MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT;
RETIREMENT OF PROF. JAMES McCLINTOCK, M. D.
From The Philadelphia Medical Gazette.

A NEW ERA IN THE HISTORY OF MEDICINE!

Popular Medicine for the first time sanctioned by the

HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK, M. D., of Philadelphia, known for more than a quarter of century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a *cheap* and *popular* form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations *ever known* for the cure of disease. They are the fruits of the most profound investigation, the wild est research, and the utmost unequaled experience of one of the first physicians of the age. Each remedy is especially adapted to some *particular form of disease*, in accordance with the *highest principles of modern medical science*. Each of these remedies have been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the Medical Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

READ THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands of Messrs. A. Cushman & Co., New York, the recipes of my "Family Medicine," with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending and prescribing for many years, and their success in practice is well known to hundreds of regular physicians, who have been my students, and who are many of them now practising with distinguished success in all parts of the country. My indiscriminate use of drugs are numerous one of the most urgent is, that the demand for my remedies has become so large, through private sale report of their success, as to make their preparation too great a draft upon my time; neither is the repeated solicitations of my friends and patients, in the absence of the general introduction of my remedies would be in many cases a public benefit; and finally, in securing the co-operation of Mr. Alexander Cushman, who is a thoroughly educated Chemist and practical Apothecary of many years experience, whereby I am enabled to secure the public that they will be prepared in the BEST, PUREST and most perfect form, regardless of expense.

JAMES McCLINTOCK, M. D., late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Acting Professor of Midwifery; one of the Consulting Physicians of the Philadelphia Hospital. Blockley; late member of the National Medical Association; member of the Philadelphia Medical Society; member of the Medico-Chirurgical College of Philadelphia; formerly President of Anatomy and Professor of Anatomy and Surgery in the Medical Institution, Pittsfield, Mass., &c., &c., &c.

We need scarcely remind the intelligent public of the most extensive sale which exists for the introduction of a class of *good and reliable popular medicines* now, and have confidently adopted into family use and *depended on at all times* in the absence of a physician, as being the legitimate productions of *Science, Study and Experience*. No argument is needed to prove the immense superiority of these class of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of the peace and health, their follow beings. We only need confidently in the good *cause* of the community to support us in this effort to extirpate the great public evil of *Quackery*, by giving a careful perusal to the following list, which embraces the first twelve remedies of the series, and which comprises some of the most valuable specifics ever offered for the several complaints enumerated. If you or any of your friends are sufferers, see no time in procuring the aid of the *first medical authority of the day*, by obtaining and giving a trial to such of these medicines as are best suited to the case. We call especial attention to the first on the list as being most generally demanded, at this season namely, the

SANDS' SARSAPARILLA
IS QUICK TO OPERATE
For Purifying the Blood, and for the Cure
Of Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Blotches, Tetter, Scald Head, Ringworm, Boils, Carbuncles, Syphilitic Affections, Mercurial Diseases, Liver Complaint, Dropsy, Nervous Affection, Female Complaints, Pains and Diseases of the Bones, Ulcers in the Throat and Legs, Loss of Appetite, General Debility, &c., &c.

IN this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy, and this Sarsaparilla Root formsan important part of its combination, it is at the same time compounded with other vegetable remedies of great power and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the stomach, the circulation of the bowels and blood, and those pores or, which are ordinarily the result of three different kinds of medicines, are carried on at the same time, through its instrumentality of this one remedial agent which stimulates while it disturbs and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Many other preparations imitate it in bearing the name of sarsaparilla, and in that their resemblance ends, being often prepared from worthless and inert roots, and of course, possessing no healing or curative properties, and patients in making choice of which they will use should take no other but that recommended to their confidence, from the long list of cures it has effected among witnesses, whose testimonials and residence has been published, and who are still bearing daily testimony to its worth.

ASTONISHING CURE.

PATTERSON, N. Y. Sept. 20th, 1851.
MESSRS. A. B. & D. SANDS: Gentlemen—Having witnessed the wonderful effects of your Sarsaparilla in my family, I take pleasure to send you the following statement: I was taken sick in the Spring of 1848, to took a severe cold, and after 8 weeks of severe illness, was pronounced in his left leg and foot, which soon excited to the utmost degree, and I was confined to my bed. I was reduced and discharged most profusely; after that no less than five Physicians (at none relieved him much, and at last very little, so emaciated and low that he was unable to leave his bed, and was in the most excruciating pain. During this time the bone had become so much affected that five pieces came out from one to two inches in length, more than twenty-five presented in a bottle, varying from the size of a pea to that of a finger nail. When I had given up all hopes of his recovery, but at this time of writing, I am happy to say, through the blessing of God, and with its use his health and appetite began immediately to improve, and from that time the change that less than a dozen bottles effected a perfect cure. Yours, respectfully, CHARLES GILBERT.

DARIUS HALLARD,
Witness to the above.

We, the undersigned, neighbors of Darius Hallard, cheerfully subscribe to the facts of the above statement.

The undersigned, in accepting the proprietorship of Dr. James McClintock's Family Medicines, would respectfully state to the public, that in his profession as Dispensing Chemist, for nearly fifteen years past, during which time he has been actively connected with the best pharmaceutical establishments in this country, he has had constant occasion to see and prepare the prescriptions of the most eminent physicians, among whom he would name Dr. Mott Dr. Parker, Dr. Francis, Dr. Cheesman, Dr. Hosack, Dr. Whittaker, Dr. Schmidt, Dr. Hosack, Dr. Kissam, Dr. Pratt and Young, Dr. Beals, Dr. Green, and many others in the city of New York.

The experience thus acquired enables him to discriminate with confidence between *legitimate medicines, combinations of scientificality*, so as to secure a harmonious chemical action in union with their highest therapeutical effects, an the inconsistencies and intrusions of quackery and ignorance, wherein, for want of proper knowledge in combining such ingredients materials may neutralize and destroy each other, or result in a substance highly injurious, and contrary to its intended design. It is with pleasure, therefore, that he testifies that the prescriptions of Dr. James McClintock are not only composed of the most valuable medical agents known to, and habitually employed by, our best practitioners in the treatment of the several diseases for which they are intended, but they are combined in such accurate proportions, in relation to their chemical and medicinal effects, as to secure the attainment of the utmost increase of their power and efficiency.

In conclusion, he will only add for himself, that he can refer with confidence to his past career, as his guarantee to the public that these *great remedies* in his hands will be *faithfully prepared* in strict accordance with the prescriptions of their distinguished originator.
