THE ASSETS AND LIABILITIES OF SELDEM, WITHERS & CO.—The tilobe says there are various errors in the schedule filed by the firm, with their deed of trust. The late Gen. Armstrong, instead of owing them \$82,437, is indebted to the amount of \$1,400 only. C. Pettit, set down at \$1,525, owes only \$15 25. It is believed there are other similar errors. The Globe further remarks:—

"The trustees state there are 'preferred creditors,' to whom \$555,000 is to be first paid. The creditors are anxious to learn who they are. We I think we can enlighten them slittle on that point. They are to a great extent, if not altogether, Selden, Withers & Co. themselves. Their schedule shows that the several partners over the firm

den, Withers & Co. themselves. Their schedule shows that the several partners over the firm \$232,505 75. When it is so liberal to its debtors, it is not surprising that it should be liberal to those creditors who are indebted to it.

"We learn that Selden, Withers & Co. are securities on the official bond of the United States Navy Agent of this city—keep the money of the United States for him, about \$40,000; and that they have taken part of the assets on their schedule, and part which is not on it, (for instance, the note of one man worth \$13,000;) to secure both the navy agent and themselves.

TROUBLE FRANKD IN THE M. E. CHURCH.—Another breach is expected in the Methodist samply a matter of good rain. Congress has established the principle of popular sovereignty in the new territories of Kansas and Nebraska. So long as that enactment stands, let it be observed. Emigration to the territories is equily free from all parts of the country, and equally right and proper. Missourians can transfer their homes with great case to the region which is in direct proximity with them; if they please to do this, no man has reason to complain. Their natural facilities may give them a peculiar advantage, but may be used with none the less freedom. Other emigrants from more distant States may be aided by artificial facilities like those extended by the Emigration Scotties, but in availing themselves of these they wrong no one, and their motives are no more to be called in question than those of any other bona fide settlers. The fact of bona fide residence is the only real point of inquiry, and the only true test of legal right. Every expedient designed to overlay or counteract that gives the lie to the doctrice of popular sovereignty, and is everyway a fraud and a disgrace.—N. Y Cour.

HARD TIMES.—There is great complaint in all the principal cities of the suffering caused by want of employment and the high prices. Relief societies are being formed for the purpose of supplying the immediato necessities of the sick and destitute. This, however, affords but a partial relief; what is most wanted is employment, to give persons an opportunity to help themselves.

The Ballimore Union, referring to the large number of hands employed at the iron works, who are out of employment, as are

Gov. Bigler has gone on it wish to Shamok for a principal business of importance transacted in the Board of Councilman kennedy, to appropriate the sum of \$10,000 for the relief of the poor during the ensuing winter. Mr. K. In a brief speech, alluded to the prospect of distress among the laboring classes, arising from want of employment, and the usefulness of the Massociation for ameliorating the condition of the Poor. Last year, the society, he said, had paid out over \$30,000 to the poor, but this year the subscriptions to the funds of the society fell short. In conclusion he offered a resolution which was unanimounly adopted, directing the Controller to draw his warrant for the sum of \$10,000 in favor of the President of the above mentioned Association; said amount to be appropriated for the purposes of the society. Mr. Trybune.
