PITTSBURGH GAZETTE

SHERIDAN one day met two fops who thus dippantly addressed him:

"I say, Sherry, we have just been discussing whether you are the greater fool or rogue, what is your opinion, my boy?"

Sheridan, having bowed at the compliment, took each by the arm, and instantly replied, "Why, faith, I believe I am between them both."

SMOKE says that the best sewing machine in the world is one about seventeen years old, with a short sleeve dress, pretty little feet with gaiter boots on.

Fresh Stock of Nunns & Clark's Pianos

H. KLEBER respectfully informs the public that he has just returned from the Eastern cities with the largest and most complete stock of Pianos ever brought to this city. They are from the celebrated factory of NUNNS & CLARK, N. Y., and are warranted perfect in every respect. The 6¼ octave Pianos have received the first class premiums, both in this country and Europe, and they are considered by the musical profession as equal to any piano in general, as altogether unrivalled and unequalled. The prices will be the same as charged at the factory, without addition. They range from $250 to $1,200. Also, a choice lot of Pianos in walnut and rosewood veneer Pianos. Dunham's Pianos were among the first used in this city, and they have kept up a most enviable reputation to the day for superiority of tone, touch and durability.

The above lot comprises all styles and prices, and as every instrument offered for sale by the subscriber is carefully and thoroughly tested by him, he can, in all cases, guarantee to furnish purchasers with a good, reliable, and reliable Piano, and at factory prices. Persons in want of a good Piano will find it to their interest to call and examine before buying elsewhere. HENRY KLEBER.

MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT; RETIREMENT OF PROF. JAMES McCLINTOCK, M. D. *From the Philadelphia Medical Collegr.*

A NEW ERA IN THE HISTORY OF MEDICINE

Popular Medicine for the first time sanctioned by the

HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK, M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Teachers of Medicine and surgery in this country or in Europe, for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a cheap and popular form, adapted for general use, and suited to the most prevalent diseases these remedies embrace some of the most valuable discoveries and combinations ever known for the cure of disease. They are the fruits of the most profound investigation, the will and research, and the almost unequaled experience of one of the first physicians of the age. Each remedy is a special and *unfailing remedy for each particular form of disease*, in accordance with the *highest principles of modern medical science*. Each of these remedies have been tried, improved, and finally perfected in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

READ THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands of Messrs. Cushman & Co., New York, the recipes of my "Family Medicines" with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending and prescribing for many years and their composition is well known to hundreds of regular physicians, who have been my students and who are many of them now practicing with the most flattering success in all parts of the country. My inducements for this step are numerous; one of the most urgent is, that the demand for my remedies has become so large, through private report of their virtues, as to make their preparation much more a draft upon my time, than is the repeated calls of my friends and relations, in the belief that the general introduction of my remedies would be in many respects a public benefit; and finally, in securing for them a proper attention to their purity, I am enabled to secure the valuable services of Mr. Cushman, who is a thoroughly educated Chemist and practical Apothecary of many years experience, whereby I am enabled to assure the public that they will be prepared in the BEST, PUREST and most perfect form, regardless of expense.

JAMES McCLINTOCK, M. D., Late Professor of Anatomy and Surgery in the Philadelphia College of Medicine and Adjunct Professor of Midwifery, one of the Consulting Physicians of the Philadelphia Hospital, Honorary and Corresponding Member of the Medical Association, member of the Philadelphia Medical Society, Corresponding Member of the Medical Chirurgical College of Philadelphia, formerly President and Professor of Anatomy and Surgery in Castleton Medical College, Vermont, and also, late Professor of Anatomy and Physiology in Berkshire Medical Institution, Pittsfield, Mass., &c., &c., &c.

We need scarcely remind the intelligent public of the *extraordinary* efficacy of the introduction of a class of *good and reliable popular medicines* which may be constantly adopted into family use and *dependence* placed upon in the absence of a regular physician. See Inclination of *Nature, Study and Experience.* No argument is needed to prove the immense superiority of such a class of remedies over the dangerous compounds that are daily forced upon the community by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of the lives and health of their fellow beings. We trust confidently in the good sense of the community to support this effort to contribute to the great public evil of *Quackery* by giving a careful perusal to the following list, which embraces the first twelve remedies of the series, and which ensures them one of the most valuable positions ever discovered for the several complaints enumerated. If you or any of your friends are sufferers, one no time in procuring the aid of the *first medical authority* of the age, by using the following list of these medicines as are adapted to the case. We call especial attention to the first as being most generally demanded, of this season, namely, the

The undersigned, in accepting the proprietorship of Dr James McClintock's Family Medicines, would respectfully state to the public, that in his profession as Dispensing Chemist, for nearly fifteen years past, during which time he has been actively connected with the best pharmaceutical establishments in this country, he has had constant occasion to see and prepare the prescriptions of the most eminent physicians, and among them Dr James McClintock, Dr. Parker, Dr. Francis, Dr. Cheesman, Dr. Reese, Dr Whittaker, Dr. Schmidt, Dr. Hosack, Dr. Kissam, Drs. Pratt and Young, Dr. Beals, Dr. Green, and many others in the city of New York.

The experience thus acquired enables him to discriminate with confidence between *legitimate medicines, combined scientifically*, so as to secure a harmonious action of the whole system with which they come in contact, and the inaccurate mixtures of quackery and ignorance; wherein, for want of proper knowledge in combining them, the best ingredients may neutralize and destroy each other, or result in a substance highly injurious, and contrary to its intended design. It is with pleasure, therefore, that he certifies that the prescriptions of Dr. James McClintock are the only compound of the kind to which he can safely known to, and habitually employed by, our best practitioners in the treatment of the several diseases for which they are intended, but they are combined in the most accurate proportions, in relation to their chemical and medicinal effects, as to secure the attainment of the utmost increase of their power and efficiency.

In conclusion, he will only add for himself, that he can refer with confidence to his past career, as his guarantee to the public that these *great remedies* in his hands will be *faithfully prepared* in strict accordance with the unvarying claims of their distinguished author originality.
