ges must necessarily be paid to men who are outly half their time employed, it follows that higher freights must be charged than if the navigation was continuous and certain. Is it not probable, also, that boats can be constructed to run

this year than the difference of the freight this year than the difference of the freight would amount to in money. Consider the imword amount to in money. Consider the immense capital now affoat in coal boats, and other crafts, liable to be destroyed by ica, and the immense amount locked up in manufactured articles which cannot be sent to a market. Consider the distress consequent upon the state of affairs, existing among thousands of industrious men, whose all depends upon the river. Consider the effect of this calamity upon the whole business of the place, for its ramifications are endless, and weigh all these considerations with the familians held by the government. Messra, and weigh all these considerations with the familians held by the government. Messra, and weigh all these considerations with the familians held by the government. Messra, cashing and Marcy are in favor of adopting some of the interest. The Washington correspondent of the interest. The Washington correspondent of the interest. The Washington correspondent of the mitterest. The Washington correspondent of the same feat of all entreaties for relief to the commercial time the all entreaties for relief to the commercial time the all entreaties for relief to the commercial time the all entreaties for relief to the commercial time the all entreaties for relief to the confiner. The Muster The means of all entreaties for relief to the call entreaties for relief to the call entreaties for reli would amount to in money. Consider the im-

vigation.

We are glad to observe the distinct and sagacious ground taken by Gen. LARIMER, he his late report, in favor of the improvement, had we trust his example will be followed by all and we trust his example will be followed by all our influential citizens who may have any mode of reaching and influencing the public mind. The time will arrive when no one will desire to have it known that he opposed an improvement so eminently wise and judicious, and when its friends will look back to their efforts in its favo We still hope that with pride and pleasure. something may be done before it is too late the bring the subject before Congress and the Stat ares interested, this winter, and if our

ANOTHER SLAVE PROJECT .- The scheme of Senator Johnson, of Arkansas, to create three Indian territories, is another plan for the exian territories, is another partial sion and perpetuity of Slavery. He has a now pending in the Senate for this purpose,

nations or inclains, acc.

Slavery is a custom or usage among the Indian tribes, and this clause prevents its abrogation. Next it provides that

non. Next it provides that

"No white men, or other Indians, shall be
allowed to settle or trespass on any of said
lands, east of the one hundredth parallel of west
longitude, without the content of the Legislature
of the proper territory, and in pursuance of laws
by it enacted."

tory of Neosho; and they shall be admitted as one of the States of the Union, "whenever Confess shall be satisfied of their capacity for selfgress shall be sat

The N.Y. Eucaing Post well observes, that this project is destined at an early day of the coming the project is destined at an early day of the coming the session of Congress to absorb all other questions at the most eligible, if not the best change of the satisfaction at the most eligible, if not the best change of the hadded schemes. The very destrictes of popular handed schemes. The very destrictes of popular was a small affair, of which everybody who par-

The freights must be charged than if the navigation of the navigat

of the matter will show there is nothing to has proven that they were blind, leaders of the be feared become part of our manufacturers, but has proven that they have become parties to the blind; and that they have become parties to the most inicultans swindle ever perpetrated in this to be in their favor. Pittsburgh has lost more this year than the difference of the freight THE MONEY PRESSURE.—The government is

U. S. SENATOR. - The Butler Whig is authorised to state that the How. Charles C. Sullivan is not a candidate for United States Senator.

ILLINOIS CENTRAL ROAD.—The Chicago Tr t bune says that this road is now open, on the north, from La Salle to Vandalia, 168 miles, and on the south, from Cairo to Sandoval, 178 miles. Between Sandoval and Vandalia eight miles of the track are down, and the remaining 23 mile

The Washington Star says Simon Camer made peace with the Buchanan interest in Pennsylvania, and blds fair to be supported by hem for the next U. S. Senatorship. the best evidence in the world that the Bank o Middletown has not suspended payment.

FROM WASHINGTON. Correspondence of the Pittsburgh Dally Gazetta.

WASHINGTON, Dec. 4, 1854. The President's Message is a short, feeble a common place document. Its barrenness astonishes everybody. It has no point, noishing to inishes everybody. It has no point, noting to the difficult to take up the letter of the most orbe difficult to take up the letter of the most orbe difficult to take up the letter of the most orbe difficult to take up the message. It seems
dinary Washington correspondent really less
dinary washington to take the control of the college of the college

longitude, without the content of the Legislature of the proper territory, and in pursuance of laws by it enacted."

This would operate to exclude all immigration from the North, and sare the territories from all danger to Slavery from that source.

Three territories to be called Cherokee, Mustice with local legislatures; jurisdiction is to be given to U. S. Courts established there; three delegates to Cangress are to be conceded; and all the adult male Indians and half breeds are alout Sixty Thousand Indians at present within the tract cubraced.

Whenever the three territories determine to unite, they shall be organized as a single Territory, and in they shall be admitted as one of the States of the Union, "whenever Cangress shall be satisfied of their capacity for self-gress and shall come their capacity for self-gress shall be satisfied of their capacity for self-gress shall be satisfied of their capacity for self-gress and shall come their capacity for self-gress shall be satisfied of their capacity for self-gress and shall come their capacity for self-gress and they shall be satisfied of their capacity for self-gress shall be satisfied of

character will be done or attempted unless it proceeds from the Executive and the cabal into whose hands he has fallen. The minority in the present House are powerless. They occupy the position only of resistants to aggression. In the next House they will have a majority, and will next House they will have a majority, and will next house they will have a majority, and will next house they will have a majority, and will next for the same of the present the more approximately and the president than the same of the president than the president that the presiden

The homestead bill, parsed by the House Increase of the navy by building more teamships.

Increase of the army by four additional regi

ments.

Those measures which may be said to belong to the class of incendiary and agitating schemes which, in one contingency, may be forced upon Congress, are the following:

Congress, are the following:

This Company sakes every insurance aptractive that the property of the company sakes every insurance aptractive that the first sake that the sake which, in one contingency, may be loved approximately.

Congress, are the following:

A war with Spain for the annexation of Cuba. War with Hayti for the annexation of Dominica. War with Mexico for the annexation of Sonors

and Lower California.

The division of the reserved territory of the And against the Perils of the Sea and Inland Navigation of the reserved territory of the And against the Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of Analyse and Perils of the Sea and Inland Navigation of the Perils of the Sea and Inland Navigation of Analyse and South Western Indians, and the organization of three Slave States therefrom. The last project is, I know, in a state of grea

eration of the President and Cabinet for its full development. It is difficult to see how they can refuse it, having fully committed themselves to In respect to the probable fate of some of these propositions, I may hazard the following conjectures: The French Spoliation bill will be shoved aside, or having been passed, will be ve-

The Land schemes for railroads will all the track are down, and the remaining of the track are down, and the remaining of the track are down, and the remaining of the track are down as the condition of the track are down to the form Cairo to La Salle, will be open on the 1st of January next.

The Washington Star says Simon Cameron has the track are down to the track a tion can elect that object. In a lacross of the army and navy will be voted. This increase of force is not altogether unnecessary, but there is much well founded opposition to it, owing to the uses to which it may be applied.

uses to which it may be applied.

The Know-Nothings asserted themselves to-day in the presence of the world. Their first appearance in the House in the shape of motions directed to a repeal of the Naturalization lows, and the recall of Soulr, Belmont & Co., produced a sensation not easy to describe. The movement soon took the shape of an attack upon the administration which found defenders nowhere. Mr. Taylor, of Tenn., a Methodist preacher, an Mr. Sollers, of Md., a free liver, though a soun
