DIVORCE IN CALIFORNIA.—It is the easiest thing in the world to get a divorce in California, and people upon all pretences avail themselves of this fatal facility. Recently, Mrs. Lindley, the wife of David Lindley, who had been ten years his wife and born him seven children, all of whom were deceased, came to California to join him where he was at work as an honest carpenter, and had sent for her, put upon her arrival, for some unaccountable reason, she coolly told him that she had not come to live with him, but merely take advantage of the law and apply for a divorce. The result was choking that Mr. Lindley gave his spouse, and a prosecution of that honest carpenter for an assault, which the Recorder dismissed.

MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT;
RETIREMENT OF PROF. JAMES McLINTOCK, M. D
From the Philadelphia Medical College.
A NEW ERA IN THE HISTORY OF MEDICINE
Popular Medicine for the first time sanctioned by the
HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McLINTOCK, M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the manufacturing of his recipes, and the preparation of his FAMILY MEDICINES therefrom, which will be put up in a cheap and peculiar form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations ever known for the cure of disease. They are the fruits of the most profound investigation, the wild art research, and the utmost unexampled experience of one of the first physicians of the age. Each remedy is especially adapted to *some particular form of disease*, in accordance with the *highest principles of modern medical science*. Each of these remedies have been tried, improved, and finally perfected, by the course of a long, active and highly successful practice, and only in Philadelphia, but throughout many distant sections of this country to which his great reputation has called him. Their extraordinary virtues and effects are known and approved of by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were on his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

READ THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands of James McLintock, A. Cushman & Co., New York, the recipes of my "Family Medicine," with my full authority to prepare and offer them for sale in a regular manner. They are such as I make use of in the habit of recommending and prescribing for many years, and their success with my patients, as well as those of my regular physician, who have been my students and who are many of them now practising with me, distinguished reputation in all parts of the country. My inducements for this step are numerous; one of the most urgent is that the certain are numerous; one of the most urgent is that the certain and permanent effects of my remedies have become so well known, through my extensive practice, as to make their preparation for general use a matter of public necessity. I am also induced to this step by the solicitations of my friends and patients, in the belief that the several intricate combinations of my Medical Assistant, the Medical Extract, the Pectoral and Cathartic Pills, and finally, in securing the co-operation of Mr. Alexander Cushman, as a partner, a gentleman of high character and practical experience of many years in the drug business, I can place in the hands of druggists, and the public generally, a class of medicines of unrivalled excellence, whereby I am enabled to offer them at such prices as will present them in the most prompt and most perfect form, regardless of expense.

JAMES McLINTOCK, M. D., late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Lecturer on Surgery in the Pittsfield Medical Institute, late Professor of the Philadelphia Hospital, Physician and Surgeon to the Philadelphia Medical Asylum for Inebriates, late member of the Philadelphia Medical Society, member of the Medico-Chirurgical College of Philadelphia, late President and professor of Surgery in the Castleton Medical College, Vermont, and also late Professor of Anatomy and Surgery in the Medical Institute of Philadelphia, Miss., Louisiana, &c.

We need scarcely remind the intelligent public of the great and valuable services rendered to the introduction of a class of new and *reliable popular medicines* which may be confidently adopted into family use and *depended on with certainty* in the absence of a physician, as being the legitimate productions of Science, *Study and Experience*. No argument is needed to prove the immense superiority of such a class of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of the health and happiness of their fellow beings. We trust confidently in the good sense of the community to sustain us in this effort to retire as the great public self of *Quackery* from its fatal and baneful pursuit to the following list, which embraces the first twelve remedies of the series, and which comprises some of the most valuable and popular discoveries ever offered to the American people. If you or any of your friends are sufferers, one no time in procuring the aid of the *first medical authority of the day*, by purchasing and giving a trial to such of the remedies as are adapted to the case. We call especial attention to the first of the list as being most peculiarly demanded, at this season namely, the

WHEELING, Pa., July 30, 1853.

Dr. J. C. Ayer—My Dear Sir:—I consider it my duty to inform you of the great benefit I have derived from the use of your Cherry Pectoral in California in the severe attack of Bronchitis with which I was afflicted on the Plains. I was so hoarse that I could not speak above a whisper, and had a very severe cough. Your Cherry Pectoral relieved me almost immediately, and I have since found it a most valuable remedy for Coughs, Colds, and Bronchitis. I shall always keep it by me, and would not be without it for any consideration. I tell you this from a sincere desire to do you good, and that others may be induced to try it on my recommendation, and find relief, as I did, from the use of your Cherry Pectoral.

Yours, truly,
D. POWELL, Sup. Trans. L.R.R.

Rock Hill, (Somerset Co.,) Pa., July 25, 1853.

Dr. J. C. Ayer—Sir:—Your Cherry Pectoral has become known here, it has a greater demand than any other cough remedy we have ever sold. We have had the agency for it for many years, and those who have used it, are loud in its praises. Some of our customers think it is the best medicine of the kind in the world. Several of them say it has saved the life of their children. I take pleasure in selling it, because I know that I am giving to the afflicted a remedy that will relieve them. I am, yours, truly,

ISAAC M. SHAFFER, P. M.

MISCELLANEOUS.

AYER'S
CHERRY PECTORAL

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolongate the term of existence, there is none which has proved of more real value to mankind, than this combination of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that the most obstinate and dangerous affections of the Throat and Lungs, yield to it with certainty, and are speedily cured, and even those formidable diseases, which destroy more lives than all other maladies combined, Consumption, Asthma, Bronchitis, Croup, Hoarseness, Influenza, Whooping Cough, and even Incipient Consumption, are conquered by it, and the patient restored to health and vigor. Indeed, so wonderful are its effects, so numerous the cases of its cures, so complete the triumph over the most dangerous and distressing of the ills that afflict mankind, that it seems to be the duty of every one to make them known, that the people may avail themselves of the protection they afford against these fatal diseases.

Prepared by J. C. AYER, Practical Analytical Chemist, Lowell, Mass. Sold by Druggists and Dealers in Medicines everywhere.
