DIGNITY DOWN.—Rev. W. T——, of Indiana, is a large man of dignified bearing, and when preaching extremely sensitive to any disturbance, a slight impropriety on the part of the congregation being quite sufficient to throw him off the track.

He had some years ago, in connection with his pastorate, a small congregation in the country, to which he preached semi-occasionally at a private house. The incident here recorded happened at this place, when a small, but select audience was listening to one of T——'s really animated and sensible sermons.

As the preacher waxed warm, he observed some mysterious movement among the female gender, which attracted his attention away from the sermon. It grew more observable, until he discovered the hostess collecting some live coals upon a shovel, and preparing, to march with them to an adjoining room. It was late in the afternoon, and by clerical instinct, he thought the old woman was about to prepare his supper. He could not stand that.

"Stop sister, stop," said he. "I shall not remain to supper, and you need not trouble yourself to prepare any for me."

"I ain't a going to," said the old lady in reply. "That's a woman here got the ager, and we are just bilin' some yarbs for her."

I wasn't there just at that time, but I could discover my difficulty in believing that all the starch was speedily taken out of that sermon.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, there can be named of more real value to mankind, than this combination of Cherry to its Healing Art. It must be known throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary diseases that have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a remedy has at length been found which can be relied on, to cure those dangerous affections of the lungs. One grain here will not permit us to publish any proportion of the cures affected by it; one, but we would present the following—and refer for their accuracy to any American Almanac, which we send below named, will always be pleased to furnish free, where in are full particulars, and indisputable proofs of these statements.

OFFICE OF TRANSPORTATION,
Lowell, Mass., August 4, 1853.

*J. C. Ayer—*Sir: My wife, aged 30 years old, has suffered severely from a very severe cough, which settled on her lungs, and finally resulted in a confirmed consumption. She was confined to the house in the winter of 1850, for a severe attack of bronchitis, with entire success. I was induced to try it on my little boy, who was afflicted with a severe cough, commencing in the morning, and by 9 o'clock at night, it would change to a hoarse whistle. He was relieved after three day's use, he was able to eat or drink with out pain.

The use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the throat and lungs, I believe it the best medicine extant, falling of the deepest gratitude, prompts me to divulge the above medicine—but for your important discovery, my little boy would not have been in another world.

I am yours, with great respect,
J. D. POWELL, Agent for Mass. Trans. R.R.R.

ROCK HILL (Somerset Co.,) N.Y., July 23, 1852.

Dr. J. C. Ayer—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unbounded praise, by those who have used it. In all cases of consequence where the best they can say of it is not too much for the good it has done. It is the opinion of many, in fact, it seems I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with esteem,
JOHN C. WHITLOCK.

P. S. Almost any number of certificates can be sent you if you wish it.

WINDSOR, C. W., June 26, 1852.

J. C. Ayer—Sir: This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time, if I had not. It has cured me of a distressing cough of the Lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours, very respectfully,
D. A. McMILLAN, Attorney at Law.

WILLOUGHBY, Pa., Sept. 25, 1850.

Dr. J. C. Ayer—Sir: Your medicine is much approved of by those who have used it. Your fame as a physician is such as to insure and maintain its reputation. I cheerfully recommend it for pulmonary affections, as a remedy of our principal physicians.

I am your friend,
GEAN STREATER, M. D.

MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT,
RETIREMENT OF PROF. JAMES McCLINTOCK, M. D.
From the Philadelphia Medical Gazette.

A NEW ERA IN THE HISTORY OF MEDICINE.
Popular Medicine for the first time sanctioned by the
HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made arrangements with the eminent Professor JAMES McCLINTOCK, M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Professors of Medicine and Surgery in this country or in Europe for the purchase of his recipes, and the preparations of sundry of FAMILY MEDICINES therefrom, which will be put up in a cheap and *popular* form, adapted for general use, and suited to the most prevalent diseases. These remedies embrace many of the most valuable discoveries and combinations *ever known* for the cure of disease. They are the fruits of the most profound investigation, the widest research, and the utmost unequaled experience of one of the first physicians of the age. Each remedy is especially adapted to *a one particular form of disease*, in accordance with the highest principles of modern medical science. Each of those remedies have been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his great reputation has called him. Their nature and effect are known and approved of by hundreds of peculiar character, who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the College of Philadelphia, Castle Inn, Pittsfield, and elsewhere.

READ THE FOLLOWING TESTIMONY:

"This is to certify that I have placed in the hands of Messrs. A. Cushman & Co., New York, the recipes of my "Family Medicine," with my full authority to prepare and offer them for popular use. They are what I have found in the habit of recommending and prescribing for many years; and they are precisely the same which are known as Dr. McClintock's Family Medicines, who have been my students and who by means of their own practice with the directions I have given them, have found them to be in many instances a public benefit, and finally, in correcting the operation of Mr. Alexander Ostheimer, who, with all his deceptive Chamber and Spout Apothecary of many years experience, whereby I am enabled to secure the public from the evils of all pretenders in the art. Witness my hand and seal, this 1st day of January, 1853.

JAMES McCLINTOCK, M. D., late Professor of Anatomy and Physiology in the Philadelphia College of Medicine and Surgery, Castle Inn, Pittsfield, Mass., &c., &c., &c., late Professor of the Philadelphia Hospital, Inspector, late consulting Physician of the Philadelphia Dispensary; late member of the Philadelphia Medical society; late member of the Philadelphia Medical and Chemical Society; member of the Medico-Chirurgical College of Philadelphia; formerly President and Professor of Anatomy and Physiology in Hamilton Medical College, Vermont; and also late Professor of Anatomy and Physiology in Franklin Medical Institution, Pittsfield, Mass., &c., &c., &c.

We need scarcely remind the intelligent public of the great necessity, which exists for the introduction of a class of good and reliable *family medicines* which can be safely adopted into family use and *dependent on at all times* in the absence of a physician, as being the legitimate productions of science, study and experience. Government is merited to prove the immense superiority or worth of those of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the sacrifice of the lives and health of their fellow beings. We trust confidently in the good sense of the community to support us in this effort to extirp te the great public evil of Quackery, by giving a useful person in the place of a dangerous one. Such is the fact in the medicines of the series, and which comprises some of the most valuable specifics ever discovered for the several complaints enumerated. If you or any of your friends are afflicted with any disease in the list of the *first medical authority* of the day, by studying and giving a trial to such of these medicines as are adapted to the case. We call especial attention to the first six on the list, as being most generally demanded, at this season namely, the

I.—PECTORAL SYRUP.

This invaluable Syrup, which is entirely free from all its competition, has been employed with constant success for many years in the cure of Coughs, Colds, Influenza, Croup, Asthma, Whooping Cough, Bronchitis, and in the first stages of Consumption. The new *improved and refined* combination of this well known remedy, which, it taken on the first symptoms of coldness, will invariably arrest the disease before it has time to consumptible.

The Laudanum, or preparation of Opium, in combination, is the best ever offered to the public, and is perfectly safe.

II.—ASTHMA AND WHOOPING COUGH REMEDY.

This medicine is certainly obtaining more relief to an unparalleled degree by this purely vegetable medicine, which has been known to cure the disease completely in a few days of many years' observation. Trial is all that is needed to prove the truth of this to those who have ever suffered from the disease. Price, per Bottle, 50 cents

III.—DIARRHŒA CORDIAL AND CHOLERA PREVENTIVE.

A certain cure for Diarrhœa, and, if used in time, for Dysentery, Cholera Morbus and Cholera. Those who are subject to Diarrhœa, or Summer Complaint, suddenly attacked, should use this medicine immediately, as it is certain to relieve in all cases. It is especially useful in the early stages of Dysentery and Cholera Infantum it is a sovereign remedy. Full directions for using accompany each bottle. Price per Bottle, 25 and 50 cents.

"This is to certify that I have placed in the hands of A. Cushman & Co., New York, the recipes of my "Family Medicine," with my full authority to prepare and offer them for popular use. They are what I have found in the habit of recommending and prescribing for many years; and they are precisely the same which are known as Dr. McClintock's own hands, while they were under his tuition, in the College of Philadelphia, Castle Inn, Pittsfield, and elsewhere.
