The official notified the botcher of the fact, but the latter said that so decent a man must have been driven by want to the commission of the sot. The officer determined to watch the needy man, and following him for a considerable distance, obser-ed him going into a knows in the upper part of the city. The policeman knocked at the door, which was opened by the man, who, upon scelar, the badge, begged the former for God's sake not to arrest him. The officer went into the house, where he found a scene of destitution, in the midst of which were four shivering children engerly de-vouring the raw meat.
