It is well known to those acquainted with the navigation of the Lower Mississippi, that above Grand Gulf, the river on one shore is full of rocks, and that surrounding them is one of those vast, powerful eddies, which abound in that section of the river. The Enrif is a boat of seven hundred tons burthen, and has but two boilers; and it is supposed that being heavily loaded, she was unable to stem the current, against the wind, was

Tha Mayor's police are on the alert, and will probably succeed in catching the rillains.

STEAMBOAT LARCENY.—Lientenant Reed, of the Night Police, yesterdsy morning about three o'clock, arrested a man named Henry Barton, on board the steamboat Philadelphia, in the act of carrying off a quantity of clothing, which he had stolen.
