No Drug on the Prairie.—One of the excursionists to the Upper Mississippi, says: "Our driver was asked if it was healthy on the prairies? 'Yes,' he said, 'people never *really* die on them; they keep living until they *kind o' gradually* dry up and then they *blow away*. Sometimes, when the folks want to die as they do in the east, they move out and go down the river.'"

Baby Show in Canada.—It is reported that two prizes of $60 were given to the mothers of two children, one 16 and the other 17 months old. The mother of one, with commendable ambition, gave notice that in case a prize was offered next year she would have another baby to show. Good!

No creature that exists can enjoy the luxury of two more than omnibus horses do this hot weather.

MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT;
RETIREMENT OF PROF. JAMES McCLINTOCK, M. D
From the Philadelphia Medical College.

A NEW ERA IN THE HISTORY OF MEDICINE!
Popular Medicine for the first time sanctioned by the
HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK M. D., of Philadelphia, known for more than a quarter of century past as one of the greatest Practitioners and Teachers of Medicine for the first time sanctioned by the

PUBLISHING HIS PRESCRIPTIONS,

for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a *cheap* and *popular* form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations *ever known* for the cure of disease. They are the fruits of the most profound investigation, the ripest research, and the almost unequaled experience of one of the first physicians of the age. Each remedy is especially adapted to some *particular form of disease*, in accordance with the *highest principles of modern medical science*. Each of these remedies have been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

READ THE FOLLOWING CERTIFICATE

This is to certify that I have placed in the hands of Messrs. A. Cushman & Co., New York, the recipes of my "Family Medicines," with my full authority to prepare, and offer them for popular use. They are such as I have been in the habit of recommending with much success in my practice, and their compounding is well known to hundreds of regular physicians, who have been my students, and who many of them now practising with distinguished success in all parts of the country. My inducements for this course is mainly that one of the most important, that is demand for my remedies has become so large, through private report of their success, as to make their preparation too great a draft upon my time, and to the many personal solicitations of my friends and patients, in the belief that the general introduction of my remedies is necessary for the most respects a public benefit; and finally, in securing the cooperation of Mr. Alexander Cushman, who is a thoroughly educated chemist and pharmacist, and of many years of practical experience, whereby I am enabled to assure the public that they will be prepared in the best manner and most perfect form, regardless of expense.

(Signed) JAMES McCLINTOCK, M.D., Late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Acting Professor of Midwifery; one of the Consulting Physicians of the Philadelphia Lying-in Charity; late member of the National Medical Association; member of the Philadelphia Medical Society; late member of the Wistar-Chirargical College of Philadelphia; formerly President and Professor of Anatomy and Surgery in Charleston Medical College, Virginia; late Professor of Anatomy and Physiology in Berkshire Medical Institution, Pittsfield, Mass. &c. &c. &c.

We need scarcely remind the intelligent public of the *great necessity* which exists for the introduction of a class of *good and reliable popular medicines* which may be confidently adopted into family use and dispense with a part of the services of a physician, as being the legitimate productions of *Science, Study and Experience*. No argument is needed to prove the immense superiority of such a class of remedies over the dangerous compounds that are daily palmed off on the credulous and unwary men, solely for the purpose of enriching themselves at the expense of the lives and health of their fellow beings. We trust confidently in the good sense of the community to support in this effort to entirely do away with the evil of Quackery—by giving a careful perusal to the following list, which embraces the first twelve remedies of the series, and which comprises some of the most valuable specifics ever discovered for the several complaints enumerated. If you or any of your friends are sufferers, see no time in procuring the aid of the *first medical authority of the day*, by obtaining and giving a trial to such of these medicines as are adapted to the case. We call especial attention to the fine list as being most generally demanded, at this season namely, the

I.—PECTORAL SYRUP.

This invaluable Syrup is entirely vegetable in its composition, has been employed with wonderful success for many years, for the cure of diseases of the chest, throat and lungs. The most common diseases of these organs are, *irritation and inflammation* of the mucous membrane which lines the air tubes of the throat, windpipe and lungs. For any of these forms of disease, whether showing themselves as *Cough, Tickling of the Throat, Hoarseness, Pain in the Throat, Spitting of Blood, Difficulty of Breathing, Shortness of Breath, Pain in the Side, Chest or Lungs, Hoarseness or Loss of Voice*, or any disease of the throat, attended with loss of appetite, and a general prostration of strength, it will be found singularly efficacious. PRICE, per bottle, 25 cts.

II.—VEGETABLE PURGATIVE PILLS.

For the relief of Constipation, and all forms of bilious diseases such as Headache, Dizziness, Sick Stomach, Pains, and all the symptoms commencing with Indigestion, they will be found in all cases where purgation is needed, these Pills are offered as a *safe and valuable cathartic*. No invalid, or traveller should be without them. PRICE, per Box, 25 Cents.

XI.—ANTI-BILIOUS PILLS.

For Liver Complaints, and all forms of disease arising from derangement of the liver, with symptoms such as yellowness of the Eyes and Skin, Dizziness, Sick Headache, Pain in the Side, Chest, Yellow, furred tongue, pain in the right shoulder, Loss of appetite, Nausea, Fever, Chills, Hardened stomach or bowels, deficient action of the kidneys, clay colored stools, &c. These Pills, if taken in the incipient stage of any of the above diseases, will arrest the further progress of the disease, and in most cases will entirely ward off the attack. PRICE, per Box, 25 Cents.

The undersigned, in accepting the proprietorship of Dr. James McClintock's Family Medicines, would respectfully state to the public, that in his profession as Dispensing Chemist, for nearly fifteen years past, during which time he has been actively connected with the best pharmaceutical establishments in the city, he has had ample opportunity on occasion to see and prepare the prescriptions of the most eminent physicians, among whom he would name Dr. Mott Dr. Parker, Dr. Francis, Dr. Cheesman, Dr. Reese, Dr. Whitaker, Dr. Schmidt, Dr. Hosack, Dr. Eleazar, Drs. Pratt and Young, Dr. Beale, Dr. Green, and many others in the city of New York.

The experience thus acquired enables him to discriminate with confidence between *legitimate medicines, combined scientifically*, so as to secure a harmonious chemical action in union with their highest therapeutical effects, and the inaccurate mixtures of quackery and ignorance; wherein, for want of proper knowledge in combining them, the best ingredients may neutralize and destroy each other, or result in a substance highly injurious, and contrary to its intended design. It is with pleasure, therefore, that he testifies that the prescriptions of Dr. James McClintock are not only composed of the most valuable medical agents known to, and habitually employed by, our best practitioners in the treatment of the several diseases for which they are intended, but they are combined in such accurate proportions, in relation to their chemical and medicinal effects, as to secure the attainment of the utmost increase of their power and efficiency.

In conclusion, he will only add for himself, that he can refer with confidence to his past career, as his guarantee to the public that these *great remedies* in his hands will be faithfully prepared in strict accordance with the prescriptions of their distinguished originator.

IN this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but what is more important and important in its combination, it is at the same time compounded with other vegetable remedies of great power and it is in the peculiar combination and scientific process of its preparation, that its remarkable success in the cure of diseases of the blood depends. It purifies the stomach, the circulation of the bowels; and thus three pieces sea, which are ordinarily the result of three different kinds of complaints now prevailing with such fatality. It is the instrumentality of this one remedial agent which attains the great object, that is to purify, renovate, and invigorate the bowels all that is irritating, and at the same time restore their vigor and tone.
