FERNANENT ORGANIZATION.

Mr. Leiter, formerly Democratic Speaker of the Obio House of Representatives, returned thatks for the house conferred. As a man, long and close affiliated with the old line Democracy, he did not feel that he was making any sacrifice to cast his fortunes in this movement. There were many men, high in position in the Democratic party, who needed instruction, and that instruction would, without doubt be speedily given. [Applause.] He would say to his brethren and the Democratic party, "Come with us and we will do you good." He would not now be tempted to engage upon the Juggestions afforded by this vast assemblage of freemen on the anniveracy of the ordinance that secured their State and its sisters from slavery, but give way to the pressing business of the convention.

Vice-Presidents—Jon. Burgoyne, of Hamilton; Thos. Gattier, W. Sohn, of Butler; Dr. Brandreth, of Migmi; Astor Cook, of Wood; J. R. D. Bond, of Clémont; J. Probasco, of Warren; L. Phelpe; of Union: David Ayers, of Wyandot; W. G. Kephart, of Gaillis; J. T. Warren, of Asher; A. P. Stone, of Franklin,

AFTERNOON SESSION.

The convention met again at 2 o'clock.

Hon. Rufus P. Spaulding, from the Committee on Resolutions reported the following:

WITERAS. The positive prohibition of slavery in the territory north and west of Missouri imposed by Congress in the year 1820, at the instance of Southern statesman, and as an equivalent for the admission of the State of Missouri into the Union, has been removed by the passage of the Nebraska-Kansas Bill; and,

That to this end we will labor assid-tously to render inoperative and void that por-tion of the Nebraska bill which abolishes free-dom in the territories; withdrawn from he in fluence of slavery by the Missouri Compromise of 1820, and that we will oppose by every consti-tutional means any further increase of slave ter-ritories or slave States in this republican Con-federation.

Resolved, That we concur in the recommenation of the people of Michigan, and that there be called a general Convention of the free States, and of such of the slave States or portions of them, as may see fit to send delegates, with a view to adopt more effective measures to resist the eneroschment of slavery, and that a committee of the appointed to correspond and co-operate with our friends in other States on this subject. flag of the consul is again hoisted, it shall receive an official salute. The affair will soon be terminated, but it is not probable that they will receive either.

In the affair of Menard, an American citizer, drawn by conscription into the French army, the French Government has decided against the application of the American Government for his release, and he is at this moment carrying arms under the tri-color. As stated before, the French local law makes parentage the title of mationality, and it is upon this ground that they have refused to release him. Failing to find a substitute at the moment the negotiation was terminated, he was obliged to enjer the service. He will perhaps remain under arms until the affair is decided one way or the other at Washington, where it has been referred for settlement.

Advices have been received from Mr. Soule up to the 23d ult. At that time not the alightest swidence had been shown by the Spanish Government of a disposition to come to an arrangement on the Cuban difficulty. No overtures whatever have been made which could be accepted by the United States Government. If the Administration had persisted in the design of appointing two special commissioners to Madrid to settle the difficulty, Mr. Soule would have resigned immediately upon their arrival.

All the Americhan army and navy officers on furlough in Europe, have been called home. The Secretary of War released to grant a furlough to leave the residence, it was the convention to-day. After a preliminary organic and he utmost secrecy prevails in the matter.

CITY OF ROCKLAND, (Me.,) July 10.

Pablishers of the Dally Atlas:

Dear Six—Our first election for Mayor, under the City Charter, took place Saturday July 8th; only one caucus nomination was made and that by the National Democrats, who nominated Jos. Howitt, Esq. The people took the matter in hand, and the following is the result: Whole number of votes for, 925. Knott Crockett, Whg, had,636; Geo. S. Wiggin, Whig, 38; Idde Kin-hall, Anti.Nebraska Democrat, 275; Jaseph Hewott, Nebraska and Administration Democrat, 76! !! Mr. Crockett's majority over all 147.

Lancenists and Feloxists.—In the debate, on the prison estimates, Lord Palmerston is reported to have stated that, "upon the admission of convicts, they declare the religion to which they belong." About the religion of convicts we should think there must generally be some deabt, although it would be impossible to question their conviction.

MONTPLIER, July 13.—The Temperance Convention decided to make separate State nominations, and nominated the Hon. Lewis Breinard, of St. Albans, for uovernor, and E. P. A MILD WISH.—The Detroit De coived a letter from one John P. Hall, an office-holder in Michigan, which contains the following gentle wish:

under the treacherous dealings of its more nary friends, because it suffered destruction rather than aid in the dissolution of the Union, and the subjugation of the South." To this the diswer is simple and easy. It is, that all this is in exact opposition of the record. The reputation of party platforms and ties has not been decreed by the North, but exclusively by the South, and without a shadow of justification on the part of the latter. The record shows that left is the North who were abandoned, alike by their own dough-faced traitors and by Southern men pledged to a different course, from whom they supposed they had a right to look for some regard to honor and good faith. We could not follow them where their lead pointed, to opening a free domain to the curse of human servinde, to the trampling upon a sacred compact of thirty four years' standing. What the future may have in store for us we know not. We have at least, the satisfaction to know that the entire Whig party of the North is content to trait any result but dishonor.—Boston Allas.
