The Court met yesterday, and after a session of one hour adjourned. The business for the term is completed, except some chancery cases which will be taken up to-day. The next term of the U. B. District Court will begin in Ortober. I and of the Circuit Court, in Norenber next. The case of the Commonwealth of Fennsylra-eis w. The United States was brought up and so erranged as to be adjunited to a jury trial at the nart term. The case involves the question which re the State has the right or power to tax the property of the United States atinated with-in'its limits. The property involved is the lot, building, fac, on the corner of Penn street and Gairison alley, in this aity. The taxes have been maid by government for many years, but now that the smount of tax is nearly \$400, it refuses on the ground that the State has no right to tax. Judge Grier has decided in a similar case tried in the Eastern District, where the U. S. Mint, the Nary Yard and the Carliale Barneks; were involved, that the State has no such right and accordingly no taxes are now assessed upon them Tha case is reported in Srd Wallace.
