### Passage Events.

In Congressional matters, the leading feature of the day seems to be the passage of the Army bill. The bill, which was introduced by Mr. [Name], has passed the House of Representatives by a large majority. It provides for the reorganization of the Army and the reduction of the number of troops. The bill is expected to pass the Senate also. The passage of the bill is a significant event in the history of the Army, and it is expected to have a great effect on the future of the service.

### Brooks' Clashes and Mantillas.

The recent clash between Brooks and Mantillas has attracted much attention. The two men, who are both prominent in the city, have been engaged in a bitter dispute over a matter of business. The clash took place in the city streets and was a most exciting affair. The two men were seen in a heated argument, and it is believed that they may be engaged in a fight at some future date. The matter has caused much excitement in the city, and it is expected that the dispute will continue for some time.

### Another sign of the hard times.

The recent events in the city are another sign of the hard times that are prevailing. The price of goods has risen to a high level, and many people are finding it difficult to obtain necessities. The streets are filled with beggars, and there is a general feeling of despair. The government has taken measures to relieve the suffering, but these measures are not sufficient to meet the needs of the people. It is hoped that the situation will improve in the near future.
