Reliable Firms in the City of New York.

Pianos! Pianos!! Pianos!!!

ATTENTION of purchasers is respectfully called to a new and ingenious invention in Piano Fortes, now fully perfected, and before the public, known as Hall's Celestial Triple-stringed Piano. The peculiarity of the Celestial Piano consists in its capacity for *octave playing* with the single finger, an attainment hitherto unknown to the Piano Forte.

The most ordinary performer is enabled by the aid of this improvement to produce effects in octave playing, that would confound a Thalberg or a Listz. One of its chief excellencies is its capacity to be used at will as an ordinary Piano of the sweetest quality of tone, and is instantly changed by the use of a common pedal into a combination so thrilling and majestic as to captivate and charm the heart. These instruments are superior in power to two ordinary octave Pianos, while for sweetness, purity, breadth, and richness of tone, they challenge the competition of the world.

This is the united testimony of Professors and Amateurs who have tested the Celestial Piano. Ordinary Pianos of all kinds, new and second hand for sale at reduced prices.
