PORTABLE THRASHING MACHINES AND SEPARATORS.

WARRANTED to be thoroughly built, and to work well; made and sold by C. W. CARROL, opposite Shoenberger's Rolling Mill, 56 Penn street, Pittsburgh. The thrashing Machines are beautiful, simple and compact, are easily removed from place to place, and may be used with equal convenience to barn or field. No machine runs lighter, thrashes faster, or makes better work. More than 2,000 of them now in use in the Western States, and many East of the Mountains. Many of them have thrashed from 80 to 100,000 bushels each; and, on thorough trial, they have been recommended by those who use them, to be as complete, and to work as well as any in the world.

The Separator is Root's Patent, and is attached to the Thrasher, and completely separates the straw and chaff from the grain, and has given entire satisfaction wherever tried.

PITTSBURGH
COACH FACTORY.
46, *Diamond Alley, near Wood Street.*
R. M. BIGELOW, PROPRIETOR.
WOULD respectfully call the attention of Southern and Western Merchants to his stock of Carriages, ranging in price from $100 to $1500. These Carriages are built from the best material and workmanship, and will be sold on as reasonable terms as the inferior; warrant his work to be inferior to none manufactured in the country. He has served his apprenticeship to the business, and has established a reputation for his work which he considers a sufficient guarantee that he will not disappoint purchasers. Persons wanting good honest work will find it to their interest to examine his stock before going East. All work warranted.

M. H. WHITE & CO., would respectfully inform the public that they have erected a shop on Locust, between Federal and Sandusky streets, Allegheny City, and are now making work to order for every description of vehicles, Coaches, Chariots, Barouches, Buggies, Phætons, &c. &c., which, from their long experience in the manufacture of the above work, and the facilities they have, they feel confident they are ready to do work on the most reasonable terms with those wanting articles in their line.
Paying particular attention to the selection of materials, and having none but competent workmen, they have no hesitation in warranting their work. We therefore ask the attention of the public to this matter.
