As soon as she had left the Hotel, Mr. Glass, one of the proprietors, suggested to Mr. Blay-maker that he had better instantly sopply to the proper authorities for assistance in recovering the woman. He thereupon repaired to the May-or's office and stated the case. He slop produced the necessary papers to prove that the woman was born in the State of Pennsylranis and was free. It was then suggested that if these facts be made known and substantiated to some re-spectable colored ditizen that there would be no difficulty in gotting the woman hack. Mayor Volz accordingly called on Dr. Martin Delancy and requested his presence at the Mayor's Office. Dr. Delaney repaired thilter and on an exami-nation of the documents declared himself satis-fiel that the woman was free. Accompanied by

Dr. becausy reparted initiar and on an exami-nation of the documents declared himself satis-fiel that the woman was free. Accompanied by officer Freist, he then proceeded to a house near the head of Webster street, where ten or twelve colored persons were assembled; a consul-tation was held and the papers examined, when it was decided that the woman abould be re-turned.— The party then started down and got the woman from a house somewheres near the intersection of Cherry alley with Strawberry alley. Frest was not permitted to go to the house. The woman was then conducted back to the City Hotel and delivered into the charge of Mr. Slaymaker, Dr. Delanoy furnished Mr. B. with a certificata addressed to "The Friends of Liberty." in which he, President or an association of club (the name we did not get) declared the woman as free. She expressed herself much gratified at being returned. Mr. Slaymaker states that ship

Mr. Slaymaker states that she was considerably injured by the rough handling she got, and was confined to her bed all day yes-torday. Mr. S. is an anti-slavery man in senti-ment. He and his family leave for the West to-day. We are not cognizant of any further steps having been taken in the matter. Of Measra-Glass & Carr, of the City Hotel, we can only say their course in the whole affair was creditable and they deeply regret the occurrence. Our readers that have the facts before them. Theodore Parker aivcosted his removal on the ground of violation of the moral law, and violation of the law of the State. R. H. Dans Jr., made an argument of four hours in which he contended that the power of removal by ad-dress was intended only for extreme cases and was exercised in but one instance during 75 years, and that for incompetency. If exercised in this case by one party 'another party of dif-ferent character might make this a precedent to remove for no goodresson.
