HOME MATTERS.

Proclamation.—At this season of the year, when many of the citizens, in their patriotic desire of celebrating our national anniversary, are too apt to indulge unwisely, and without sunbersity, in the use of fire works, the discharge of pistols, fire crackers, &c., on the streets and alleys of our city,—it becomes necessary for us, in view of the accidents, and perhaps loss of life, which might occur through this reckless custom, to strictly enforce the ordinance of punishing all those who may be arrested and brought before me, charged and proven to have violated the law in this particular. Parents and guardians are respectfully, though earnestly, entreated to caution their children against all hazard of violation of the ordinance—a vast amount of public good realized.

FRED. H. VOLZ, Mayor.

Mayor's Office, Pittsburgh, July 1, 1854.—jy3-2td

THE AMERICAN CONVENTION OF ALLEGHENY COUNTY.—The Convention of the American party convened at 1 o'clock Saturday, July 1st, at the Court House, and organized by electing Mr. Theodore F. Wright, of Pitt township, Chairman; David Little, of Wilkins township, and Capt. Saml. Cooper, of the city, Vice Presidents; J. Henderson and Thos. F. Wilson, Secretaries.

Convention then proceeded to nominate and ballot for candidates which resulted in the choice of the following named gentlemen:

Assembly—David L. Smith, of Allegheny city, Wm. Mays, city, John McElhiny, of Shaler township, Thos. R. Appleton, 6th Ward and C. S. Eyster, Pitt township.

Recorder—Luke Loomis, city.

Register—S. J. Liscomb, of Birmingham.

County Commissioner—Capt. Samuel Cooper, city.

Clerk of Court—John Homer, Collins township.

Auditor—John Wright, Pitt township.

Directors of Poor—Jas. Kelly, Thos. Sanford, John McKee.

A series of resolutions were adopted endorsing the action of the Convention and deprecating the policy of nominating for office any persons who are not plainly identified with the American party.

The following gentlemen were appointed the Central Committee of Allegheny county for the ensuing year: J. C. Henderson, H. C. Corwin, B. T. C. Morgan, Joseph Duval, Alex. Wadlow, Wm. Mays and Henry Philips.

On motion, adjourned.

ORPHANS' CELEBRATION.—The managers of this affair are making extensive preparations for celebrating our Nation's Festival, and from all that we can learn, their arrangements for this year are far superior to any former year. No doubt it will be the great point of attraction besides the cause, the support of the destitute orphans.—The facility for reaching Swissvale, and the cheapness of the excursion, ten cents each way, only about one cent a mile, together with the accommodation of the hours for leaving Pittsburgh for Swissvale every hour from six to nine, and returning every hour from 7 in the morning until 8 or 9 o'clock at night, as long as there are any persons to be brought in. This of course will attract great crowds, apart from all the other good things prepared for the occasion.

COUP DE SOLEIL.—About five o'clock on Saturday evening, two children belonging to Mrs. Richardson, who resides on Penn street, near Fifth Ward, were sun struck, while playing before the door of their residence. At first, their stomachs only appeared to be sick; but gradually they fell into a state of insensibility, and, for a while, it was feared they would not recover.—Medical aid, however, was procured, and in the course of an hour they appeared better. At seven o'clock they were living, though still insensible. They are both pleasing children, and are aged respectively seven and two years.

THE AMERICAN HOUSE, BOSTON, is one of the largest and best Hotels in the country. See advertisement in another column.

TO DOG OWNERS.—All owners of dogs who wish to have them registered, under the new dog law, so as to make them personal property, can obtain certificates at the office of the Clerk of the Court of Quarter Sessions. The effect of this law will be to render all persons, who kill dogs thus registered, amenable to the owner for their full value, which may be recovered by a civil action. When taking out the certificate of register, the name, size, color and height of the dog must be accurately described; those then who intend availing themselves of the protection of the law, should be well posted up on these particular points before making application to the Clerk.

DEATH OF A CONVICT.—A TIMOR was current in the city, on Saturday, to the effect that John Hart, recently convicted of rape, and sentenced to the Penitentiary for six years, had died in that institution during the latter part of last week. A broken heart is assigned as the cause of his demise.

FIRE.—The alarm of fire on Saturday, at noon, was caused by the burning of a pottery near East Lane, below Ohio street. The fire communicated to a stable belonging to Henry Petrie, which was partially consumed; and from thence to a house owned by Henry Anshutz, in which tinnings were stored. The latter building was insured in the amount of $2000. Petrie's loss is $150; he is insured in the New Lisbon Office.—Mr. Anshutz is insured in the Franklin. Heise loss is about $500. No insurance. The firemen deserve much credit for the energy with which they worked at the fire; to their strenuous exertions to subdue the flames, the safety of the adjoining property is attributable.

BOY DROWNED.—A young boy was drowned in the Allegheny river, near the Upper Bridge, on Saturda y morning, about eleven o'clock. He was bathing with a number of lads, and venturing beyond his depth, he sank before assistance could be rendered him. The father of the lad is a German who keeps a barber shop on Chestnut street, Allegheny, near the Mechanic Street Bridge.

COMMITTED.—Sarah Ann Montgomery was brought before Alderman Thompson on Saturday, charged with larceny, on oath of Sarah Johnston. She was committed for trial. The parties are colored, and reside in the 7th ward.

PRISON STATISTICS.—During the month of June, there were one hundred and eighty-seven commitments to the county jail. Of these two were for keeping tippling houses; ten for assault and battery with intent to kill; two for rape; one for riot; two for adultery; one for fornication and bastardy; twelve for larceny; one for burglary; two for counterfeiting; twenty-five for vagrancy; ninety-three for drunkenness; ten for costs of suit; nine for surety of the peace; one for breach of city ordinance; one for fraud; two for arson, and nine for various other offences. The jail has now one hundred and twenty inmates, all of whom are in good health.

ARRESTED.—Two fellows, who were fighting at a house in the Diamond, on Saturday, were arrested and locked up for examination. They were both drunk.

REFUSED.—In the case of Bell vs. the Ohio & Pennsylvania Railroad Company, Judge Hampton, on Saturday, delivered an able and lengthy opinion, refusing a perpetual injunction and dismissing the bill with costs.

NEW YORK, July 1.

Provisions.—Gardiner reports Beef steady and active. Pork—Prices supported. Of Bacon there have been very large sales, and prices are rather favorable for sellers; shoulders, moderate sales. There are no good hams here.

More doing in linseed cake. Linseed oil in limited demand; unchanged. Tallow steady at 61s@64s 6d. North American 62s. Lard—Sales 300 tons at 49s@49s 6d. At Manchester there has been fair business done. Buyers have a slight advantage.

American Securities.—The price of American stocks have experienced but little change during the week. An active demand, and large business done.

Vienna, June 16.—The Russians made another unsuccessful attack on Silistria on the 10th. Paskiewitch received a very severe contusion on the leg. He delegated his command to Gortschakoff and removed to Jassey.

The Emperor Nicholas is expected at Kiow.

It is said that the Porte has signified their acceptance of the convention proposed by Austria with reference to evacuate the occupation of the Principalities.

St. Petersburgh, June 8th.—The news of the adhesion of Greece to the ultimatum of the Western powers has caused great surprise.

Russia is reckoning on diversions contrived at great expense in the Southern provinces of Turkey.

PARIS.—The Moniteur, alluding to the arrest of Dillon, the French Consul at San Francisco, says the Minister of France at Washington has tened to bring this infraction of Consular privileges under the notice of the government of the United States, and the language of the American Cabinet does not permit a doubt of its being disposed to do justice to just complaints.

A telegraphic despatch dated Gothland 11th, says that the French and English fleets were at Boresund, 20 miles from Sweborg, and it was expected they would attack the latter place on or after the 18th.

There were 16 Russian ships of war in Sweborg, and they had blocked the harbor by sinking a ship loaded with rocks.

A rumor prevails that the Emperor of Austria said publicly to the Duke of Gotha, "I give you my word and honor that if the Emperor of Russia does not evacuate the Principalities, I will declare war against him." It is also reported that he gave the Duke permission to repeat the remark.

A letter dated Widden May 30th, says that the Russians in leaving Lesser Wallachia carried off all the archives, public money and valuables of the convents and churches.

Money Market.—Baring's Circular states that money is without change in value, there is less demand. Consols leave off 91¾@91¾ on account. The highest point reached by Consols for account during the week is 91¾, the lowest 91 for money. There was considerable export of gold which had nearly ceased. The returns of June 16th, show the stock of coin and bullion £12,728,000, being a decrease of £22,000. Baring's quote U. S. Sixes, 1867 and 1868, at 107¾ ex div. Maryland sterling 94¼@95, Penna. Bonds 85¼@86; Virginia sterling, Fives, bonds 94; Penna. Sixes Railroad Bonds 93¾; Ohio Sixes 103 ex div;

CONGRESSIONAL.

WASHINGTON, July 1.

HOUSE.—The House took up the private calendar, and after debating one bill adjourned until Wednesday.

The committee of conference reported in favor of adjourning on the 4th of August.

SENATE.—Mr. Sumner presented the memorial of 684 men of Massachusetts praying for the repeal of the Fugitive Slave Act. He gave notice that he would on Monday next ask leave to introduce a bill to repeal that act.

Mr. Rockwell presented a petition from Lowell, Mass., praying that military officers be not employed as superintendants of National Armories.

Mr. Bright presented a memorial of 27 inspectors of Customs at Baltimore for increased compensation.

The bill allowing exchanges of School Lands in certain cases was taken up and passed.

Mr. Clayton moved to take up the bill reported by him some days since to prevent the transfer of American owned vessels to be employed in the African slave trade.

Mr. Sumner asked if the Senator designed to push that bill through its passage to-day?

Mr. Clayton—I will if I can.

Sumner.—I have not been able to give to it that examination I would like to do. As it now stands it will require some amendment which I would feel compelled to move. To my knowledge one Senator intended to debate the bill at considerable length.

He made these remarks by way of suggestion that the Bill be laid on the table for the present.

Mr. Clayton said if the Bill was to be defeated by such means, he wanted Americans to know it; it was a Bill to suppress the African slave trade.

Mr. Bright reported back the Texas creditors Bill, with a substitute therefor. This substitute divides, pro rata, eight and a half millions among those creditors, declared to be entitled to the same by the opinion of the Attorney General, of September, 1853.

Mr. Bell's motion for the construction of a line of telegraph from the Mississippi river to the Pacific ocean was made the special order for Wednesday next.

The slave trade bill being up Mr. Clayton moved several verbal amendments which were agreed to. He then said that there was a large foreign force on the coast of Africa to arrest and capture slavers. This act would have the effect of making that force effective, for it would take away the nationality of all vessels on that coast sailing under the American flag with no other papers but sea letters. At present these slavers could not be arrested by foreign vessels.

CONCORD, N. H., July 1.—Yesterday the House on motion of Mr. Emery, (Whig) postponed by a vote of 154 to 145, further balloting for Senators until next Thursday morning, and assigned Wednesday next for the consideration of the Nebraska Resolutions.

WASHINGTON CITY, July 1.—David A. Starkweather, of Ohio, is appointed Minister to Chili.

The treaty with New Mexico was ratified today, and Gen. Almonte received a check for seven millions on New York. This is undoubtedly the largest check ever drawn in this country upon one depository, and probably the largest that will ever be paid in coin.

It is extremely hot to-day. There are no new cases of Cholera reported. The general health of the city is good.

NEW YORK, July 1.—Stocks rather firmer, quiet, money in good demand at 10 to 12 on short paper, and 7 on calls. Sterling steady. Cotton unchanged, a moderate demand, at previous rates. Coffee steadier, a moderate demand; sales 250 bags at 10¾@10¾. Sugar and Molasses dull and unchanged. Tobacco, limited sales of Ky. 6@8. MONETARY AND COMMERCIAL.

The market for railroad bonds is well nigh out of credit. Such securities can scarcely be sold at any price. This is well, and is almost the only thing that affords hope in the future. The enormous expenditure in wild and often unprofitable enterprises has, more than any other cause, produced the pressure in the money market which we are now suffering, and well nigh brought on a commercial crisis, carrying all the productive interests of the country to ruin.—Therefore we sense fear of this description of securities issued by companies whose works are nearly completed that may be reliable. But the interest not only of the purchasers of those bonds, but of all judicious railroad enterprises, requires that holders should carefully look at their character and strength before they buy them. The fact is too palpable that a railroad mania has seized the public mind, and that this spirit has been encouraged by the too great facility of borrowing in the Atlantic cities.—Philadelphia Ledger.

LIGHT CARGOES.—Up to 6 o'clock, P. M., yesterday, six boats had arrived at this port from the Ohio and the upper rivers. They all brought light cargoes. The Henry Clay came in from New Orleans, but her freight consisted of railroad iron principally. The Crystal Palace, from Louisville, brought nothing but packages. The Australia and Timour, from the Missouri and Ohio, from the upper, had but very little, and the Jennie Deans, from Keokuk a rather light freight. The R. H. Lee from Lasalle, had nothing but manufacturing goods. The cargoes of all five boats that arrived from four upper streams, did not bring as much as is brought by one of the Keokuk packets when business is brisk.—St. Louis Repub.

We learn by a circular from the Directors of the Mint, that from and after the 1st of July, the price to be paid for silver purchased at the Mint, will be $1,22½ per ounce of standard fineness—nine-tenths—as determined by assay at the Mint. The price heretofore paid has been $1,21 per ounce. According to the above rate of purchase, the yield per ounce gross of the various classes of silver coin usually in the market, will be about as follows:

Five Francs, whole Dollars (severely hammered) and United States coins, issued since 1837, and prior to April, 1853, more than three cent pieces $1 22½
United States coins of uniform fineness with the Spanish and Mexican parts of a dollar, excluding pistareens 1 22
German Crowns 1 20
German Thalers 1 02

The price fixed by a former circular of December 23d, 1853, will be continued as to the Branch Mints, until further notice.

Deposits of silver, on the easy being determined, will be paid in gold or silver, at their option.
