the exercise of the elective franchise, are almost -universally free soilers and abolitionists. It is not too much to say that nine-tenths of this men-who come here from foreign countries are open and bitter. In their opposition to alavery. This holds true both in the alaveholding gad non-alave-holding states. Well, if the Know Nothings were abolitionists, if it were their object to bring about the estimation of alavery, can any man, with an ides in his head larger than a mathemat-teal point, imagine that they would go for dri-ring from the polls that very class of men to whom abolitionism is chiedy indebted for what terrength is possesse? Could such an imagining originate in any dispassionate brain better than that of a madman or an idiot?

is al point, imagine that they would go for drive and point, imagine that pollis that very class of men to be denoted in a dimensional confirmation of a madman or an idlot?
