"The Executive Know Nothing Council of the "The Scheduler Know Rothing Counting of The Senate of New Champante has construct righted by a number of Pennsylvania delogates, and published in this morning's Thuss, and decided gamint the delogates and is favor of the action of the Senate of New Champante has construct units action of the House on the Senatorial question. Messars. Bell and Hale are therefore Question. Messars. Bell and Hale are therefore United States Senators from that State, the for-mer for aix years and the latter for four.

published in this morning's Thus, and deaded question. Measure Den and make are bistreored against the didgites and in favor of the action of the control the didgites and in favor of the action of the control the didgites and in favor of the action of the control the didgites and in favor of the action of the control the didgites and in favor of the action of the control the formation of the control the didgites and in favor of the control the formation and the Name of the control the formation and the control the formation of the control the formation and the control the formation of t

therein take warning and escape in season. The rain which fell in this region on Satur-day night was the heaviest with which we have been visited for a long period. It commences during abortly after seven and continued till near mid-night, pouring down in perfect torrents during the whole of that time, with the accompaniment of thunder and lightning. As it was a thunder storm we presume it cannot have been wide-gread. It extended to the north of us suffi-lens than treaty-four hours. The little runn and creaks were swollen beyond all former feet in less than treaty-four hours. The little runn and creaks were swollen beyond all former running and creaks were swollen beyond all former running and creaks were swollen beyond all former reply was, "was in the secure of collection, overflowing their banks, deluging ittes." In less than twenty-four hours. The little runs and creeks were swollen boyond all formar roo-ollection, overflowing their banks, deluging fields, carrying away fences and bridges, and leaving marks of devantation throughout their entire course. We have not yet been able to gather full initialigence of the injury done, but our local reporter has embodied all the facts it was possible to collect. The railroads are suf-farger, of course, but not sufficiently no to inter-rupt traval seriously. The Canal, st a few miler above the City, is damaged to a heavy extent, injured. The principal strength of the storm appears to as form the july done to the orops will not, we think, prove very extensive. The first reports of such disasters are always exaggented, for after such a storm things low worse that first purch and where such all for stores and reported that the polloc to the balling three or four solidery fired for the biling ures or four solidery fired for the biling ures or four solidery fired for the biling three or four solidery fired for the to book worse that thy result are storm things low worse that they result so a storm things low worse that the thing yres or siderable. We heave of one instance in which not only the corn on a hill-side was washed away but the soil on which it was growing, leaving the sandy sub-soil bars. But such has been at heave or fact out the soli on which it was growing, leaving the sady sub-soli bare. But such instances, we judge, are not general. The wheat being heavy and strong was not much hurt, in any case; and wherever, the norm fields escaped washing the

min ac bent B: Maria containing 100 acres in Maryustis townably. Dis undivided f urth of 185 arres of copper and arrest tral lands in actions of the make be, north of mary set fine and the set of the make be, north of mary set fine and the set of the mark of the set of the set of the set of the mark of the set of the set of the set of the mark of the set of the s DEAF AND DUMB LADY wants em-

Several opposed the introduction of such an article, and others warmly advocated it. Mr. Seymour of New York spoke in enthusi-asite terms of Wm. H. Seward as a man likely to asite terms of Wm. H. Seward as a man likely to

astic terms of Wm. H. Seward as a man likely to scoure as many votes, if not more, than any other main in the Free States. Mr. Hanscom of Massachusetts in a pungent and deoidedly able speech opposed what seemed to him an attempt to commit this organisation to any particular individual. He thought weahould remember that there were other States than New York. He thought weahould a state that New

aby particle that there were other States than New York. He thought there was such a place as the West; and he had heard of a man named Chase. [Applause.] Mesers. Valle of indians, Prince of Massachu-setts, Johnson of Pennsylvanis, [not W. F.] Kel-ler of Ohio and others, followed on the same side in speches of much spirit and ability. Mr. Prince spoke in the highest terms of Mr.

air. Frince spose in the nignest terms of Mr. Seward's ability, statemanhip and character, and thought if he was insuinated under favora-ble assignes he would sweep the Free States like a whirwind. Still be considered it premature

judge, are not general. The wheat being heavy and strong was not much hurt, in any case; and wherever the corn fields escaped washing the growth looks beautiful, the warm and moist growth looks beautiful, the warm and moist ingly. This Know Sommuna.—We have given the platform of this body, as recently adopted it and strong was recently adopted it first is action we take from dispatches in the cleveland. The following saillound foot region the fairman, reported y startage for the state out do carried on the platform of this body, as recently adopted it as action we take from dispatches in the North withdrew from the National K. N. Con-vention, when it was settled that they must on choose between freedom and Slavery. We but growt have take from dispatches in the N.T. Twane: Curvaiand, Friday, June 15, 1855.—The Committee choese to draft a Constitution for the National Organization—Mr. Prince of Massachu-seets, Chairman, reported y startage affect or the platform proposed by the South. In plus of all efforts to the contrary, the issue of the and any more the following offi-orre: President, Yice President, Secretage affect or the following offi-orre: President in the lower House of Con-grees. An asimised discussion ennued upon a propo-sition to inser in the Constitution an article of the South and making independent nominatement horough fy sound upon the great absorbing queeting to do no by the failure or reflase of others in the stread oppendent nominations unleas driver to do no by the failure or reflase of the clasring that this organization does not intend making independent nominations unleas driver to do no by the failure or reflase of other the Sizee Power. Several Leaguees the introduction of such as the Sizee Power.

The globicus thirteen states will preval, even as they did in the great struggle for liberty in 1776. The number is colorus of the triamph of the right.—One Standard.

of the right.—OA0 Standard. GENERAL BOOT.—The statement that the Sco-refary-of. War has refused to pay the arrears due to General Booti, under the resolution and ap-pointment conterving upon him the rank of Lico-tenant General, is said to be not correct. The whole mattiff has been submitted to the Attorney General. It is supposed that the arrears of pay-and allowances due, under a very sitingent con-struction of the resolution or act of Congress on the subject, may be reduced to \$23,000. Under a liberal construction, the amount of these dues is normals of \$46,000. The proper construction is led to the law officer.

There is no proting in the statement that Mr. Albert Morgan, of Boston, has been left a large fortune by a member of the Erabite family in Regiand
