MORNON MISSIONS. -- The Deseret News publish-es a report from the Mormon missionaries sent to China. They met with such poor success that they returned to San Francisco after a few months' labor among whe Celestiala. At Hong-Kong they preached in the streets, and soon found that the Chinase who could speak English had "ne time to talk religion." The Mormon books were returned unread, and so the mission-aries returned themselves. From Hindostan re-ports are also discouraging. From Gape of Good Hope the reports show considerable progress. The missionaries to the Sandwich Is'ands also report great success. The reports of the travel-ting elders in Utah show general prosperity in set-tlements, crops, buildings, manufactories, and spiritual matters.
