Snow Dog Story.—The editor of the Grand River Eagle gives the following as the experience of a friend stopping at the Kalamazoo House:

"You see, I went to bed pretty all fired used up, after a hull day on the old road before the plank was laid, calkalatin' on a good snooze.—Waal, just as the shivers began to ease off, I kinder felt suthin' tryin' to pull off my shirt and digging their feet into the small of my back to get a good hold. Wiggled and twisted and puckered—all to no use—kept agoin' like sin. Bimeby got up and struck a light to look around a spell—found about a peck of bed-bugs scattered around, and more droppin' of my shirt and runnin' down my legs every minit. Swept off a place on the floor, shook out a quilt, lay down and kivered up in it for a nap. No use—mount right on to me, like a passel of rats on a meal tub—ding a hole in the kiver lid, and crawled through and give me fits for trying to hid. Got up again, went down stairs and got the slush bucket from the wagon. Brought it up and made a circle of tar on the floor—lay down on the floor on the inside, and felt comfortable that time anyhow. Left the light burnin' and watched 'em. See 'em get together and have a camp meetin' 'bout it; and then they went off in a squad with an old grey headed fox one at the top, right up the wall, out on to the ceilin', till they got to the right spot, then dropped plump into my face. Fact, by thunder. Well, I swept them up again and made a circle of tar on the ceilin' too, Thought I had 'em foul, that time; but I swan to man if they didn't pull straws out of a bed, and build a regular bridge over it!" Seeing an incredible expression on our visage, he clinched the story thus: "It's so, whether you believe it or not, and some of 'em *walked across on stilts*. Bed-bugs are cuss critters and no mistake 'specially the Kalamazoo kind."

NEW YORK!
Its Upper Ten and Lower Million!

BY GEORGE LIPPARD,
Author of "Washington and his Generals," "The Nazarene," "Paul Ardenheim," "Jesus and the Poor," "Adonai," "The Quaker City," &c.

This is the same work once written by Lippard, one continued scene of excitement from the commencement to the *end*. Those who have read Dumas' Comte de Monte Christo, or The Wandering Jew, we are under the impression, will be highly pleased with this. Novel readers will find this the most interesting that has issued from the press for some time.—*Enquirer.*

George Lippard's Great Work—New York: Its Upper Ten and Lower Million.—Several readers write us perfectly delighted with this new work. The incidents of this powerful work are of the most exciting character. We should not be surprised if the demand for it should exceed that of Uncle Tom's Cabin.—*Times.*

From the Louisville Courier.

New York: Its Upper Ten and Lower Million.—George Lippard's last and best work. This novel requires only to read to be correctly appreciated. As an enchanting work, it is unsurpassed. We believe it will be impossible any person who commences this work, to leave it off until he has turned over its last page.

[Extract from the Cleveland Plaindealer.]

New York: its Upper Ten and Lower Million.—A new one by that gifted son of genius, George Lippard. We have read it. It is a novel of most thrilling interest—such one as having been commenced, you will sit up all night to finish. It is a book we would like every body to read.

MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT;
RETIREMENT OF PROF. JAMES McCLINTOCK, M. D
From the Philadelphia Medical College.

A NEW ERA IN THE HISTORY OF MEDICINE!
Popular Medicine for the first time sanctioned by the
HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a *cheap* and *popular* form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations ever known for the cure of disease. They are the fruits of the most profound investigation, the wild est research, and the utmost unequaled experience, of one of the first physicians of the age. Each remedy is especially adap'ed to some *particular form of disease*, in accordance with the *highest principles of modern medical science*. Each of these remedies have been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of regular PHYSICIANS who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were un under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

READ THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands o Messrs. A. Cushman & Co., New York, the recipes of my "Family Medicine," with my full authority to prepare and offer them for popular use. They will remain as I have been in the habit of recommending and prescribing for many years, and the compound with the following pills, which are the result of my own experience, will be found a most valuable remedy in the cure of Dyspepsia, Costiveness, Piles, Fever and Ague, Dysentery, Diarrhœa, Bilious and Intermittent Fevers, Colds, Coughs, Influenza, Consumption, Rheumatism, Neuralgia, Female Complaints, Loss of Appetite, General Debility, &c. &c.

JAMES McCLINTOCK, M. D.

Anatomy and Surgery in the Philadelphia College of Medicine and Acting Professor of Midwifery; one of the Consulting Physicians of the Philadelphia Hospital, Blockley; late member of the National Medical Association; member of the Philadelphia Medical Society; member of the St. Nicholas Clinical Society; late Professor of Midwifery, President and Professor of Anatomy and Surgery in Castleton Medical College, Vermont; late Professor of Anatomy and Physiology in Berkshire Medical Institution, Pittsfield, Mass., &c. &c., &c.

No one scarcely resided the intelligent public of the great necessity which exists for the introduction of a class of *good and reliable popular medicines* which may be confidently adopted into family use and *depended on at all times* in the absence of a physician, as being the legitimate productions of *Science, Study and Long Experience*. No comment is needed to prove the immense superiority of such a class of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of the lives and health o their fellow beings. We trust confidently in the good sense of the community to support us in this effort to extirp.te the great public evil of Quackery, by giving a careful perusal to the following pills, which may trace the first twelve remedies of the series, and which comprises some of the most valuable specifics ever discovered for the several complaints enumerated. The undersigned, in accepting the proprietorship of Dr. James McClintock's Family Medicines, would respectfully state to the public, that in his profession as Practical Chemist, for nearly fifteen years past, during which time he has been actively connected with the best pharmaceutical establishments in this country, he has had constant occasion to see and prepare the prescriptions of the most eminent physicians, among whom he would name Dr. Mott Dr. Parker, Dr. Francis, Dr. Cheesman, Dr. Reese, Dr. Hosack, Dr. Schmidt, Dr. Mosely, Dr. Rissan, Drs. Pratt and Young, Dr. Beale, Dr. Green, and many others in the city of New York.

The experience thus acquired enables him to disseminate with confidence between *legitimate medicines, combined scientifically*, so as to secure a harmonious chemical action in union with their highest therapeutical effects, as the inaccurate mixtures of quackery and ignorance; wherein, for want of proper knowledge in combining them, the best ingredients may neutralise and destroy each other, or result in a substance highly injurious, and contrary to its intended design. It is with pleasure, therefore, that he testifies that the prescriptions of Dr. James McClintock are not only composed of the most valuable medical agents known to, and habitually employed by, our best practitioners in the treatment of the several diseases for which they are intended, but they are combined in such accurate proportions, in relation to their chemical and medicinal effects, as to secure the attainment of the utmost increase of their power and efficiency.

In conclusion, he will only add for himself, that he can refer with confidence to his past career, as his guarantee to the public that these *great remedies* in his hands will be *faithfully prepared* in strict accordance with the prescriptions of their distinguished originator.

SANDS' SARSAPARILLA
IN QUART BOTTLES.

For Purifying the Blood, and for the Cure
Of Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Blotches, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Dropsy, Tetter, Chronic Inflammation, Female Complaints, Loss of Appetite, General Debility, &c. &c.

IN this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla floats forms an important part of its combination, it is at the same time compounded with other vegetable remedies of great power and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation of the bowels and the blood vessels, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent which stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and from the blood all that is vitiated and tainted, thus restoring to the system the entire report of their vigor and tone. Many other preparations initiate it in bearing the name of Sarsaparilla, and in that their remedial power is entirely worthless, but this is the original and most roots,and, of course, possessing no healing or curative properties. In the selection of a remedy for any of the diseases for which this is recommended, we would advise the public to use nothing else but this concentrated, original and true Sarsaparilla, which has been published, and who are still bearing daily testimon to its worth.

ASTONISHING CURE.

NEW YORK, July 7th, 1849.

Messrs. A. B. & D. SANDS Gentlemen—Having witness the most wonderful effects from the use of your Sarsaparilla, it gives me pleasure to add my testimony to the many sent in regard to my son. In the Spring of 1848, he took a severe cold, which settled in his throat, and from this cause settled in his left leg and foot, which soon swelled to twice its natural size, and was very painful. Two physicians attended to my son without success, and finally pronounced the disease incurable, and that no less than seven ulcers formed on the leg and foot at one time. We had five physicians in consultation on the case, and the last winter found him so emaciated and low that he was unable to move from his bed, confined to a recumbent posture. During this time the bone had become so much exposed that pieces of it could be cut out, which, in all, were more than twenty-five preserved in a bottle, varying from one-half to one and a half inches in length. We had given up all hopes of his recovery, when your agent, Mr. Ballard, urged to try your Sarsaparilla, and with its use his health and strength returned, and he is now a stout, hearty boy. It was the change that less than a dozen bottles effected a perfect cure. With gratitude, I remain your friend,

JOHN HALLARD.

We, the undersigned, neighbors of Mr. Ballard, cheerfully add our testimony to the facts of the above case.

DR. HOOFLAND'S GERMAN TONIC OR HEPATIC STOMACH BITTERS,
PREPARED BY
DR C. M. JACKSON
No. 120 ARCH STREET, PHILADELPHIA.

Their power over the above diseases is not excelled, it is equalled, by any preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worth the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and Stomach, they will be found to eradicate from the system all those unpleasant and dangerous diseases arising from a disordered state of the Stomach and Liver, and prevent, by timely use, attacks of Bilious Fever, Dysentery, Diarrhœa, &c., all of which have their origin in the Stomach or Liver.

HEAD AND BE CONVINCED.

The following is a synopsis of the cures of Dr. J. W. Parker's extracted from the Certificates:

Dr. C. M. JACKSON, Philadelphia—
Bitters' are what they are represented to be. For more than one year I was afflicted with Chronic Diarrhœa, for perhaps seven-eighths of the time, until about the middle of last December, when I became enfeebled, and finally prostrated by it. My weight reduced from one hundred of my lowest became dreadfully diseased and inactive. In addition to the Diarrhœa, my liver became also undermined and sores and checked the disease and in a measure, restored appetite to my food, but still I was unable to walk, my limbs were not right, my tongue continued to be much coated, and I had frequent attacks of pain in the region of the stomach, to resume business again, entirely cured by taking five bottles. Feel it my duty to publish this. Yours, &c. BUSINESS RUNS.

Many persons are afflicted with some one of the above complaints without being able to trace it to any particular cause, and consequently make no effort to get proper remedy until the disease becomes constitutional. To all such orders are often characterized by a sense of sinking, or sensation of goneness at the pit of the stomach, nervousness, dizziness, inactitude and at times paleness or flushing of the countenance, alternate chills and heat, &c. To such persons

The excellent effects which have ever attended the use of this Bitters, and the fact that in every species of debility, is conclusive evidence of its happy effects in all such disorders. Many have resorted to these medicines as an experiment, when all other remedies had failed, and found in them a never failing remedy. Let no one despair who has used Bitters advertised and several certificates annexed, as to the genuine character of these Bitters can be had gratis to your agent, Mr. A. Turrel, at Montrose, and proceed to use them, and commenced a second age to the directions, strictly. Before I had used two bottles I found that the coating was fast being removed from my tongue, which I had not used to be much troubled with, and regular. I have used five bottles my nerves have been much relieved, and I have hopes that I will soon be entirely restored; whereas the disease has been standing for years, and I had given up all hopes of a cure. Any person can see me at my residence, Montrose, Susquehanna county, Pa.

But a short time has elapsed since these great and good medicines have been made known to the public, and already *ours* have experienced their good effects. Invalids given over by their physicians and friends, of even great standing, to sound and vigorous health by their use. These and others are the best proofs of their virtues. No one need suffer disease to try your Sarsaparilla, and with its use his health and vigor restored. Ladies, if your complexion is sallow, your blood impure, your health poor, your spirits low, your nerves irritable, your sleep disturbed, your appetite poor, your bowels costive, your head aches, your back pains, you are troubled with humors, pimples, blotches or sores, use the Forest Wine and Pills, which are combined using according to directions.
