Fresh Stock of Nunns & Clark's Pianos.

H. KLEBER respectfully informs the public that he has just returned from the Eastern cities with the largest and cheapest stock of PIANOS ever brought to this city. Among them are the celebrated NUNNS & CLARK, N.Y., and are warranted perfect every respect. N. & C.'s Pianos have received the first class *prize medals*, both in this country and Europe, and are considered by the musical profession and judges in general, as altogether *unrivalled and unequalled*. The prices will invariably be the same as charged at the factory, without addition. They range from $250 to $1,000. Also, a choice lot of *Decker's* well known and highly popular Pianos. Dunham's Pianos were among the first used in this city, and they have attained a most favorable reputation to this day for superiority of tone, touch and durability.

The above lot comprises all sty'es and prices, and as every instrument offered for sale by the subscriber is carefully and thoroughly examined by him, he can, in all cases, guarantee to furnish purchasers with a *good, substantial and reliable Piano*, and at *reasonable prices*. Persons in want of a good Piano will find it to their interest to call and examine before purchasing elsewhere.

Sole Agent for Nunns & Clark's Pianos.

YAYER'S

CHERRY PECTORAL

AMONG the numerous discoveries Science has made in this generation for relieving the burdens of life—increase its enjoyment, and even prolonging the term of human existence, none can be named of more real value to mankind, than the contributions of Chemistry to the Healing Art. A vast trial offits virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the common varieties of pulmonary diseases that have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe that many of them have been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we will present the following—and ask for further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, where in are full particulars, of indisputable proofs of these statements.

OFFICE OF THE PITTSBURGH GAZETTE,
LOWER R.R., R. C., August 4, 1853.

J. C. Ayer—Dear Sir:—My little son, 7 years old, has just recovered from a very severe attack of Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. I have been a Clerk in Congress, Senator in California in the winter of 1850, for a severe attack of Bronchitis, with which I returned. Succeeded to try Pit on my little boy, I gave him a teaspoonful every three hours, commencing at 8 o'clock in the morning, 12 o'clock at night. I found a decided change for the better, and after three day's use, he was about well. Sleigh with out pain.

It is now in the above named disease will save many a child from a premature grave, and relieve the anxiety of parents. I have used it in Coughs, Colds, Sore throat and lungs. I believe it the best medicine extant, for relief of the deepest gratitude, prompts me in addressing you these lines in the hope, that my lot may relieve, my little boy would now have been another world.

I am yours, with thanks,
J. D. POWELL, Sup. Trans. L. R. R.

ROCK HILL, CHESTER DIST., S. C., July 7, 1853.

Dr. J. C. Ayer:—Since your medicines has become known here, it is a greater demand than any other cough remedy we have ever sold. We find it to give better and more unmeasured praise, by those who have used it, and I know of no cure we have ever sold, that has given the satisfaction much for the good it has done. I take pleasure in selling that it, because that I am sure I am selling to purchase the worth of their money, and I feel gratified in seeing the wants of it members.

Please send me a further supply, and believe me
Yours, with esteem,
C. E. WHITLOCK.

P. S. Almost any number of certificates can be sent you if you wish it.

WINDSOR, C. W., June 24, 1852.

Dr. J. C. Ayer:—This may certify that I have used your Cherry Pectoral for several years in my family, and have sincere belief that I should have been in my grave ere this time if I had not. It has cured me from a severe affection of the Lungs, and I do not hesitate to my conviction when I tell you it is a priceless remedy.

Yours, with sincerity,
D. A. McGILLIN, Attorney at Law.

PITTSBURGH, Pa., Aug. 21, 1851.

Dr. J. C. Ayer—My Dear Sir: Your medicine is much appreciated by those who have used it. Its character for reputation is such as to insure and maintain its reputation. I cheerfully recommend it for pulmonary affections, as do many of our principal physicians.

Yours, truly,
CHAS. STRATZER, M. D.

MEDICAL.

TO THE PUBLIC.

MOST IMPORTANT ANNOUNCEMENT,
RETIREMENT OF PROF. JAMES McCLINTOCK, M. D
From the Philadelphia Medical, College.
A NEW ERA IN THE HISTORY OF MEDICINE!
Popular Medicine for the first time sanctioned by the
HIGHEST AUTHORITY IN THE PROFESSION!

THE undersigned have the pleasure of informing the public that they have made APPROPRIATE arrangements with the eminent Professor JAMES McCLINTOCK M. D., of Philadelphia, known for more than a quarter of a century past as one of the greatest Practitioners and Teachers of Medicine and Surgery in this country or in Europe, for the purchase of his recipes, and the preparation of a series of FAMILY MEDICINES therefrom, which will be put up in a *cheap and popular form*, adapted for general use, and suited to the most prevalent diseases. These remedies embrace some of the most valuable discoveries and combinations ever known for the cure of disease. They are the fruits of the most profound investigation, the wild est research, and the almost unequalled experience of one of the first physicians of the age. Each remedy is especially adapted to *some particular form of disease*, in accordance with the *Natural principles of modern practice* of science. Each of these remedies have been tried, improved, and finally perfected, in the course of a long, active and highly successful practice, not only in Philadelphia, but throughout many distant sections of the country to which his fame as a population has rallied him. Their nature and effect are known and approved of by hundreds of regular physicians who have been his students and seen their beneficial results in Dr. McClintock's own hands, while they were under his tuition, in the Colleges of Philadelphia, Castleton, Pittsfield, and elsewhere.

SEE THE FOLLOWING CERTIFICATE:

This is to certify that I have placed in the hands of Messrs. A. Cushman & Co., New York, the recipes of my Family Medicines, with my full authority to prepare and offer them for popular use. They are such as I have been in the habit of recommending and prescribing for many years, and their composition is well known to hundreds of regular physicians, who have been my students, and who are many of them now practicing with distinguished success in all parts of the country. My inducements for this step are numerous; one of the most urgent is, that the demand for my remedies has become so enormous, through private report of their success, as to make their preparation a very great draft upon my time; another is, the repeated solicitations of my friends and patients, for the benefit of the general introduction of my remedies would be in many cases, a public benefit; and finally, in securing the reputation of Mr. Alexander Cushman, who is a thoroughly educated Chemist and practical Apothecary of many years experience, whereby I am enabled to assure the public that they will be prepared in the best, purest and most perfect form, regardless of expense.

JAMES McCLINTOCK, M. D., Professor of Anatomy and Surgery in the Philadelphia Collegiate and Acting Professor of Midwifery, one of the Consulting Physicians of the Philadelphia Lying-in Charity; late member of the National Medical Association; member of the Philadelphia Medical Society; member of the Medico-Chirurgical College of Philadelphia; formerly President and Professor of Anatomy and Surgery in the Hamilton Medical College, Vermont; and also, late Professor of Anatomy and Physiology in Berkshire Medical Institution, Pittsfield, Mass.

We need scarcely remind the intelligent public of the *great benefits* which will result to the introduction of a class of good and *reliable popular medicines*, which may be confidently adopted into family use and *depended on at all times* in the absence of a physician, as being the legitimate productions of Science, Study and Experience. No argument is needed to prove the immense superiority of such a class of remedies over the dangerous compounds that are daily puffed into notice by ignorant and reckless men, solely for the purpose of enriching themselves at the expense of the lives and health of their fellow beings. We trust confidently in the good sense of the community to support us in this effort to extirpate the great public evil of Quackery by giving a careful perusal to the following list, which embraces a few of the remedies of Prof. McClintock, and which comprises some of the most valuable specifics ever discovered for the several complaints enumerated. If you or any of your friends are suffering, one no time in procuring the use of the *Anti-nervous Cordial*, or *Tonic Alterative Syrup*, and giving a trial to such of these medicines as are adapted to the case. We call especial attention to the first o the list as being most generally demanded, at this season namely, the

I.—PECTORAL SYRUP.

This invaluable Syrup, which is a Vegetable in its composition, has been employed with wonderful success for many years in the cure of diseases of the AIR PASSAGES and LUNGS. Under the common designation of *Bronchitis, Irritation and Inflammation* of the Mucous Membranes which line the Throat, Windpipe and Lungs, it has proved itself for any of these forms of disease, whether showing themselves in the form of *Coughs, Colds, Influenza, Hoarseness, Sore Throat, Spitting of Blood, Difficulty of Breathing, Croup, Whooping Cough*, or *Consumption*, to be a remedy of unequalled power. It contains no *Opium* or any *form of Mineral*, and can be administered to the infant of *Six Months* with the happiest results. III.—ASTHMA AND WHOOPING COUGH REMEDY.

For the cure of Asthma, Whooping Cough, Croup, and all spasmodic affections of the throat and lungs. Dr. McClintock after many years of medical experience, has found that the most effectual remedies for these distressing complaints are those which act only composed of the most valuable medical agents known to, and habitually employed by, our best practitioners, combined in the form of the several diseases for which they are intended, but they are combined in exact and scientific proportions, in relation to their chemical and medicinal effects, as to secure the attainment of the utmost increase of their power and efficiency.

In conclusion, he will only add for himself, that he can refer with confidence to his past career, as his guarantee to the public that these *great remedies* in his hands will be *faithfully prepared* in strict accordance with the prescriptions of their distinguished originator.
