John Bissen, ar., and John Supton, was were appointed asid committee. Mr. Lawwill, of Wooster, then addressed the meeting, deckining to be longer a Director of the Company, and recommending George W. Bailey. of Wooster, as a substitute. On motion of R. L. Baker, it was unanimous-

ronounced superior to any i reli Hights to make and The builton authorized to sell Hights for make and v loses articles in any part of the country. The has also for salw hot-presed Nutls and Washers, anished Brass Work. If is also prepared to take Agencies for the sale of replanted Hights and new Investions, and give to business faithful and constant attention. Ils refers to the following ARD.

The superior bound of the second of the seco

with two of more securities, to be appointed of the Board of Directors in the sum of \$100,000 actions are bey might think best with regard to in the Board of Directors. They caused surveys, a location and present long-continued depresent of the sum of a branch road from Dirighton to New Castle. They caused surveys, a location, and estimates to be made, and received it the superclous defauotions which were adopted to not the more the part of some railroad comparison of all railroad securities and imparied the onliferes of the public in the same; and whereas it is believed that the only method by which confidence can be re-esfabilished and the market ratue of railroad stocks and bonds improved, is by each company having its affaire recembers. Resolved, That a committee of three shall be factorized who shall audit and investigate the affaire and accounts of the Ohio and Pennayirania lialiroad Company and retrenchment: Therefore, Resolved, That a committee of three shall be at 0 of the first Year just closed, and who shall and the said committee be allowed of the section unit of the section use of this company as the station of the section unit of the section who shall and the said committee be allowed of the first Year just closed, and who shall the first Year just closed, and who shall were afull report and plain exhibit of the same afull report and plain exhibit of the same of this company at Crestline; and a large part of the line between St. Louis and there to Vincennes, on the Wabash river. A large part of the line between St. Louis and there are in any form the incevent to the server incevent of the section the state on win use, and it is expected that the remained will be, in less than six months the remained will be in less than six months the remained will be in less than six months the remained will be in the server incever in the state and reform the section will be a state and reform the section will be an addition the state and the section the section the section the section will be an additeread to

the confidence of the public in the same; and after a careful review of the whole subject, the market value of milroad stocks and bonds immore the present. It is believed that the only method by the source of the present. It is believed the source of the present in the matter for the present. It is believed the source of the present is believed the source of the source of the present is believed the source of the present is believed the source of the present is believed the source of the source of the present is believed the source of the sour

much done towards the construction of a gradu trunk to the focus of north-western railroads at Chicago: beyond which point more than 1600 miles are already in operation. Your Board are aware that many companies have broken down their credit, and permanently injured their financial condition by expending their means in the construction of branch roads, to which they have been impelled by the urgen-cy of local interests and by threats of comput-tion. That is not the case with this company. [Strictly speaking it has not constructed or sub-

Stridly speaking it has not constructed or an scribed to any branch road, unless the Springde Mount Vernön, and Pittsburgh Bailroad, wh will come into aur line at Lakorile, 150 miles fr

A. W. Loomis. The preservation of the magnitude of the business and rendering immesse services in the community. Fall and Winter Goods. BDMOND WATTS, MERCHANT TAILOR, 185 LIDERTT STRAFT. ON BE CHANT TAILOR, 185 LIDERTT STRAFT. ON CONTROL OF COMMUNITY. THAY E now on hand a large Stock of Fall, many other lines; and the Directors thinks that seen work-all to main and the matter of the cash would permit. The the subcorrecting of the second lines of lines of lines of lines of the subcorrecting of the second lines of a still greater in-the subcorrecting of the great here sciences of the second the rest and second the rest and the stress of the routes to W. Streamer, or the science of the great science was and the greater in-the subcorrecting of the size of Corpeting, Off Class-the subcorrecting of the size of these of the size of the size of the size of the science of the size of

covered it is at present impossible to asy, but the Directors hope that a considerable percentage will be. The matter has been placed in the hands to the legal counsel of the company. If the less server total it would amount to less than two dol-lars per share on the present capital atock, and if fifty per cent should be recovered it will be less than one dollar per share. Deeply chagrined as the Directors feel at this proes breach of trust on the part of one, who had so long enjoyed so much of the confidence of this community, they have since taken measures which they believe will prevent the possibility of the recurrence of a similar defalcation hereaf-ter. Notwithstanding this heavy loss, the net earn-

ter. Notwithstanding this heavy loss, the nat earn-ings of the road in the last six months have been so large as to enable the Directors to charge the whole of it to profit and loss, and to pay the interest on the debt of the company; and after providing for a stock dividend of five per cont, to carry over a surplus of about \$50,000, to the next half year, which is the course that the Board propose to take, as being most just to the stockholders of the eompany. The state of the eompany. The state of the eompany. The state of the money market has compelled the Directors to expand a large part of the the earnings of the road, in the purchase of locomo-tivos and cars, and in providing the means to ac-comodate a great increase of business; and as the valuable property thus purchased belongs to the company, they consider the road during the past season, cannot be otherwise that estima-tory to the Ekockholders, and to the great com-mercial interests of the cities of Pittburgh and Allegheny, whose subscriptions to the stock of the commany cities of the cities of the stock of the commany cities of the cities of the stock of the commany cities of the cities of the stock of the commany cities of the cities of the stock of the commany cities of the cities of the stock of the commany cities of the stock of

mercial interests of the cities of "rushing" interest Allegheuy, whose intiberiptions to the stock of the company give the first impulse to the work. The various officers stud other percents amployed upon the line have generally performed their du-ties in a highly satisfactory manner, and the Board feel under great obligations to followno W. Rob-erts, Esq. the Chief Engineer and Superintendant, for the valuable services rendered by him in the near ware, and since the commencement of the

for the valuable services rendered by him in the mast year, and since the commencement of the All of which is respectfully submitted, by or-der of the Board of Directors. W. ROBINSON, Jr., President.
