Memorial of the Beard of Trade: To the Stands and House of Reprincipatives of the United States: To an Advance and the second of Trade of the Gity of Stitsburgh, would most respectfully urge upon your honorable bodies the vast importance. of the importance of the navigation of the Ohio river, either in the manuer heretofores pur-sued, or by a system of Locks and Dams, as may seem best adapted to Secure a continuous and permanent navigation of the river. The period of extreme, low water in the Ohio commenced last year in June, and continued nearly six months, during which navigation by Steamboats of every class was enhous entirely supponded; and great distress, suffering and loss-es enaued. Millions of dollars worth of property was detained from market, many mining and material or the excessive accoundiation of their products, and thousands of persons were thrown out of employment at a time when artices of food provailed.
