HOPPER'S PATENT PLANE.

THE undersigned is prepared to supply CARPENTERS, CABINET-MAKERS, and Workers in Wood, with his Patented Self-Setting Plane.

All who have tried it pronounce it a most valuable invention, that saves much time into pocket; see the following letters from practical workmen are but two among hundreds that have been received from Chairmen Ship and Plane above all others in use.

PITTSBURGH STEAM CARRIAGE FACTORY,
February 19, 1855.

We hereby certify, that during the last twelve months we have used Hopper's Patent Plane, and do not hesitate to recommend it to Cabinet-Makers and Carpenters as superior to any other. Most of the work is of a peculiar kind, adapted to planing oak, cherry, walnut and all sorts of hard wood, and for planing veneers, it is far superior to any other plane we have ever used, being a first rate saving of time. One man, by using this Plane, will plane more veneers than five men in the old way of using one hand plane. E. H. EVANS & CO.

To MESSRS P. HATON, Esq.:
Dear Sir—I have examined Hopper's Patent Bench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination of plane and scraper.

It is particularly adapted to planing veneers, and it does not require one-fourth the time or labor of the old method, and I have no doubt, when its properties become generally known, that it will entirely supersede the present tedious and laborious custom.

I can cheerfully recommend it to all persons using the article, believing that it will entirely supersede the old method. Yours, &c., JAMES W. WOODWELL,
Foreman Wheeling, Pittsburgh and Steubenville Railroad Shops.

PITTSBURGH, Pa., Nov. 27, 1854.

MESSRS. HOPPER, SON & CO.:
GENTLEMEN—I have this day appointed you Agent for the sale of Planes, or as of right to manufacture, in this city.
Yours, &c. WM. C. HOPPER.

IN the numerous suspensions of Bankers and Brokers throughout the country, during the last six months, we are satisfied that in almost every instance their Accounts have grown out of a departure from their legitimate business, and we therefore take occasion to assure the public, in advance, that no speculations in "margin stocks," or other "outside operations," shall keep us from the strict and legitimate line of our business, believing that, by avoiding all such investments, we shall not only be better able to serve our customers and ensure their safety, but that in adopting such a course we shall promote our own ultimate benefit. ed WILKINS & CO.
