WARRANTED to be thoroughly built, and to work well made and sold by C. W. CARROL, Spindle Shoot, Berger & Rolling Mill, 3d St., Pittsburgh. The Thrashing Machines are beautiful, simple and compact, are easily removed from place to place, and may be worked with equal convenience in barn or field. No machine runs lighter, thrashes faster, or makes better work. More than 5,000 of them are now in use in the Western States, and so many East of the Mountains. Many of them have thrashed from 80 to 100,000 bushels each, and on thorough trial, they have been recommended by those who use them, to be as complete, and to work as well as any in the world.

The Separator is Root's Patent, and is attached to the Thrasher, and completely separates the straw and chaff from the grain, and has given entire satisfaction wherever tried.
