All kinds of Ornamental Writing executed to order, in superior style.

College open from 8 A. M. till 10 P. M. Students can enter at any time. Success guaranteed. my15

HOPPER'S PATENT PLANE.

THE undersigned is prepared to supply CARPENTERS, CABINET-MAKERS, and Workers in Wood generally, with his Patented and valuable Planes.

All who have tried it, pronounce it a most valuable invention; that must soon come into general use. The following letters, from practical workmen are but two among many letters Mr. Palestee has received recommending this *Plane* above all others in use.

PITTSBURGH STEAM CABINET FACTORY,
February 22, 1855.

We hereby certify, that during the last twelve months we have used Hopper's Patent Plane, and do not hesitate to recommend it to Cabinet-Makers, and Carpenters, as far superior to any other Plane in use. We consider it peculiarly adapted to planing oak, cherry, walnut and all sorts of hard wood, and for planing veneers, it is far superior to the old wooden jointing, besides being a great saving of time. One man, by using this Plane, will plane more in less than five men can do by any other plane or method in use. H. H. RYAN & CO.

TO MESSRS T. HAVOR, Esq.:

Dear Sir—I have examined Hopper's Patent Bench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination of plane and scraper.

It is particularly adapted to planing veneers, and it does not require one-fourth the time or labor of the old method; and I have no doubt, when its properties become generally known, that it will entirely supersede the former tedious and laborious custom.

I cannot cheerfully recommend it to all persons engaged in the Cabinet business, as from my knowledge of it, there is nothing as well fitted to give a smooth and beautiful finish to veneers as the Hopper Patent Bench Plane.

JAMES W. WOODWELL,
Furniture Warerooms, 97, 99 Third st., Pittsburgh.

Pittsburgh, *February 21, 1855.*

MESSRS T. HAVOR, of this city, is my sole Agent for the sale of Planes, or of rights to manufacture and sell them.

TO DEALERS IN WASHBOARDS.

IN 1847 O. RICE, of Cincinnati, invented *a valuable Improvement in Washboards*, for which he obtained a *Patent* in Oct., 1849. Said improvement consisted in propeller grooves in the face of the board (or in other suitable metal) and there causing them to *factor* or cut away the soiled or wooden skins or legs of a washboard; the method previously employed, having been to *plough a groove or cut a mortice* to receive the metal face plate. O. RICE subsequently sold his entire *interest and ownership* in said Patent to the subscriber, who is now the *proprietor* of the same, and is also *authorized manufacturer of RICE'S IMPROVED PATENT PLANING WASHBOARDS*, having succeeded (the late firm of Warne, Bailey & Co.) in obtaining the right from the said O. RICE, secured by said Patent. Suits have been commenced and are now pending against certain parties, known to be interested, and it is my intention to prosecute for all infringements made after the 24th day of May inst., the date of the law. *All persons* are thereby cautioned against purchasing or dealing in the Washboards, made after the manner patented by Rice, and known as the *Rice's Improved Washboards, Patented Oct., 1849," none other being genuine.* They have for a trade mark, a variation in the shape of the crimp, or the employment of any Patent Right Washboard, without the express consent of the Patentee, will render the offender liable to the penalties of the law. *The Patented Planing Process* is now the only one which can produce the Washboards, which have proved themselves worthy of the confidence reposed in them by the public, and the increasing demand for it has brought out several *imitations*. Housekeepers and Consumers will be careful to see that the name of RICE is not upon the face of the board. *ALSO, RICE'S PATENT BERGEN'S DRUG STORE, No. 24, SECOND ST., PHILADELPHIA.* Storekeepers can get their supplies from the Grand Depot, and Peddlers may rely with safety that they them a good price.

PLANING, CHAMFER, PAINTS, FARMLINES, DYE STUFFS &c., &c., with a first-rate assortment of everything in the line. Storekeepers, Physicians and Manufacturers supplied at reasonable rates.

His friends can be removed without the aid of a screw driver, having purchased the stock, tools, and work of the Cabinet Establishment of Ramsey & McClelland, I am prepared to furnish their old customers as well as public at large, with everything in their line. Agency, No. 5 Wood street, Pittsburgh.

J. A. BROWN.

LAUNDRY-BLUE.—The attention of families and wash-women is invited to this Blue, which by simply Indigo dissolved, having all its properties retained. The Laundry Blue possesses over the undissolved Indigo the advantage of imparting a better color to clothes, of being much more simple and convenient for use, and of being in a saving of time, half, owing to the fact that not more than one half of the Indigo can be dissolved by water. It is entirely destitute of any properties injurious to clothes. We would solicit a trial, and warrant it to be as represented. For sale by JOHN HAFT, Jr., No. 141 Wood st. dec20

Hagan & Ahl,

NEW YORK ADVERTISEMENTS.

From VISSCHER & SCHELL'S General Advertising House, No. 346 and 348 Broadway, New York. (late No. 80 Nassau street.)

Reliable Firms in the City of New York.

Pure Unadulterated Brandies,

DIRECT FROM THE GROWERS.

ONE of the principal and great causes of the high price of Brandy in this market, is the indirect source from which it is derived. Nine-tenths of that imported is received from mercantile houses in Cognac, who buy of the farmers in that district and ship it to the United States, at much advanced prices, and frequently in an adulterated state. In view of these facts, and for the purpose of securing a fair price for their product, a union of brandy growers in France has been accomplished, with the view of shipment to the United States.

The name of the consolidation is the Central Society of Vineyard Proprietors of Cognac, under the general management and the direction of M. Reddon, President, a Vice President, and a Committee of Inspection of eight members. The society itself numbers five hundred vineyard proprietors, amongst them some of the most influential noblesse in the neighborhood of Cognac, who contribute, under certain by-laws, the entire growth of their vineyards to the general fund of the society, the present capital of which is three million francs. The advantages to be obtained from this combination are so apparent as to render unnecessary any further comment on the subject; nevertheless, it may be worthy of observation, that five features in this society possess a more striking claim to public attention than the fusion of interest effected between buyer and seller. Since all are shareholders, it necessarily becomes the interest of each individual to contribute by every means in his power to uphold the reputation which the society is endeavoring to earn, for shipment of the best qualities of brandies. For this purpose a clause introduced in the statutes (article 40) renders it imperative that shareholders shall supply the society with the very best Cognac brandies, otherwise they incur the liability of an entire forfeiture of their shares.

The undersigned, sole agents in the United States for the Central Society of Vineyard Proprietors of Cognac, would solicit the attention of merchants, hotel keepers, grocers and others to the advantages now on hand, confident that they will compare more favorably than without article now in the market, and at prices below the standard of even ordinary Cognacs. DR VENOGE & CHARLES.
