Major issued warrants yesterday for the arrest of Anna Clark, Catharine and Mary Blanchard, and John Hood, for keeping a house of ill fame on Wylie street, on oath of Eliza Brown.

DISTINGUISHED ARRIVAL.—Samuel Houston, of Texas, arrived in this city last evening, and took lodgings at the St. Charles.

GENERAL MEETING OF GERMANS IN OPPOSITION TO THE NEBRASKA OUTRAGE.

A large and spirited meeting of the German citizens of Birmingham was held in the Public School House of that place, on Wednesday evening, 15th inst. In consequence of the crowd inside many were unable to gain admittance. Rev. Zimmerman was elected President, and S. Sola, Vice President. A. Patterson and M. Lippe were appointed Secretaries. Addresses in English were delivered by W. F. Stevenson and S. Sola, and in German by Messrs. Hasenclever and Zimmerman.—Resolutions condemning the Nebraska Bill were unanimously adopted.

SALE OF STOCKS Thursday evening, March 16th, by P. M. Davis, Auctioneer:

12	Shares Exchange Bank Stock at	$57 62½
8	" " "	57 25
10	" M. & M. "	60 00
37	" Ohio & Pa. R.R.	46 50
25	" Western Ins. Co.	18 50
5	" Allegheny Bridge	35 50
5	" "	35 25
10	" "	35 12½
20	" "	35 00

CORONER'S INQUEST.—Coroner LOWRY held an inquest upon the body of George Mink, whose case we have noticed several times, at his late residence in West Pittsburgh, on Wednesday evening. The verdict of the jury was that he came to his death by accidental shooting.

LECTURE.—We direct attention to the advertisement in another column of the lecture of Thomas D'Arcy M'Gee, Editor of the American Celt, to take place this evening, in St. Paul's Cathedral, for the benefit of the male and female orphans.

CANE PRESENTATION.—J. W. Biddell, Esq., on behalf of the Erie prisoners, will, on Saturday next, present Sheriff Magill, formally, with a handsome cane (noticed by us a week or two since) as an expression of the esteem in which he is held by the citizens of Erie.

TAKEN TO CLEVELAND.—Marshal Gallagher, of Cleveland, arrived in this city yesterday and took Leonard and Henderson, arrested several days ago by Hague, to Cleveland, to answer a charge of passing altered notes.

BY TELEGRAPH.

CINCINNATI, March 17.—River fallen 2½ feet. Weather fine. Flour dull; no sales; good brands offered at $6,45. Whiskey dull at 21½. Sales 280,000 lbs bulk sides at 5¾, and 90,000 bulk shoulders at 4½. Cloverseed dull, at $6@6,10. Groceries unchanged.

CINCINNATI, March 15.—The steamer Reindeer burst a flue at Carrolton, Indiana, yesterday, from forty to fifty persons were killed and wounded, and many were blown into the river and drowned.

SECOND DISPATCH.

LOUISVILLE, March, 15.—The steamer Reindeer burst a flue at Cannelton, Ind., yesterday, scattering misery and death in all directions, forty to fifty persons killed and wounded. Many were blown into the river and drowned. Full and exact to obtain further particulars for another dispatch.

It seems the boat became entangled in some coal boats lying at Cannelton, which caused her to careen very much, upon which the water passed out of two of the boilers, and the fines collapsed.

Immediately after the explosion, the Europa and Magnolia came along side to the wreck and rendered all the assistance in their power. None of the officers, except the first mate and second engineer, were injured. Twenty-two had been buried at the last accounts, and 24 others are so seriously injured that little hopes are entertained of their recovery.

BALTIMORE, March 16.—Much excitement continues to exist among the miners of the Cumberland coal region. The Sheriff has been dispatched to dislodge some who refused to vacate the tenements at the Frostburg coal region. In George's Creek and Lonacoming mines riotous demonstrations had been made but resisted by the officers of the company. Several rioters have been arrested. It is reported that the miners have appointed a committee to confer with the company's agents for a settlement of the difficulties.

NEW YORK, March 16.—The speculators yesterday set reports afloat to the effect that the Arabia's news was in town indicating an advance in breadstuffs at Liverpool, and announcing the fall of Kalafat, &c. Some buyers got bit in consequence, especially in corn.

A ridiculous story was last night telegraphed from Quebec to Montreal to the effect that information was received of an intended invasion of Canada by the Russians, and that ten thousand militia are to be called out in consequence. It was doubtless a hoax, but nevertheless caused much excitement.

NEW YORK, March 16.—Flour, sales 2750 bbls at a decline of 50c; the quotations are $7,25@$7,50; sales 200 bbls. southern at a decline of 25c; $7,62@8. Wheat, a decline of 2 to 12c. No sales. Corn, sales 40,000 bush. at a decline 6c; sales at 78@81. Whiskey, sales 225 bbls. prison at 29, heavy. Provisions steady. Money active; stocks lower.

CINCINNATI, March 16.—The river is falling; weather showery. Flour—Sales at $6,60. No sales Whiskey. Provisions quiet; sales 235 kegs of Lard at 9½. Sugar—Sales 200 hhds. at 5. Cloverseed dull at $5@5,05. Cheese $9.

RIVER INTELLIGENCE.

STEAMBOAT ARRIVALS AND DEPARTURES.
