PITTSBURGH: MONDAY MORNING, PEBRUARY 26, 1855.

APPOINTMENT.—Theophilus Turnip, Eq., has received the appointment of Aid to the Governor with the rank of Lieutenant-Colonel.

Mr. Gazette:—Sir, right about face—allow to inform you that shoulder arms—you will perceive that I am somewhat ram carbridge—in fact if I wam? trather forward march—great houses coming upon great men always charge bayonets—you see, Sir, that I am unable to express my ground arms—I can only say never return for the high honor sompany, wheel into line.

Pahww! you will observe Mr. Gazette. I can't talk intelligibly. My brain is willd with excitement. I am a Colonel. Colonel Turnip. Colonel Tu

at breakfast this morning, instead of saking my wife to hand me some coffee, told her to tip me my canteen; ordered Aunt Tabliths to see that the commissariat was all right and not to forget to purchase five pounds of suproveder tes; commanded the servant girl to clear out as we wanted no sutlers about the regiment. Sold my plane; ordered three drums, two trumpets and a pair of fifes; tore up my wife's favorite song entitled "Peace, igentle dove, descends;" bought eightsem pounds of powder, ten pounds of bar lead, six pistols, four blunderbusses, two muskets, three swords two cutlasses, five sabres, nine carbines and twelve boxes of percussion cape, for family use. Have had my front door painted blood-red and all my shutters pierced with port-holes in case of s-siege. Intend digging a subterranean passage to the Allegheny if a retreat is found accessary. As to my uniform, I have contracted with a farmer over the river to supply me with shanghai feathers; agreed in the contract to defend him from Indians, British and Celestials as soon as the war breaks out. Have ordered a suil—coat of crimson, breeches of blue, waistoost of purple, spauletts of gold, chapean of yellow, gioves of pink and boots ornamented in a novel and highly picturesque style, boing colored to represent the American Fiag. Have had a flag-staff put on my house, and intend keeping their disverse floating there day and night—nights excepted. As soon as my friends received the news of my appointment, they flocked by the dozen to congratulato me and eat oysters at my expense.—

obtained, the Society will now be obliged to suspend their operations for the present season.

They would in this extremity make a final appeal to the friends of the suffering, that they may be enabled to continue their efforts but a few weeks longer, when it is hoped the opening Spring will farnish ample employment to those who now seek for it in vain.

The following statistics will show what has been done by the Association during the winter.

510 loads of coal have been given out. Also, \$450 worth of provisions, 301 pairs of shoes, 60 quilted comforts, 85 made up garments, matrials for 193 woolen and 172 cotton do., and 146 pieces of security whole number of families visited and relieved 438, most of them repeatedly throughout the winter.

INTERVALIES WITH Warps. —A man named Robert M'Adams, residing at the tavern of his brother on 7th street was yesterday arrested, charged with interfering with the night watch on Thursday evening last. —It appears that officer Winalow was, on the night referred to, standing on the streetnearly opposite the doggery of Wm. M'Adams, when a female came out with a bottle of liquor, and perceiving the watchman, ran back into the house, when the defendant and several others came out and swore at the officer, asserting that he was watching the premises.—"Winslow, fearing an assault, gave an alarm, but for some cause or other, his compeers failed to answer, when on account of the numbers of the opposite party, he was compelled to leave. On Friday he informed the Mayor of the circumstance. Mayor Volzimmediately despatched officer Bougher in company with Winslow, to arrest ficer Bougher in company with with with the special part of the circumstance without and without members being made requirities to carry the first find the c

CONGRESSIONAL.
Washington City, Feb. 24.
Senate took up the Bill to protect officers and other persons acting under the authority of the United States, and authorizing defendants in case of prosecution in any of the State Curts to remove the cause to the United States Circuit Court of the District, or if there is no Circuit Court then to the District Court, with Circuit powers.

Mr. Wade opposed the Bill as tending to revive in Congress the agitation of the slavery question.

Mr. Douglas replied, and thereon a long dis-

ces begin, and to cease when the duties of once terminate. It prevents double pay for the same services at the same time; it also provides against any foreign minister from being absent from his post more than ten days without leave of absence from the President of the U. States, and if more than that time either with or without leave, the salary ceases; although the salaries of ministers will be raised on the face of the bill the expenses of each mission will be reduced because there is no outfit, no overlapping on salaries and no gratuities to subordinate officers, of missions allowed as heretofore.

After further discussion the bill was laid aside and various bills relating to improvements in the District of Columbia were taken up.

Hous:—Mr. Giddings rose to a question of privilege reading a protest against passing im-

the offender. They found him on Liberty street, the offender. They found him on Liberty street, and attempted his arrest. He resisted however, and by the said of a crowd who had congregated around, compelled the officers to reliaquish their purpose and return to the office. Bougher and Ray were then sent for the individual whom they found at the house on Seventh street, and without any difficulty, brought him to the tombs, where he remained until this morning, when he was fined \$10 for interfering with the watch, and committed to await his trial on a charge of assault and battery, preferred against him by Winslow, he having struck the officer while in the discharge of his duty. M'Adams, in the affray, received two severe cuts, one on the nose and another on the chin, from a mace in the hands of the officer.—Chronicle.

Obio River Record.—Mr. John C. Gheer informs us from data which he has in his possession, that the highest water here was on Feb. 10th, 1832. This was also the great year of locusts and cholers. The stage of water next in height was April 20th, 1832, which was three feet below that of 1832. The lowest stage was September 2832. The lowest stage was September 2832
