☞Pittsburgh Weekly Gazette.—The extensive circulation of our *Weekly Gazette* offers to our business men a most desirable medium of making their business known. Our circulation is between four and five thousand, reaching almost every merchant, manufacturer and shop-keeper in Western Pennsylvania, and Eastern Ohio.

☞Mr. H. P. MUELLER, late editor of the *State's Zeitung* and now connected with the Pittsburger Courier, is authorized to solicit subscriptions and advertisements for the Pittsburgh Gazette, according to our published terms. Pittsburgh March 1, 1855.

KNOW NOTHINGISM IN SOMERSET COUNTY.—One of the most surprising among the many curious political phases of these times is the fact that we find the *Somerset Whig*, so long the organ of the Anti-Masons of that county, metamorphosed into a Know Nothing organ, and its editor presenting strong indications in his columns that he is a member of a secret oath-bound political order. The county of Somerset, in former days, was strongly Democratic, but was revolutionized by Anti-Masonry. So strong was the horror of oath-bound secret societies among her honest farmers, that from a Democratic she became in a few years one of the strongest and most reliable Anti-Masonic and Whig counties in the State. This great political revolution was brought about solely by an honest and profound conviction of the impropriety and injustice and the danger of secret oath-bound orders to the public welfare as regards political, civil and social life. It was believed, whether true or false, that Masonry was made use of in courts of justice, in political and social circles, to benefit the initiated at the expense of those who refused to enter into its mysteries and take upon themselves its extra-judicial oaths. Masonry denied the allegations of its opponents, and claimed to be a mere social and benevolent institution, and that it had nothing to do with politics. This was partly true, as many Masons never considered or acted in any other manner with regard to it; but there were others that interpreted its obligations in a wider sense, and there can be no doubt that it was at one time in the history of this country fraught with much danger and productive of much evil.

But a secret, oath-bound order has suddenly sprung up in this country, having nearly all the reprehensible characteristics which were charged against Masonry, in a far more extended and comprehensive sense. Its open and avowed objects are political. By it, men are bound together in secret conclave to proscribe classes and opinions. Those who, from conscientious scruples, or from a natural and proper aversion to all such un-American and Anti-Christian modes of discharging political duties, refuse to come under the obligations and penalties of its oaths and to obey its laws, are equally proscribed with those whose birth or religious opinions are given as the excuse for such extraordinary and disreputable modes of political action. Admitting all that was ever said against Masonry, it never was or could be as improper, as dangerous, as Anti-Republican, as injurious to our political and social well-being, as a secret, oath-bound political order, such as Know Nothingism.

Can it be possible, then, that the Anti masons of Somerset have become connected with a secret order, have taken upon themselves extra-judicial oaths, have learned to communicate with passwords and signs, and go skulking about in retired places, to hold their political meetings, with a Tyler at the door to keep off eavesdroppers? The "Frosty Sons of Thunder" used to meet in convention in their townships, and at the Court House, in the open light of day, with manly and honest faces, and pass resolutions against secret societies. Have these men become skulkers, workers in the dark, and servants of a secret tribunal? We can hardly believe it. Such renegadism is too astounding for credence. And yet the old Anti-masonic organ conveys that impression. It has gone over beyond question, and the old Anti-masonic and Whig party, which used to roll up its tremendous majorities, has no longer a paper to sustain and advocate its principles. We hope to hear that there is yet honor and faith left in the ranks of our old friends in Somerset. We trust it will be seen that their trusted organ has betrayed and misrepresented them, and that the astounding political somerset indicated by the "Whig," has not extended quite so far as its columns would lead us to fear.

WISCONSIN.—As an instance of the feeling in Wisconsin on the Fugitive Law, we may state that at an election for Associate Justice of the Supreme Court which took place on Monday last the question mainly in issue was the constitutionality of the Fugitive Slave Law. Judge Crawford, whose term expired, and who was a candidate for re-election, decided in the Booth case that the law is constitutional, but that the proceedings of the Federal Court in the case were illegal. Two of the Justices decided the law to be unconstitutional, and Orsamus Cole, the candidate opposed to Judge Crawford, and who agrees in opinion on this point with the two Judges who hold over, was elected by a large majority over Judge Crawford. Mr. Cole was a democratic member of the late Congress.

The *Somerset Herald* says that there is not a word of truth in the statement published by us, some time since, that Fusion, at the spring elections in Somerset county, succeeded in a majority of instances where it was tried. We derived the statement from the *Somerset Democrat*, and give the denial of the *Herald*, along with our authority, not knowing anything of the matter ourselves.

The *Herald* adds that the old Whigs of Somerset county spurn a fraternal union with democrats against Know Nothingism. It may be so; but as the *Herald* has voluntarily abandoned the Whig party it will excuse us for regarding it as unauthorized to speak for those with whom it has no political association.

MESSRS. KRAMER AND RAHM.—We are pleased to have the opportunity of announcing, to-day that this old and well known banking house will resume business on Monday next. The intelligence of its suspension, in the late fearful times, fell painfully upon the public ear; and there will be a general gratification at learning, now, that its affairs have been settled satisfactorily to all concerned, and that it recommences business under very favorable circumstances. We are rejoiced at the fact, as well on account of the gentlemen composing the firm as in view of the indication it affords of an improving condition of monetary affairs in our midst.

ARREST OF AN OHIO DEFAULTER.—One of the passengers by the steamship Union, which arrived at this port yesterday afternoon from Havre, was John M. Shrock, recently a resident of Milsbury, Holmes County, Ohio, who was arrested in Germany on the charge of absconding from Ohio, with public funds amounting to about $20,000, and, also, with having committed several forgeries. It appears that Shrock was collector of Taxes in Holmes County, and, after getting possession of the funds above mentioned, part of it by altering the figures of bills, absconded to Germany, his native country, in December last. A reward of $2,000 was offered for his arrest, and as it was generally believed that he had left the country, information was sent over and accused was arrested on his arrival. About $9,000 was found in his possession, mostly in drafts, the payment of which was stopped. Accused was taken in charge here by Officer C. J. Loveland of Ohio, on a requisition issued by Gov. Clark, of this State, who committed him to the care of Capt. Hopkins, of the 3d District Police for safe keeping over night, and to day the prisoner will leave for Ohio. Shrock is a German, about 66 years of age, and up to the time of committing the crime was considered an honest man.

The great Mariposa land claim of Col. Fremont was yesterday decided in his favor, by the United States Supreme Court, and the District Court is ordered to reverse its decision and enter the proper decree.—*N. Y. Trib. Thursday.*

THE WAR OVER!

Funerals Reserved for Sunday.

A meeting was held in the Newport Court House on Wednesday, to consider the death of Joseph B. Monroe, a steamboat mate residing in that town, who was shot dead in the fight over the Rhine on Tuesday night. Committees were appointed to remove the corpse from the Commercial Hospital, and to make arrangements for the funeral. Col. Hodge offered the following resolution, which was unanimously adopted.

Resolved, That the Americans of Cincinnati, Covington, and vicinities, be invited to join with us in the funeral ceremonies of our *martyred fellow citizen*, Joseph B. Monroe.

Yesterday at three o'clock P. M., the body of Monroe was removed from his late residence to the Methodist Church on Taylor street, Newport, where a funeral sermon was preached by the Rev. Mr. Sproull.

The corpse was deposited in a vault in the old Newport burial ground, and will be removed on Sunday and placed aboard the Louisville mail boat for transportation to one of the interior towns of Indiana, where his relatives reside, for final interment. We were informed by several gentlemen from Newport, that on occasion of the removal of the body from the vault, it is to be escorted by an imposing army of citizens, with music and badges of mourning, to the ferry landing on this side of the river, where it is arranged that it will be received by a multitude, and a vast procession formed, which will be marched through our principal streets before reaching the mail boat landing. Thus this victim of folly is to be apotheosized as a glorious martyr, and our good citizens will have as excellent an opportunity of seeing Sam on Sunday, as the people of New York enjoyed some time since.

Patrick Drury, the Irish Catholic who was shot on Tuesday night, in the affray over the Rhine, died yesterday morning at the Commercial Hospital. He was visited by a Catholic priest a short time previous to his death, and the usual ceremonies in such cases performed. A post mortem examination was made, under the direction of the Coroner.

Another Riot!—Bloodshed and Arrests.

On Wednesday night a party of scoundrels misnaming themselves "Americans," stopped at the Lafayette House at the corner of Mill and Front streets kept by a German named Jacob Knight and using very offensive expressions, demanded liquor. Knight told them that he had not any, but could let them have beer. They drank his beer and refused to pay for it. Anxious to avoid a fight, Knight told them it was "all right," but they were resolved to have a disturbance, and began to smash his tumblers and furniture. He refused to seek the aid of the police, but was overtaken, knocked down and cruelly beaten; and the desperadoes then proceeded to the private apartments of his dwelling, insulted his wife and whipped his little children. The Evening Gazette, of yesterday, has the following of the conclusion of the most infamous outrage:

After doing all the mischief they could, they left the premises, and on the sidewalk knocked down and beat, severely, three Germans, and stabbed another named Henry Overcruk, a boarder in Knight's house, and who was returning from his work. The stab was made in the left side, and is of so serious a character that great fears are entertained of his recovery.—About 10 o'clock the crowd who had left the house had become greatly augmented, and an attack was made upon the house with bricks, stones and brickbats. The windows and doors were all broken, and Knight's family were driven from the premises. The neighbors left their residences for the night, and sought shelter elsewhere. About 12 o'clock the rioters dispersed, but again assembled this morning and renewed the attack. They entered the Lafayette House, stole three pistols belonging to Mr. Knight, and fired six times at the barkeeper, neither ball taking effect. A messenger was dispatched for the Police, and about 10 o'clock Marshal Ruffin, with about forty policemen, arrived on the ground. Many of the rioters had left, and were not caught. Five of the party, who had secreted themselves in coal boats at the foot of Mill street, were arrested and taken to the station house.—The names of two of the party are Joseph Givner and George Hopper. The person who stabbed Overcruk has not yet been arrested. No further trouble is apprehended.

[The news of this riot reached us last night by telegraph, *after* it was received by mail.—We omit the telegraphic report, prefering the one here given.]

THE ELECTION.—We learn that advice has been taken of several eminent legal gentlemen, and that the testimony of the Judges and Clerks of the election in the Twelfth Ward will be received as to the majorities there given the Democratic candidates. The Judges who were "American Reform," with one exception, are said to be desirous of giving the testimony required, and the effect will probably be that most of the Democratic candidates will be declared elected.

It will be remembered that the Democratic majority in the Twelfth Ward, was clearly, about six hundred, and all the ballots were counted when the destruction by the mob took place, except three. The majority of Taylor, excluding the Eleventh and Twelfth Wards, is 465; the majority of Dennis, 241; of Porteous, 66; of Moore, 294. These individuals will consequently be declared if the Twelfth Ward can be counted. The majority of Huston, (American Reform) for Marshal, omitting the Wards where the ballots were destroyed, was 929; of Logan for Prosecuting Attorney of Police Court, 946; of Davenport for Auditor, 973. The last named gentlemen, it will be seen, are elected, unless the Eleventh Ward vote in addition to that of the Twelfth Ward, can be ascertained in some way.

The Democratic majority was large enough if it could legally be made apparent, to turn the scale entirely, and elect the entire Democratic ticket.—*Cin. Com.*

A BLIND AND AGED FEMALE BURNED TO DEATH.—Coroner Hilton yesterday held an inquest at No. 121 Mulberry st., upon the body of Mrs. Elizabeth Murphy, who died on Tuesday night from the effect of burns received a few hours previous. It appears that deceased, who was 68 years of age, and had for four years been perfectly blind, lived with her daughter at the above number, and was supported by her, she being employed in an establishment down town. On Tuesday, while alone in her room, the deceased, feeling that there was too much fire in the grate, undertook to take off some of the wood, when her dress caught fire. She immediately started for the door, but being blind, was unable to reach it until she had, in her attempts, fallen several times; finally, her screams brought the neighbors to her assistance, and one of them threw a pail of water over her and extinguished the flames. A physician was then sent for, but his efforts to save her life proved unavailing.—Previous to her death she narrated to her daughter the above facts in relation to the cause of the accident. A series of misfortunes seems to have attended this family. A few years ago they were wealthy, but a commercial crisis ruined the father, who died soon afterward, leaving his wife and two children in indigent circumstances. About three years ago, the only son, Geo. T. Murphy, was fatally stabbed in this city during endeavoring to prevent a fight between several Germans, on the corner of Grand and Centre sts. A man named James Malony was arrested at the time, charged with being the person who inflicted the fatal wound; but, for want of evidence of his guilt, was subsequently discharged. After the death of the son the mother and daughter were supported by the labor of the latter, who is now, by the painful accident which destroyed her mother's life, left alone in the world.—*N. Y. Trib.*

Facts, without Comment—The Public should know them.

—*New York, Oct. 10, 1852.*—Mrs. Hardey, No. 119 Suffolk street, writes us that she has been troubled with worms for some three years, and that she used *one vial of Dr. McLane's Celebrated Vermifuge*, which brought away over *fifty large worms*. Her usual good health immediately returned.

Mrs Quigby, No. 182 Essex st., New York, under date of Nov. 23, 1852, writes us that she had a child which had been unwell for better than two months. She procured a bottle of McLane's Vermifuge and administered it. The child passed a large quantity of worms, and in a few days was as hearty as ever it had been. Parents, with such testimony before them, should not hesitate when there is any reason to suspect worms, and more so since so pleasing and safe a remedy as Dr. McLane's Vermifuge. It never fails, and is perfectly safe.

☞Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, and take none else. All other Vermifuges, in comparison, are worthless. The Greatest Medical Discovery OF THE AGE.

Mr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cure *every kind of Humor, from the worst Scrofula to a common Pimple.*

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to four bottles are warranted to cure salt rheum

Five to eight bottles will cure the worst case of scrofula

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful nostrums of the day, as that a simple vegetable remedy in the pastures, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, buts or ha's about it; unless some case exists and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old with pimples all over its face, and a scrofulous, sickly looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure, and give great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound, it work quite easy, but where there is any derangement of the functions of nature, it will cause many powerful workings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is gone you will feel yourself like a new person. Inward sores of the most extravagant cancerious of it that man ever listened to. No change of diet is ever necessary—eat the best you can get. I have likewise an herb, which, when simmered in sweet oil, dissolves scrofulous swellings of the neck, breast and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.—Adult, one table-spoonful per day. Children over six years, one dessert spoonful; under five years, one teaspoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels three times a day.

MR. KENNEDY gives personal attendance in bad cases of scrofula.

A Special Bulletin for the Sick.—

Horse's Invigorating Ovrdial relieves with wonderful rapidity every disorder incident to the digestive apparatus; restores the appetite; renews the strength; hardens the muscles, braces the nerves, gives elasticity to the spirits, reconciles the mental energies, banishes despondency, imparts to the attenuated frame a more robust appearance, allays irritation, calms the disturbed imagination, builds up the shattered constitution: and may be taken without fear by the feebles maiden, wife or mother, as it is composed solely of the juices of certain wild herbs, potent only to invigorate, cleanse and restore.

If the system has become relaxed by improper indulgence, the Cordial will infuse a more vigorous vitality into every organ. The laudable results of but a few hours or two close application to labor of any kind, is quickly removed by its action, and ladies engaged in sedentary occupations, and subject to inconvenience therefrom, will find it a safe and healthy stimulant. Where the circulation of the blood is sluggish, or any of the secretions are obstructed, or suspended or imperfectly performed, it will restore the natural action and communicate permanent energy to the secretive and distributive organs.

Those who are bowed down by physical debility, and so feeble as to despair of ever recovering the vigor and vim of manhood, are invited to give this wonderful invigorant a trial. It embodies the elements of their restoration.—Before they have consumed the first bottle, they will be convinced that the recuperative principle is at work in every debilitated portion of their frames, and hope, soon to be realised in their thorough recovery, will spring up in their hearts.

The Cordial is put up, highly concentrated, in pint bottles. Price $3 per bottle, two for $5, six for $12.

Dr. Fitch's Opinion of my Braces.

DR. GEORGE H. KEYSER—DEAR SIR: In reply to yours of the 18th inst., requesting my opinion of your Shoulder Braces, I would say that I consider it one of the best ever devised, and would add that I have myself been long in the habit of employing a somewhat similar Brace with the greatest advantage in cases of contraction of the chest by stooping, whether from habit, relaxation or debility, more especially where there is weakness or irritation about the lungs, and more or less predisposition to consumption—with the philosophy of its effects in these cases, you are of course acquainted. In forms of heart disease, or other affections of that organ, I have also found the Shoulder Brace of advantage. I do not hesitate to recommend your Brace in all cases where a Brace is required, as one of the most easy and efficient yet in use.

Very truly yours, CALVIN M. FITCH.

The laudable results of but a few hours or two close application to labor of any kind, is quickly removed by its action, and ladies engaged in sedentary occupations, and subject to inconvenience therefrom, will find it a safe and healthy stimulant. Where the circulation of the blood is sluggish, or any of the secretions are obstructed, or suspended or imperfectly performed, it will restore the natural action and communicate permanent energy to the secretive and distributive organs.

Those who are bowed down by physical debility, and so feeble as to despair of ever recovering the vigor and vim of manhood, are invited to give this wonderful invigorant a trial. It embodies the elements of their restoration.—Before they have consumed the first bottle, they will be convinced that the recuperative principle is at work in every debilitated portion of their frames, and hope, soon to be realised in their thorough recovery, will spring up in their hearts.

The Cordial is put up, highly concentrated, in pint bottles. Price $3 per bottle, two for $5, six for $12.

Dr. Fitch's Opinion of my Braces.

DR. GEORGE H. KEYSER—DEAR SIR: In reply to yours of the 18th inst., requesting my opinion of your Shoulder Braces, I would say that I consider it one of the best ever devised, and would add that I have myself been long in the habit of employing a somewhat similar Brace with the greatest advantage in cases of contraction of the chest by stooping, whether from habit, relaxation or debility, more especially where there is weakness or irritation about the lungs, and more or less predisposition to consumption—with the philosophy of its effects in these cases, you are of course acquainted. In forms of heart disease, or other affections of that organ, I have also found the Shoulder Brace of advantage. I do not hesitate to recommend your Brace in all cases where a Brace is required, as one of the most easy and efficient yet in use.

Very truly yours, CALVIN M. FITCH.

Sold wholesale and retail at Dr. KEYSER'S, 140 Wood street, Pittsburgh, Pa.; also, a complete assortment of Dr Fitch's medicines constantly for sale. mh5-d&w

Tender, Broken Breast and Sore Nipples

—When pain or swelling begin, rub in Dalley's Pain Extractor and lay on a plaster twice [a day, then no breast can break: but if already broken, lay on plasters three times a day; all pain will end directly. To sore nipples, constantly keep the salve—by a few dressings only, any nipple, no matter if for six months sore or nearly rotted off, and so bad that the lady will swoon on its being touched, can be instantly eased, and cured rapidly—wash it off to nurse.]

COCHANCE.—Put a little Dalley's Pain Extractor on cotton and apply to the hollow part, and rub some on the cheek, the pain will stop instantly. Some who have had, daily without intermission, the severest pain for three weeks by so doing, have been cured instantly.
