THE PITTSBURGH ANNUAL CONFERENCE OF THE M. E. CHURCH, closed its annual session, which was held at Johnstown, on Wednesday evening last. The appointments of the Ministers for the ensuing year will be found in another column. The following Ministers were elected Delegates to the General Conference, which meets in Indianapolis next May, to wit:

L. N. Baird, John Maffit, James Henderson, Wm. Cox, W. F. Lauck, Robert Boyd, John Barker, Samuel Wakefield. Reserves, T. M. Hudson, J. G. Sansom.

A resolution was passed nearly unanimously requesting the General Conference to change the rules of the Church in regard to membership, interdicting all slaveholders in states where the laws allow of emancipation.

THE PRESIDENT THREATENING Gov. REEDER.—Gov. Reeder left for his government in Kansas on the 15th inst. He is no sooner gone, and well on his way, until he is assailed from Washington, by the President and his cabinet, as will be seen by the following correspondence, published in the Washington *Union* of Monday last.

W. L. Marcy, Esq., to Governor Reedrr.

DEPARTMENT OF STATE,
Washington, June 11, 1855.

SIR:—I am directed by the President to inform you that with the developements before him in reference to purchases of Kansas half-breed reservations made by you in the territory of Kansas, and in which, as you state, Judges Johnston and Elmore of the Supreme Court of the Territory, and Mr. Isaacs the District attorney, participated, and in reference also to other speculations by you in lands of the Territory, apparently in violation of acts of Congress, and of regulations of the department, he feels embarrassed to see how, consistently with his convictions of duty, he can allow the present official relation to the Territory of yourself, or of either of the other gentlemen named, to continue, unless the impressions which now rest upon his mind shall be removed by satisfactory explanations.

The President will, however, be glad to receive and consider any explanations which you may desire to make in regard to the character and extent of the transactions above referred to, and particularly the matters spoken of in the letter of G. W. Clarke, Indian agent, dated May 8, 1855, and addressed to the Superintendent of Indian Affairs for Kansas, a copy of which was forwarded to you at Easton on the 6th instant.

I am, sir, very respectfully, your obedient servant,
W. L. MARCY.
Hon. A. H. REEDER, care of John Cochran, Surveyor, &c., City of New York.

Gov. Reeder to W. L. Marcy, Esq.

NEW YORK, June 13, 1855.

SIR:—Your letter of the 11th, postmarked the 12th, was handed me between ten and eleven o'clock last night, after I had made all my arrangements to leave for Kansas at six o'clock this morning.

I could not remain at home to reply fully to the communication, without gross neglect of my official duties, and it is equally clear that I cannot give to the grave matters it contains, the deliberate reply they require while I am *en route* day and night. Nothing is left me, therefore, but to proceed to the Territory, and reply to your communication there. I wrote to the President yesterday, from Easton, and must express my regret that your communication was not made at an earlier day. Very respectfully, your ob't servant,
A. H. REEDER.
Hon. W. L. Marcy, Sec'ry of State, Washington.

Attorney General Cushing to the Attorney and Associate Justices of Kansas Territory.

ATTORNEY GENERAL'S OFFICE, June 14, 1855.

SIRS: I am directed by the President to inform you that in a letter from Governor Reeder, of the Territory of Kansas, to the Commissioner of Indian Affairs, to which his attention had been called by a letter of G. W. Clarke, Indian Agent, addressed to the Superintendent of Indian Affairs for Kansas, of the 8th ult., Governor Reeder makes the following observation regarding certain contracts for the purchase of lands of Kansas half-breed reserves:

"These contracts were, for convenience sake, made in the name of Judge Johnston; although it was well understood that Judge Elmore, Colonel Isaacs and myself were equally interested."

These transactions being apparently in violation of acts of Congress and of regulations of the departments, the President feels embarrassed to see how, consistently with his convictions of duty, he can allow the present official relations to the Territory of yourself, or of either of the other gentlemen named, to continue, unless the impressions which now rest upon his mind shall be removed by satisfactory explanations.

He will, however, be glad to receive and consider any explanation which you may desire to make in regard to the character and extent of the transactions in question.

I have the honor to be, respectfully,
C. CUSHING.

One copy to Hon. Sanders W. Johnston, Associate Justice Supreme Court, Kansas Territory.

One copy to Hon. Rush Elmore, Associate Justice Supreme Court, Kansas Territory.

One copy to Andrew L. Isaacs, Esq., United States Attorney, Kansas Territory.

It will be recollected that the charges indicated by Mr. Marcy, were made some months since by Mr. Commissioner Manypenny, and that since that time Mr. Reeder has been at home some two months, several weeks of which time was spent at Washington, leaving ample time for the President, if he desired to make investigations, and to require explanations from Mr. Reeder. This was not done, and it is apparent would not have been done now, unless Mr. Reeder had very properly decided on returning to his official duties in Kansas. There is no doubt that the President wished Mr. Reeder to resign, on account of his clearly manifested determination to resist the attempts of Atchison and his slaveholding allies to force slavery upon Kansas, and that resort was not made to this charge of speculating in lands until it was found that Gov. Reeder was going back, and that he could not be coerced into an acquiescence in the designs of the slaveholding conspirators and mobocrats.—The South has been calling upon the President for months past to remove Gov. Reeder on account of his alleged Freesoil proclivities, but this the President had not the courage to do, in face of the present temper of the North, and he resorts to this mean expedient, just on the eve of Reeder's departure, after all other attempts to induce him to resign had failed. If the President is honest in his alleged "embarrassment," why was not the fact made known to Gov. Reeder at once, while he was on the ground, and could have defended himself? Why wait until the last moment, and send a missile after him when he knew it could only reach him after he had concluded his arrangements, and had started on his journey. The whole proceeding smacks of a foregone determination to obey the orders of the President's Southern Masters, while the courage was lacking to do the disgraceful work in a manly and straight-forward way.

If Governor Reeder has done wrong he will have no defender in us. The question of his guilt or innocence we are not considering. We think it probable that he has done nothing but what is common on the western frontiers by Government Agents, and that his conduct, even if the allegations of Manypenny, which he denies are true, would have been passed over in silence if the President had not been seeking some excuse for his removal. What we especially complain of is the manner of the proceeding. If the President had satisfied Gov. Reeder, when he was in Washington of these charges, and asked for an explanation then, no one could have complained. The President knew that Gov. Reeder's life had been threatened for attempting to enforce the laws, and for endeavoring to carry into effect the doctrine of squatter sovereignty; he knew that his presence in the Territory was important to protect its citizens from the hostile inroads of lawless invaders; he knew that the whole North, Democrats as well as Whigs, men of all political creeds, were calling upon him to sanction Gov. Reeder's conduct in resisting the reign of mobocracy, and to send him back with his approval; and he knew also that the South were clamorous for his removal. All this he knew, and he had at the same time all the evidence before him of Gov. Reeder's alleged speculations in lands. Instead of acting promptly and manfully, he shuffles off responsibility from day to day, leaving the public to infer at one time that he approved of Gov. Reeder's conduct, and would sustain him, and at another time permitting the impression to go forth that he favored Atchison and his ruffian crew. The result shows that the latter supposition is correct: When he could no longer prevent Reeder from returning to the territory without showing his hand he sends after him a missive intending to compel him to resign, but which Reeder treated as it deserved.

Doubtless the next thing we hear will be that Gov. Reeder has been removed, and that some slaveholder, or some Doughface who will do the work required by slaveholders, has been sent to carry out the designs of the conspirators.

ADMINISTERING CHLOROFORM.—Edinburg surgeons say that they are guided in avoiding danger to life from the use of chloroform in surgical cases, not by its effect on the pulse, but by the state of breathing. They cease the administration of the vapor when the breathing becomes difficult, however favorable the pulse may appears to be. They also pay attention to the tongue as a point of great importance. When the breathing becomes difficult, or ceases, then open the mouth, seize the tip of the tongue with artery forceps, and pull it well forward. Death, it is said, would have occurred in some cases but for the use of this expedient, which affords the external air free access to the lungs.

A PRACTICAL JOKE ON AN INDIAN.—A trader in Michigan, being annoyed by a half drunken Indian, threatened to burn his bottle the next time he brought it with him. A few days afterwards the Indian appeared with his pint flask, which the trader instantly seized and thrust into the stove, the Indian making a hasty retreat. A loud explosion followed, the stove, the windows, and the trader all flying in different directions. The Indian quietly looking on, observed "Next time white man burn whiskey bottle he better see that *Dupont's* brand isn't upon it."

The Woodbury N. J. Constitution, an old Whig paper, which has sympathised with the American movement, characterizes the majority platform of the late National Council as decidedly pro-slavery, and says that, as such, it cannot receive the support of the free North and West. It adds:

"Though New Jersey did not occupy that decided position which a faithful representation demanded, the people will take care to do their own voting."

FREEDOM OF OPINION IN RUSSIA.—A letter in the Constitutional, from St. Petersburg, mentions a circumstance which has just caused consternation there. A person of large property having said at a private party, "If I would willingly give 10,000 roubles (the rouble is somewhat over 75c.) for the war, if I knew when we are to have peace," was summoned the next day before the military governor, who received him in the presence of several persons of distinction, and said, "Sir if you pledge me your word to pay this day the sum of 10,000 roubles, I am authorised to gratify your curiosity on that point to which you alluded to last evening." "I promise to pay that sum," replied the other, "well then," said the Governor, "I have to inform you that we are to have peace when you come back from the Caucasus where you are to proceed this afternoon, after having paid the sum agreed on. God be with you!" This is almost as bad as in France.

KANSAS.—A letter from a Massachusetts emigrant speaks in high terms of the fairness and firmness of Judge Lecompte, the Chief Justice of the territory, and states that in the discharge of his important duties he shows no political favor. He was very prompt and energetic in arresting the men who kidnapped and lynched Mr. Phillips, at Leavenworth, and binding them over to take their trial for assault.

SPECIAL NOTICES.

Another Case of Fever and Ague Cured

—A few days ago we recorded an astounding cure of Fever and Ague by the use of Dr. M'Lane's Liver Pills. We have now another to mention, viz: that of Mr. James Sharpe, of Madisonburg, who states that he had labored under a very severe attack of Ague and Fever, and was soon restored by the use of these Pills. Mr. Sharpe also expresses an opinion, founded on observation, that the Liver Pills are the best for bilious complaints ever offered in this section of country.

Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED LIVER PILLS, and take none else. There are other Pills, purporting to be Liver Pills, now before the public; also, his Celebrated Vermifuge, can now be had at all respectable Drug Stores in the United States, for sale by the sole proprietors, FLEMING BROTHERS, jel6-d&wtf Successors to J. The Greatest Medical Discovery OF THE AGE.

MR. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *every kind of Humor, from the worst Scrofula to a common Pimple.*

He has tried it in over fifteen hundred cases, and never failed except in two cases—both (Tremdous Sufferers.) He has now in his possession over two hundred certificates, of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will clear the system of blues.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

ALSO,

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to four bottles are warranted to cure salt rheum

Five to eight bottles will cure the worst case of scrofula

This remedy is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls, should cure every humor in the system; yet is now a fixed fact. If you have a humor it has to start There are no ifs nor ands. Burns or hot's about it quitting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I knew its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old; to old people of sixty. I have seen poor, puny, worny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound, it work quite easy, but where there is any derangement of the functions of nature, it will cause very singular reelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is gone you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man ever listened to. No change of diet is ever necessary—eat the best you can get. I have likewise an herb, which, when steeped in sweet oil, cures the dreadful swelling of the neck and under the ears. Price 50 cents. Price of the Blood Searcher $1 per bottle.

DIRECTIONS FOR USE.—Adults, one spoonful per day. Children over eight years, dessert spoonful; children between one and eight years, teaspoonful. As no rule can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

DR. KENNEDY gives personal attendance in bad cases of scrofula.

Sold, wholesale and retail, at Dr. KEYSER'S, 140 Wood street, corner of Virgin alley. feb24-wtf

As red clouds darken in the twilight,
And blackens o'er heaven's blue skylight,
So Cristadoro's Hair Dye turneth
To black the hair that redly burneth.
The curtain fish cunningly blackens the foam
When an enemy darts at the queer little enemy;
But the quick Cristadoro shall darken the Hair.
With his Dye of all dyes most efficient and rare!

Cristadoro's Excelsior Hair Dye is cold wholesale and retail at DR. HEYSER'S, 140 Wood street, at the sign of the Golden Mortar. ap27-1d&w

An ounce of fact is worth a pound of theory; and the swarm of conclusive facts that cluster around that incomparable preparation, Hostand's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, establishing its value as a tonic and restorative, are such as would prevent incredulity itself from questioning its efficacy. In all cases of disease of the stomach, whether acute or chronic, it may be recommended for its searching, genial and renovating influence. Dyspepsia, heartburn, loss of appetite, nausea, nervous tremors, relaxation and debility, &c., are relieved by the Bitters in a very short space of time, and a permanent cure in their use now fails to work a thorough cure. A Secret for the Ladies—How to preserve BEAUTY—Don't use Chalk, Lilly White, or any of the so called cosmetics; as conceal a faded or sallow complexion If you would have the roses brought back to your cheek a clear, healthy and transparent skin, and lips and vigor of health throughout the system, get a bottle of Carter's Spanish Mixture, and take it according to directions. It does not taste quite as well as your sweet-meats, but, if after a few doses you do not find your health and beauty returning, your appetite improving, your whole system refreshed and invigorated like a spring morning, then your case is hopeless, and all the valuable certificates we possess, go for naught. It is the greatest panther of the blood known; is perfectly harmless, and at the same time powerfully efficacious.
