former, so as to secure one half the penalty. If with the sids the law affords for its carrying out, it cannot be enforced, it will be considered to be for a want of intelligence or energy. The Mayor referred to the civil as well as criminal penalties imposed by the law. It was not that a choice was to be made between the two, but both could be enforced, and the Court would-enforce the latter to its fulest extent, as he well-knew. He said that if with the severe penalties imposed by the law, any man was so mad as to violate it, there would be no excuss for it whatever. The Lieutenants were directed to instruct the men with regard to its provisions, and if from either stupidity or want of efficiency, or a criminal regard for the dealer, the evil was not abated, the officer should be held responsible. The keeping open of a public house would be considered prima face evidence of the sale, and justify the arrest of the proprietor.

Under these instructions, the police fully enforced the law, as will be seen by the following from Monday's Bulletin:

The strict observance of the new Sunday Liquor Law yesterday, is a subject for congratulation with every friedlof temperance. There was not a drop of vinous, mail or spirituous liquors sold throughout the city, yesterday, so far as we could ascertain.

Lepostrious Practierd on Travellers by Hace Drivers.—A complaint was made at the Mayor's Office in Allegheny, a day or two ago, by two strangers, to the effect that they had been subjected to a most outrageous imposition at the hands of certain back drivers. No suit was entered, but the matter has been brought to the ears of the police department and the result will, we hupe, be the early apprehension and punishment of such offenders.

We have been aware for some time of the existence and nightly occurrence of such impositions. Hack drivers have long been in the hable of charging exerbitant rates of fare, and they, have generally been able to do so with perfect impunity. Passengers arriving by the Eastern or Western cars at might, ignorant of the locality of the depot they desire to reach, and foolish in not availing them salves of the advantages of the regular omnibuses, fall into the hands of irresponsible, impudent and designing drivers of private hacks, who dupe them by false promises, and in the end extort double and triple the regular sind legal rates of fare from them—For example: a lady arrived by the eastern cars at one o'clock A. M., and engaged a hack driver to carry herself and beggage to her residence in 'Allegheny for fifty cents. When her restances and theres to pay it. A poor German was fleeced in the same way, some time since, out of \$2,50. We could particularize other instances, but deem it necessary only to assert our belief that these rascally impositions are regularly and systematically practiced. The question then is, shall these midnight outrages upon helpless and unsuspecting strangers commune? Or, will the proper authorities take the matter in hand, discover the guilty parties, and bring them to the promise method had a priver of the serious dange, but that some are there is no doubt, and they are the ones who had be made to feel the strong arm of the law.

COURT OF QUARTER SESSIONS.—Before Judges McClure, Boggs and Adams.

The Court, on Wednesday morning, resumed the trial of James McClurk and William Myler on an indictment for highway robbery.

After the avidence for the defence had been concluded, the counsel for the defence, Messre, Mahon and Hatch, addressed the Jury. S. W. Black, Esq., closed for the Commanwealth—Judge McClure charged at length upon the law and the avidence, and against the defendants.

The Jury retired about half past three o'clock and had not rendered a verdict at six o'clock.—We understand they found difficulty in agreeing, and were likely to remain out all night.

HABISDURG, April 4.—The Erie and North Eastern Railroad charter has been repealed by a vote of 54 to 55. The whole day was taken up by this bill. To the eloquence and able management of Messrs. Thompson and Ball are the people of Erie indebted for this their triumph. Mr. Rister spoke with force against the repeal.

NEW HAVEN, Conn., April 4.—The result of the election gives Kuow-Nothings and Whigs 4 Congressmen; 18 out of 20 Senators, and two-thirds of the Representatives, are out of the same party. There is no choice for Governor by the people, the Democratic and Knew-Nothing candidates being about even. CINCINNATI, April 4.-1 P. M .- There is no

fighting to-day; the Germans delivered up their cannon, but retained the wheels. The parties are now quarrelling about the matter. The military are under arms. The indications are that the difficulties will terminate without further bloodshed. BEFFALO, April 4.—The Wisconsin Legislature has adjourned. The Prohibitory law has been
