Mr. EDITOR: Slavery and Freedom cannot long exist, on an equal footing, in any portion of the habitable earth. They are, naturally, the antipodes of each other, and as diametrically opposed as darkness and light, or hell and heaven. If one advances the other recedes; if one achieves a victory the other experiences a defeat; if one grows in favor the other sinks into contempt.—
There never was a more fallacious sentiment uttered by a distinguished man, making pretensions to extraordinary statemanship, than that spoken some years since by the Hon. John C. Cathoun, who avered that "the peculiar institution was the s: est-anchor of our liberties" The concerse of this declaration is "the truth, the whole truth, and nothing but the truth."

THE AMERICAN SHIF THAT CARRIED ARMS TO RUSSIA.—The London papers have got hold of a curious story, to the effect that an American ship had reached Port Baltic, ostensibly loaded with cotton, but in reality having on board besides cotton, 50,000 rifles and 5,000 revolvers.—The equanimity of the London Standard appears to be disturbed by this story. On recurring to our files, we find that the ship Samuel Appleton, Capt. Doane, cleared at this port February 22d, for the Baltic, by Cunningham Bros. She had for passengers, Arthur Cunningham and Thos. H. Haskell, and her manifest showed that she carried 804 bales of cotton. Litters received by a previous steamer announced the arrival of the Samuel Appleton at Port. Baltic, whence she would sail for Revel. This is undoubtedly the ship referred to, but that she had arms on board, we suggest is a Russiam hoax, for the especial delectation of gouty John Bull.—Boston—Jour.—

The Greencastle, Indians, Banner says large quantities of hoga in that vicinity are contracted to persons who are engaged to supply the British army in the Crimes. 4,000 hogs were killed for that jurpose during the last month, and 40,00 have been contracted for in other parts of the State.
