HOPPER'S PATENT PLANE.

THE undersigned is prepared to supply CARPENTERS, CABINET-MAKERS, and Workers in Wood generally, with his Patent Plane, which has already been tried it possesses it a most valuable improvement, and must soon come into general use. The following letters from practical men will be sufficient to bear testimony to the Patentee has received recommending this Plane to the public:

PITTSBURGH STEAM CHAIR FACTORY, February 15, 1855.

Mr. Hopper: Sir, during the last twelve months we have used your Plane, and do not hesitate to recommend it to Cabinet Makers, and Chair makers, as we have not found any other Plane in use. We consider it peculiarly adapted to planing cherry, walnut and all sorts of hard wood, and for planing veneers, it is far superior to the old mode of veneering, besides being a great saving of time. One man, by using this Plane, will plane more veneers in five hours than two can do by any other plane or method now in use. E. H. RYAN & CO.

PITTSBURGH, March 21, 1855.

Mr. Hopper: Sir, I have examined Hopper's Patent Bench Plane, and believe it to be a most excellent article for the purpose which it is intended, as a combination of plane and veneer.

It is particularly adapted to planing veneers and it does not bend the veneer in the least degree, as the old method, and I have no doubt, when its general usefulness is known, but that it will entirely supersede the former method of planing veneers.

It is also peculiarly well adapted to all persons engaged in the Cabinet business, as from my knowledge of it there is nothing so well fitted to give a smooth and beautiful finish to veneers as the Hopper Patent Bench Plane.

JAMES W. GRAHAM, Furniture Warerooms, 67, 69 Third st, Pittsburgh.
