USITED STATES DISTRICT COURT. — BEFORE
JUDGE IRWIN.—The Court on Wednesday morning resumed the trial of Heary Cummings, formerly Post Master at Harrison Valley, Port Master at Harrison Valley, Poliver Juddfer end of Uliver Juddfer at Harrison Valley.

The defence offered no further testimony than was reported yesterday.

J. B. Sweitzer, Esc., then addressed the Court and Jury for the defendant. He referred to the tener of the letter and contended that there was no proof adduced by the prosecution to show that the note had been taken from the letter—He also urged that the evidence that such a letter had been mailed at Monterey was defective.

S. W. Black, Esq., also argued for the defendant and supported at length the positions of the Court to the indictment, which he contended, was defective, inasmuch as it did not set forth that the note contained in the letter was forn yalue.

The Court then took a recess until 3 o'clock.

The Court then took a recess until 3 o'clock, at which time Judge Shaler proceeded to address the Jury for the United States.

Judge Shaler first noticed the objections that had been made to the indictment, by Col. Black. He thought it would have been more proper to bring such technical objections by a motion to quash, a demurrer, or in case of conviction, a motion in arrest of judgment. He had drawn up the indictment with all possible care, and contended that the Act of Congress does not require that the value of an enclosure in a letter shall be set forth. He cited several authorities which he had before him when the indictment

which he had before him when the indictment was framed to sustain his position. He then proceeded to review the facts of the case and urged the conviction of the defendant.

Judge Iswin then proceeded to charge the Jury. With regard to any alleged defect in the indictment, the Court would not now give an opinion. If the prisoner be found guilty, his counsel may move in arrest of judgment or in some other manner bring the question before the Court, when it will be decided. With regard to the mailing of the letter, the Court charged that it mailing of the letter, the Court charged that i was not necessary to produce any register to prove it had been mailed. The deposit of the letter in the Post Office is all the law requires

as evidence of mailing. The Court also charged on other points raised by counsel.

The Jury then retired with instructions to seal their verdict and render it this morning.
