* PITTSBURH:

Tur debate in the legislature upon the charges of bribery that are affont in reference to the election of U. S. Senator, and the manifesto of the seeding Know Nothing members, afford matter of much present interest.

Both branches of the legislature, it will be seen, have ordered a committee to investigate and report upon the charges of bribery. The investigation, we fear, will amount to nothing. The committee will probably report their inabili-

ruptions of the parties it displaced. But how is it now with this brotherhood of braggarts? rotten as their predecessors were ever suspected of being. In the very first year of their ex-stence, with the flush of victory on their brows proclaimed by members of their own household the political market. Heartless, conscienceless and shameless, they wantonly sell the honor of the State for gold to ease their itching and sordid paims, and seem as heedless of the monitions of their violated oaths as of the idle wind. So, at least, we understand their brethren to say.

at least, we understand their brethren to say.

Here are twenty-eight immaculate men, who cannot be bought. Enough to have saved Sodoms twice over. They are not in the market, and they issue a manifesto to a deluded public that the innocent may not be confounded with the guility. We honor them for as much independence as they have shown, and we place on the record their testimony against their colleagues. The ninety odd men who took part in the cancus which nominated Cameron, were all chosen as faithful members of the same society, did all take the same caths, are masters of the same screep, participated in the same midnight cables, and are "all brethren of the same mysic tie. They know one another; and when these twenty-eight lone-fit brethren tell us that a large majority 2,342. This will probably be another; by of their coadjutors are faithless and corrupt, the supporters of a nomination of Dodge to be Minister to by the sclear administration admits its failure, and consents to a general winding up. It has gone into liquidation and turned out its effects to its creditors. Dodge is thrown in among the miscellanics. The preferred contitution; and may be taken without fear by the feshest maided, wife or nother, as it is composed to a policy to post the sall such as a squared consents to a general winding up. It has gone into liquidation and turned out its effects to its creditors. Dodge is thrown in among the miscellanics. The preferred constitution; and may be taken without fear by the feshest maided, wife or the solary to find the same subject to the definition of the first subject to a general winding up. It has gone into liquidation and turned out its effects to its creditors. Dodge is the cleast valuable of the assets, and therefore he is thrown in among the miscellanics. The preferred constitution; and easily standant the fell as the cancus administration of the same subject to the corrupt value and units its failure, and consents to a general winding up. It has gone into liquidation and turned out its ef people, we are bound to believe them. We con cur in their estimato. The State is disgraced by any attempt to force such a man as Cameron into the U.S. Senate; and the party which adopte-him as its representative should endure the contumely which it earns by such an act. The "American" party, as it delights to call itself, has deliberately chosen him as its embodiment and standard bearer; and however much the minority may writhe, and twist, and protest, the party still stands responsible for all the baseness and corruption of its chosen delegates.

The Democratic stands of the Commander-in-chief. Gen. Shields and Judge Douglas both elements of the U.S. Senate; and the party which it earns by such an act. The "American" party, as it delights to call itself, has depicted to anight by the friends of the Commander-in-chief. Gen. Shields and Judge Douglas both elements of the U.S. Senate; and the party which it earns by such an act. The "American" party, as it delights to call itself, was worthy of his fame, and was precisely as follows: "Let no man say, hereafter, that his committy still stands responsible for all the baseness and corruption of its chosen delegates.

Their presence was excepted to by those opposed to Cameron's nomination, and a motion made requiring them to withdraw. This was voted down. Failing in ridding the canous of the Cameron Democrate, a motion was made to have the vote taken vica voce. A Cameron Know Nothing moved to amend, by striking out eins coce, and inserting "by ballot." On this the yeas and nays were called, and resulted in about never twice and 44 by ballot. The voting then proceeded, when it was discovered, on the sixth ballot, that one more vote was cast than there were persons present. The thirty-three protestants then withdrew, and their protest will be found in our columns to-day. Although we have no sympathy for men who voluntarily take upon; themselves extra judicial coaths, and have no tears to shed over the defeat and mortification of those members who have appealed to the people against their corrupt Know Nothing brethren, yet we will do them the justice to say that their action in the premises.

There is one fact connected with this matter, which we wish to bring to the especial attention of the people of this city and county. Among those who voted for the secret ballot were all the Cameron Democrats, and Messrs. Euster from this county; thus showing that they were so intensely for Cameron, for what cause they can best tell, that they connived at the irruption of the Cameron Democrats into the Know Nothing caucus, and had entered into the Cameronian conspiracy against even their Know Nothing brethren! Was ever Allegheny county so shameher representatives!

THE BRIDERY INVESTIGATION .- The joint special committee to investigate the charges of bribery in the matter of the election of a U.S. Senator, consists of Messrs. Jordan, M'Clintock and Browne, of the Senate, and Eyster, Thompson and Sallade, of the House. Three, if not four of this committee, are friendly to Cameron.

The Ohio State Journal, speaking of the division of Ohio into two U.S. Judicial Districts, says, "the counties of Belmont, Guernsey, Mus-kingum, Licking, Franklin, Madlson, Champalgn, Shelby-and Mercer, together with all the counties south of them, compose the Southern Dis-trict, and all the counties north of them compo-the Korthern District."
