SEVERE STORN.—The rain storm which passed over this city on Monday ovening, appears to have extended over the larger part of Northern Illinois and Southern Wisconsin. Passengers who came in from the West by yesterday morning's train, say it amounted almost to a hurricane in Winnelsago, Boon, McHenry, and Kane counties, in this State, and also at Beloit Wisconsin: Fences were blown down on all of the high prairies, and whole fields of corn and wheat prostrated. Severe half accompanied the storm, and masterially alled in injuring the crops of small grain. At Huntly a branch from a tree was blown on the top of a shanty, crushed it in, broke the skull of an Irish woman. No other loss of life had been heard of.—Chicago Trio.

The Coors in Scotlann.—The circulars from Glasgow speak strongly of the promising condition of the crops throughout Scotland. Cereal crops, it is said, are at least two or three weeks farther advanced than at the same period last year. Seldom has there been seen thicker and stronger crops of wheat, barley and cats. A large breadth of potatoes is every where noticed, and with triding exceptions is healthy, regular, and promising.

D B. ROGERS & CO., Manufacturers of CRoss and Pirist street. Pittaburs.
