PITTSBURGH GAZETTE

SAD FATALITIES.—We hear of two fatalities occurring lately in Canada, of an unusually melancholy character. In the vicinity of Sherbrook two ladies were riding in a chaise, when the approach of a railway train frightened the horse which backed off a precipice. One of the ladies whose name we did not learn, fell underneath the horse, and was crushed to death. The other, when taken up was alive, and was conveyed to her home. Her mother, upon seeing the condition of her daughter, from fright and excitement was seized with a fit and died. The other case occurred some distance above Sherbrook. A boy engaged in fishing, fell from a building into the rapids of the river. A Frenchmen near by saw the accident, and forthwith plunged in after him. The current was very swift, but he reached the boy, whom he placed under one arm, and with the other struck out for the shore. He had accomplished in this way over half the journey, when his arm struck a rock, which palsied his efforts, and both man and boy sank to the bottom, and were drowned.

MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT;

RETIREMENT OF PROF. JAMES McCLINTOCK, M. D

From the Philadelphia Medical College.

A NEW ERA IN THE HISTORY OF MEDICINE!

Popular Medicine for the first time sanctioned by the

HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with this eminent Professor JAMES McCLINTOCK M. D., of Philadelphia, known for more than a quarter of century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a cheap and *popular* form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations ever known for the cure of disease. They are the fruits of the most profound investigation, the wid est research, and the utmost unequaled experience of one o the first physicians of the age. Each remedy is especially adapted to *some particular form of disease*, in accordance with the *highest principles of modern medical science*. Each of these remedies have been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of regular Physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands o Messrs. A. Cushman & Co., New York, the recipes of my "Family Medicines" with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending in my private practice for years, and their composition is well known to hundreds of regular Physicians, who have been my students, and who are many of them now practising with distinguished success in all parts of the country. My inducements for this arrangement are the most urgent I have had, that the demand for my remedies has become so large, through private report of their success, as to make them necessary to a great a draft upon my time another in the repeated solicitations of my friends in this and adjoining States, that the general introduction of my remedies would be in many respects a public benefit; and finally, in securing the co-operation of Mr. Alexander Cushman, who is a thoroughly educated Chemist and practical Apothecary of many years experience, I am enabled to assure the public of the fact that they will be prepared in the BEST, PUREST and most perfect form; remedies of the kind.

JAMES McCLINTOCK, M. D., Late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Acting Professor of Surgery in the Castleton Medical College of Vermont; late Professor of Surgery in the Pittsfield Medical Institution, Mass.; late member of the National Medical Society, member of the Philadelphia Medical Society, member of the Medico-Chirurgical College of Philadelphia, Professor of Surgery in the Pittsfield Medical Institution, Professor of Anatomy and Surgery in Castleton Medical College, Vermont; and also, late Professor of Anatomy and Physiology in Berkshire Medical Institution, Pittsfield, Mass. &c. &c. &c.

We need scarcely remind the intelligent public of the *great necessity* which exists for the introduction of a class of *good and reliable popular medicines* which may be confidently adopted into family use and *depended on at all times* in the absence of a physician, as being the legitimate productions of *Science, Study and Experience*. Nostrums we would by no means be classed with, for the immense number of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of the lives and health of their fellow beings. We would confidently in the good sense of the community to support us in this effort to extirpate the great public evil of *Quackery* by giving a careful perusal to the following list, which embraces the first twelve remedies of the series, and which comprises some of the most valuable specifics ever discovered for the several complaints enumerated. If you or any of your friends are sufferers, one no time in procuring the aid of the *first medical authority of the day*, obtained, and giving a trial to such of these medicines as may adapted to the case. We call especial attention to the first o the list as being most generally demanded, at this season namely, the

I.....PECTORAL SYRUP.

This invaluable Syrup, which is entirely Vegetable in its composition, has been employed with wonderful success for many years in the cure of Consumption, Coughs, Colds, Whooping Cough, Bronchitis, Asthma and Influenza, which lines the air tubes of the throat, windpipe and lungs. For any of these forms of disease, in addition to the Syrup, Dimness or Loss of Vision or the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Irritation, and Fever, with Hectic Flush, Loss of Spirits, CAN BE EFFECTUALLY CURED BY

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS.

DR C. M JACKSON

No. 120 ARCH STREET, PHILADELPHIA.

Their power over the above diseases has never been excelled, if equalled, by any other preparation in the United States, as innumerable certificates of many cases of skillful physicians had failed.

These Bitters are worth the attention of invalids, as seeing great virtues in the rectification of the diseases of the Liver and lesser glands, arresting the most searching powers of disease, and restoring the action of the digestive organs, they are, withal, safe, certain and pleasant.

HEAD AND AIR CONVINCED.

The following account of the cure of the Rev. J. W. PARKER is extracted from the Christian Chronicle:

PHILADELPHIA, December 7, 1852.—Dear Sir:

Dr. C. M. Jackson, Dear Sir:—I believe your German Bitters have saved my life. I had been afflicted for more than one year I have been trout ed with Chronic Diarrhœa and Dyspepsia, which baffled the skill of the best physicians of last September, when I became enfeebled, and finally prostrated by stomach and the mucous membrane of my bowels became inflamed, and I was reduced so low that condition, I called upon a physician who understood my case and prescribed for the disease, in a manner that put action to my bowels, but still my stomach and bowels rejected my food, and I was giving way to death, when the relief frequently checked my powers of the digestive organs but partially performing their regular functions. I was induced to call upon your agent in this city for your Bitters, which I did, and got one bottle, which I used in the Christian Chronicle, I noticed "Dr. Hoofland's German Bitters" and as I had spent considerable means without benefit, commencing your Bitters in cases similar to mine. I sent for a bottle, and before I had taken quite one bottle, and another, and procured several to the direction, and in a short time was restored to health, and have been ever since. Yours, respectfully,

JOHN RUTHERFORD,
No. 99 Wylie st., Pittsburgh.

PITTSBURGH, Aug. 24, 1852.

Dear Sir:—I have been afflicted with a disease of the stomach, palpitation of the heart, and nervousness, for more than two years, and have spent some hundreds of dollars in order to obtain relief, but to no purpose. I at length heard three cases of Electro-Chemical Aroma, or Hooflan d's German Bitters, and was willing to make a trial of them. I have now used three bottles of your Electro-Chemical Aroma, or Hooflan d's German Bitters, and am entirely restored. I can eat and sleep well, and attend to my business. I feel it a duty I owe to suffering humanity to recommend it to all those who are similarly afflicted.

D. S. WOODS.

Mr. Benj. Page, Jr.—*Dear Sir:* My situation as a druggist does not admit of my recommending your Holland Bitters—having suffered with a severe pain in the head, loss of appetite, mental depression, and in fact general disorder of the system. I find after using but one bottle, conscious o. returning health.

(Signed) NICOLUS SCHOSTER.

Benj. Page, Jr., *Esq.—Dear Sir:* I have been relieved o. the most distressing form of Dyspepsia, by the use of Dr. Hoofland's German Bitters, (purchased of you) after suffering for 5 years with head-ache, nausea, and general debility attending indigestion. I can only refer persons to me.

Yours, respectfully, JOHN RUTHERFORD,
No. 99 Wylie st., Pittsburgh.

☞ Buy BOERHAVE'S "Holland Bitters" and take no other. Should it fail, in any instance, to effect a speedy and more than the advertisement claims for it, your money will be refunded.

SANDS' SARSAPARILLA
IN QUART BOTTLES.

For Purifying the Blood, and for the Cure
of Scrofula, Rheumatism, Cutaneous Diseases, Dyspepsia, Salt Rheum, Piles, Ring Worm, Pimples, Blits, Mercurial Diseases, Chlaneous Eruptions, Liver Complaint, Drospsy, Consumption, Female Complaints, Loss of Appetite, General Debility, &c. &c.

IN this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root formes an important part of its combination, it is at the same time compounded with other vegetable remedies of great power and it is in the peculiar combination and scientific manner in which the various ingredients are blended together that the power of the compound depends. It acts simultaneously upon the stomach, the circulation of the bowels and thus three grand sources of life and health. The remedies which purify the blood are carried on at the same time, through its instrumentality, to every part of the system, and in contact with the fibres of the body. Any impurities for the time being in the mass of Sarsaparilla, and in that their vegetable properties, and to make them more worthy of the confidence, from the long list of cures it has effected on the human family. It has established a real reputation, and is now published, and who are still bearing daily testimony to its worth.

ASTONISHING CURE!

NEW YORK, Sept. 20th, 1851.

MESSRS. A. B. & D. SANDS Gentlemen—Having witnessed the most beneficial effects from the use of your Sarsaparilla in my own family, I feel it a duty I owe to the afflicted to present in regard to my son. In the Spring of 1848, he took a severe cold, which settled in his throat, from suffering the disease settled in his left leg and foot, which soon swelled to the utmost. The swelling was attended by the physicians of the Municipal and Quarantine Hospitals, where he was for fifteen months, during which time he underwent fifteen operations, from one of which five figments were taken out. During this time the bone had become so much affected that piece after piece came out, of which he has now in his possession, fifteen pieces, the largest piece of which was from one-half to one and a half inches in length. We had given him over as incurable, when I was induced by a friend to try your Sarsaparilla, and with the use his health and appetite returned, the wounds healed, and the only change that took place was from a dozen bottles effected a perfect cure. With gratitude, I remain truly yours,

JOHN LEONARD,
No. 1 Bowery.

We, the undersigned, neighbors of Mr. Ballard, cheerfully make known the facts of the above statement.

H. A. & S. HUNT, A. H. TROWBRIDGE,
JOHN BALLARD, H. SISTWOOD.

CHERRY PECTORAL

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolonging the term of human existence, none can stand higher in real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that in medicine as in machinery, there is a principle known, can so surely control and cure the numerous varieties of pulmonary diseases that have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe, none need be at length found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures affected by its use, but we would present the following—and refer all others to our pamphlet, to be had for the asking—which, below named, will always be pleased to furnish free, where in are full particulars, and indisputable proofs of there statements.

OFFICE OF TRANSPORTATION,
LAURENS R.R. & C. Co., August 4, 1852.

J. C. Ayer—Sir: About two years ago, a negro lad, we had rescued from a very severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him to be in a dead chill. Having a few Cherry Pectoral in California in the winter of 1850, for a severe attack of the Lungs, I gave the boy a dose, and ordered to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night I found a decided change for the better, and after three day's use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from an untimely grave, and relieve the hearts of many a fond parent. For all affections of the throat and lungs, I believe it is the best medicine extant. A feeling of gratitude prompts me to send you the above, hoping it may line—but for your important discovery, my little boy would now be numbered with the dead.

I am yours, with great respect,
DR. POTTLE, Sup. Trans. L. R. R.

ROCK HILL, (formerly Co.,) S. C., July 31, 1852.

Dr. J. C. Ayer—Since your medicine has become known here, it has a general demand that I have not known to exist ed before ever sold. It is spoken of in terms of unmeasured praise, by those who have used it, and I know of many cases in this district, in which it has done so much for the good it has done. I take pleasure in selling such a valuable article, as I am giving my customers the worth of their money, and I feel gratified in seeing the effects.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITAKER.
P. S.—I have a number of certificates which I can send you if you wish it.

WISDOM, U. W., June 26, 1852.

J. C. Ayer—Sir: This may certify that I have used your CHERRY PECTORAL for upwards of one year; and it is in my opinion the best Cough Medicine I have ever known. I have used it in my family for Colds, Coughs and Sore Throat, and it has never failed to give immediate relief. I have also used it in my practice, and find it to be a powerful remedy.

Yours, truly, D. A. McCULLIN, Attorney at Law.

WILLIAMSBURG, Pa., Sept. 28, 1850.

Dr. J. C. Ayer—My Dear Sir: I have long been convinced of the virtues of your Cherry Pectoral, and have used it in my family for years, and have found it to be the most reliable remedy for Coughs, Colds, Whooping Cough, Croup, Influenza, Bronchitis, and Consumption, that I have ever known, and have recommended it to my friends and neighbors, and have never known it to fail to give satisfaction. I have also used it in my practice, and find it to be a powerful remedy. Yours, truly,

JAMES WARDROP.

Their power over the above diseases has never been excelled, if equalled, by any other preparation in the United States, as innumerable certificates of many cases of skillful physicians had failed.

These Bitters are worth the attention of invalids, as seeing great virtues in the rectification of the diseases of the Liver and lesser glands, arresting the most searching powers of disease, and restoring the action of the digestive organs, they are, withal, safe, certain and pleasant.

HEAD AND AIR CONVINCED.

The following account of the cure of the Rev. J. W. PARKER is extracted from the Christian Chronicle:

PHILADELPHIA, December 7, 1852.—Dear Sir:

Dr. C. M. Jackson, Dear Sir:—I believe your German Bitters have saved my life. I had been afflicted for more than one year I have been trout ed with Chronic Diarrhœa and Dyspepsia, which baffled the skill of the best physicians of last September, when I became enfeebled, and finally prostrated by stomach and the mucous membrane of my bowels became inflamed, and I was reduced so low that condition, I called upon a physician who understood my case and prescribed for the disease, in a manner that put action to my bowels, but still my stomach and bowels rejected my food, and I was giving way to death, when the relief frequently checked my powers of the digestive organs but partially performing their regular functions. I was induced to call upon your agent in this city for your Bitters, which I did, and got one bottle, which I used in the Christian Chronicle, I noticed "Dr. Hoofland's German Bitters" and as I had spent considerable means without benefit, commencing your Bitters in cases similar to mine. I sent for a bottle, and before I had taken quite one bottle, and another, and procured several to the direction, and in a short time was restored to health, and have been ever since. Yours respectfully,

JOHN RUTHERFORD,
No. 99 Wylie st., Pittsburgh.

PITTSBURGH, Aug. 24, 1852.

Dear Sir:—I have been afflicted with a disease of the stomach, palpitation of the heart, and nervousness, for more than two years, and have spent some hundreds of dollars in order to obtain relief, but to no purpose. I at length heard three cases of Electro-Chemical Aroma, or Hooflan d's German Bitters, and was willing to make a trial of them. I have now used three bottles of your Electro-Chemical Aroma, or Hooflan d's German Bitters, and am entirely restored. I can eat and sleep well, and attend to my business. I feel it a duty I owe to suffering humanity to recommend it to all those who are similarly afflicted.

D. S. WOODS.

Mr. Benj. Page, Jr.—*Dear Sir:* My situation as a druggist does not admit of my recommending your Holland Bitters—having suffered with a severe pain in the head, loss of appetite, mental depression, and in fact general disorder of the system. I find after using but one bottle, conscious o. returning health.

(Signed) NICOLUS SCHOSTER.

Benj. Page, Jr., *Esq.—Dear Sir:* I have been relieved o. the most distressing form of Dyspepsia, by the use of Dr. Hoofland's German Bitters, (purchased of you) after suffering for 5 years with head-ache, nausea, and general debility attending indigestion. I can only refer persons to me.

Yours, respectfully, JOHN RUTHERFORD,
