The Electron Thousles in Drquens Borough.

We have already stated that the result of the late election in Diquesne borough gave considerable dissantisfaction to a large number of the inhabitants, and that measures were being taken test the validity of the entire proceeding. In the court of Quarter Sessions, on Saturday, Mr. Millar presented a petition signed by twenty qualified electors of the borough, praying the Court to name a day for heaving the grounds on which they maintained the election to be illegal. The petition sets forth that on the third Friday of March 1854 Andrew Fleming was elected Judge of the election district within said Borough, and that indrew Jackson and Wilson Stewart were elect ! Inspectors. That at the general election hold in October 1854, Andrew Fleming presided conducteded the election, and that Jesse M. Sutton and M. O'Neil were substituted, according to law, in the place of Andrew Jackson and Wilson Stewart, both of whom were absent.—Andrew Fleming, at the recent election held in the borough, went to the place appointed for hold.

Tue Geant Street Baptist Church.—This church was dedicated on Sanday, the Rev. E. W. Dickesson preaching the opening sermon.—In the afternoon a sermon was delivered by the Rev. T. R. Taylor, of Allegheny city, after which reversal persons were baptised in the manner and form prescribed by church. The attendance was large, and the greatest interest was taken in the proceedings. The church has had a new front erected, and a new roof put on—the walls having been raised some six feet. The floor is inclined, the back end being two and a half feet lower than the front. The capacity of the church has also been much increased, and two additional ante-rooms, connected with the pulpit is placed within a large semi-circle, and on each side of the pulpit are two large fluted columns, the ends of semi-circles resting therson. The baptistry is immediately beneath the pulpit, and when required for use the pulpit is pulled back on runners. Water and waste pipes are conducted from the ante-rooms. A very handsome ventilator, the only one in the city, of plaster-of-Paris, decorates the center of the celling, by which, in the warmest weather, an agreeable circulation may be maintained. The lecture-rooms in the basement are also enlarged. The entire cost of the improvementa is only \$5.000.

MERTING BY TELEGRAPH.—The Directors of the Pittsburgh, Cincinnati and Louisville Telegraph Company held a business meeting, a few days since, by Telegraph. Their meetings are always held in this manner. The President of the company takes the chair in this city, and calls the meeting which consists of one or more directors at Pittsburgh, Springfield, Dayton, Stenbenville, Zaneaville, Wheeling, Columbus, Cincinnati, Lawrenceburg, Madison and Louisville—to order. He then makes his report which is read simultaneously at each office.—Resolutions are offered, amended, discussed and voted on with more facility than if all we represent bodily, because long winded speeches are out of the question. Everything is necessarily condensed, and nothing is said or done but what is to the point. A motion to adjourn is put and carried, and the directors at each station make a simultaneous movement down a dozen different MEETING BY TELEGRAPH.—The Directors of a simultaneous movement down a dozen different pair of stairs, thirty to fire hundred miles apart satisfied that the object which called them togeth-er was as well accomplished as it could have been by a face to face meeting.

his virtne, moved that the Court adjourn out of respect to his memory.

Mr. M'Candless seconded the motion, and made a few remarks in which edid ample justice to the memory of the deceased.

Judge Shannon followed in a similar strain, after which Judge M'Clure requested Mr. Roberts to prepare resolutions, embodying the feeling of the Bar on the subject, and hand them to the clerk, that they might be recorded as part of the proceedings of the Court. The Court then adjourned to attend the funeral of the deceased.

WARRAYTS ISSUED —Aldermen Parkinson, on Saturday, issued warrants for the arrest of the first and second mate of the steamer. "Complanter," on a charge of assault and battery preferred sgainst them by Thomas Donnelly. The offence complained of was perpetrated on the boat, near the mouth of the Mahoning river, and appears to have been of an aggravated character. One of the defendants, Joseph Gordon, was arrested and held to ball for trial. His companion is still at large.

SETTIED.—The charges against the mate of the steamer "J. C. Fremont," a report of which appeared in Saturday's paper, have been withdrawn—the defendant paying the prosecutor 35 and the cost of the prosecution. We were in error in stating that the captain of the "Fremont" was concerned in the difficulty, Capital Blockdale commands the boat, and took no part whatever in the transaction.

Assautr and Battern.—Aldorman Major on Saturday, held Mrs. McMinn, to bail for trial, on a charge of assault and battery preferred against her by Mary Young. The prosecutrix elleges that she went to the house of the defendant, to look after some property belonging to an estate in the disposition of which she was interested, and that Mrs. McMinn chased her out of the dwelling and threatened to kill her.

DEFINATION WORDS.—A capies was issued on Saturday for the arrest of Frederick Betse charged with standering the character of Louis Theor. The plaintiff alleges that the defendant charged him sith being a swindler and accused him of dishonesty before a number of witnesses. The parties are Germans and reside on Grant street. Ball in \$500 is required.

Passing Counteneer Money .- Mark Cahill Spreased before Alderman McKenna ou Satur-day, and made cath charging Edward Barry with passing counterfeit money. The prosecu-tor is a physician, and be alleges that Barry gave him a spurious one dollar bill in payment for medical advice. A warrant was issued.

Oversuler.—In the Court of Quarter Sessions, on Saturday, Judge McClure overruled the exceptions to the report of the viewers appointed to lay out a road in Jefferson township, running from the Limetown road to Llok's Run, and ordered the road, when constructed, to be thirty three feet in width.
