PITTSBURGH GAZETTE

FINE HOSES.—The extravagance in linen articles in Paris is, at the present time, without parallel. The correspondent of the Journal of Commerce remarks that on handkerchiefs particularly is lavished all the needlework can give of taste and elegance. There is the imperial handkerchief embroidered in gold and silver; to prevent this embroidery being too dead and heavy, the modern architect blends with it a silky cotton, which throws a soft shade around the gold; there is also the violet handkerchief worked all over with violets in a mother-of-pearl cotton; the medioval handkerchief, with escutcheons and arms; the Francis the First handkerchief, the Pompadour handkerchiefs an assemblage of flowers, arabesques, and foliage.

Edgeworth' Ladies Seminary.

THE Subscriber having made arrangements for taking the place of Professor Williams, in the charge of the Edgeworth Ladies' Seminary, would respectfully invite the friends of the institution, and the public generally, to call at the Seminary on the first Monday of November. The former teachers (with perhaps one exception), will be retained, and no pains will be spared in the department of instruction and government pursued. Every possible effort will be made to secure the mental and moral improvement of the pupils. Being himself a physician, the utmost attention will also be given to the health of those placed under his care.

Twelve years' experience in conducting boarding schools in this country in the city, gives the principal no small advantage in his present undertaking.

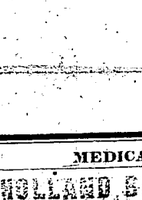
MEDICAL.

HOLLAND BITTERS



SOLE HAVE'S ELECTRO-CHEMICAL ARCANA.

GENUINE HOLLAND BITTERS

FROM LOUIS A. DISRAELS, Chemist and Pharmaceutist, of Amsterdam, the only Manufacturer. A purely Vegetable Compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor Boerhaave. Because of its great success in most of the European States, its introduction into this country has been urged upon me especially for those of our United States so exposed to the fatal fevers of this Father land scattered here and there over the face of this mighty country. Bleeding with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

IT IS A SURE REMEDY FOR

Fever and Ague, Dyspepsia, Sick Headache, Headache, Sour and Foul Stomach, Offensive Breath, Biliousness, Unpleasant taste in the mouth after eating or sleeping, Indigestion, costiveness, nausea, vertigo, extreme languour and exhaustion, loss of appetite, despondency, drowsiness, impaired sight and memory, pain and sense of fulness in the head, and all disagreeable sensations arising from a disordered state of the

LIVER OR STOMACH.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation; they greatly instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirits, and, in fact, infusing new health and vigor into the system.

A TRULY VALUABLE MEDICINE.

In all cases of Diarrhea, Dysentery, Cholic, Cholera Morbus, and the many unpleasant effects attending a change of water or climate

No Change of Occupation or Residence, in any shape, is necessary while using these Bitters.

No Interference with Business, in any shape, is necessary while using these Bitters.

They are worth the attention of invalids. Possessing great virtues in the rectification of diseases of the digestive organs, they assert a claim to the confidence of the afflicted, which will be found certain and pleasant.

HEAD AND SHOULDERS CONJOINED.

The following account of the cure of the Rev. J. W. Parkhurst is extracted from the Christian Chronicle:

MONTPELIER, Susquehannah Co., Pa., Feb. 7, 1852.

Dr. C. M. Jackson, DEAR SIR:—I believe your German Bitters are what they are represented to be. For more than one year I have been much troubled with Chronic Diarrhœa perhaps more frequently at the close, until at the close of last September, when I became enfeebled, and finally prostrated by it. My physician had all but given me up, and my friends became dreadfully lessened and inactive. In my brief words became dreadfully lessened and inactive. In that condition, I called upon a physician who prescribed your case and chosen the diseases in all its stages, restored action to my bowels. But still my stomach and bowels were all in a state of irritation, so much so that I could not retain the relax frequently checked my powers, the digestive organs lost partially performing their functions, and every variety of distress with extreme nervous debility. Being an agent for the Christian Instructor, I purchased Dr. Hoofland's German Bitters advertised, and several certificates annexed, recommending your Bitters as a valuable medicine. I began commending your Bitters as a valuable medicine. I began to use them, and commenced according to directions. The two bottles, and commenced according to directions. The first bottle I took, effected a change in my system, and before I had finished the contents, I found that the coating was fast being removed from my tongue, and the bowels and the stomach were relieved. The second bottle I have used five bottles; my nerves have become manifestly restored, and my health is now as good as it ever was. I am a living witness that your Bitters are worthy all the confidence that can be reposed in them. I am, dear sir, yours, respectfully,

J. W. PARKHURST.

Read the following certificate:

This is to certify that I have placed in the hands of Messrs. A. Cushman & Co., New York, the recipes of my Family Medicine, with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending and prescribing for many years, and their composition is well known to hundreds of regular physicians, who have been my students, and who, regular physicians, who have been my students, and who, are many of them now practising with distinguished success in all parts of the country. My independents for this are my own manuscript, one of the most urgent is that the demand for my remedies has become so large, through the vast report of their cures, as to make their preparation the great labor of my time; another is the persuaded me to create a draft upon my time; another is the persuaded me to create a draft upon my time; another is the persuaded solicitation of my friends and patients, in the belief that the general introduction of my remedies would be in many cases a public benefit and finally increasing the occupation of Mr. Alexander Cushman, who is thoroughly educated Chemist in America, and a gentleman of many years' experience, thereby fully enabled to assure the public that they will be prepared in the best, purest and most efficacious manner.
